

EuroSciCon

20th European Annual Conference on

# Advance and Energy Materials

October 07-09, 2019
Osaka, Japan

Theme: Exploring innovations in the field of Materials Technology and Energy Science

EuroSciCon

Advanced Materials

2019

# Invitation

20th European Annual Conference on Advance and Energy Materials brings together the specialists from all the aspects to meet and discuss the future of Advanced Materials in today's world. The conference will bring together Directors, Energy scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Researchers and Students, Research companies and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Advance and Energy Materials.

EuroSciCon

# A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

October 07-09, 2019
Osaka, Japan

EuroSciCon

# Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

**Our International Open Access Journals:**

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

**Our International Scientific Conferences:**

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

## Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

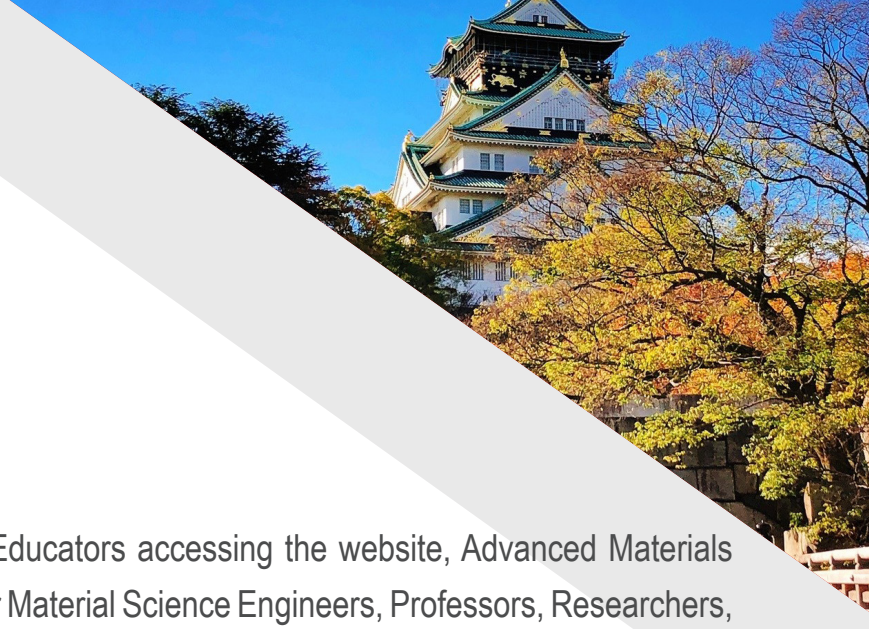

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ professionals and Educators accessing the website, Advanced Materials 2019 is the most lucrative platform for Material Science Engineers, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

## Advance and Energy Materials 2019 Sailent Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

*Congregate with most senior executives*
*Nurture connexions*
*Agenda format which incorporates ample Q&A time*
*Partake in our revamped exhibitor expo sessions*
*Meet and listen to the relevant clients*
*Unprecedented growth creating an unparalleled market place*

October 07-09, 2019
Osaka, Japan

## How's EuroSciCon different?

*Exercises your creative instincts with the live knowledge experience*
*It organizes 300+ Conferences across the globe connecting different sciences in 30+ countries*
*Over 25 Million+ Visitors and 20000+ Unique Visitors per conference*
*World's leading industries and companies attend*
*Career guidance for early career researchers and students*
*Provides insights you need to take your research to the next level*
*A huge conclave of high tech and science priests*

EuroSciCon

# Who'd be attending?

The conference will bring together Directors, Aerospace scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Researchers and Students, Research companies, and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Material Science and Technology.

## About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Engineering Communication it focuses on to Spearheading the Transformation of Research into Knowledge through Scientific Gatherings and Networking. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

## Scientific Sessions:

- Advanced energy materials
- Modelling and simulation in Energy materials
- Fuel cells
- Thin Films and Surface Science
- Concentrating Solar Power Materials and Systems
- Sustainable Energy Materials Conversion
- 3D Microstructural Characterization of Materials
- Advanced Graphene Materials
- Hydrogen Energy
- Crystalline Porous Materials
- Catalysis and Energy Materials
- Polymer Energy Materials
- Advanced Nanomaterials
- Biomaterials for Energy Production
- Emerging Technologies for Energy Applications
- Energy Harvesting Materials
- Batteries and Energy Storage
- Nuclear Materials and Energy
- Geothermal Energy
- Electrochemical energy conversion
- Automotive Technologies and Fuel Economy
- Systems Dynamics & Sustainable Energy
- Smart Power Grids
- Fossil Energy
- Solidification of Energy Materials

EuroSciCon

# About Destination Japan

Osaka is a doled out city in the Kansai area of Japan. It is the capital city of Osaka Prefecture and the greatest piece of the Keihanshin Metropolitan Area, the second greatest metropolitan zone in Japan and among the greatest on the planet with in excess of 19 million tenants. Masterminded at the mouth of the Yodo River on Osaka Bay, Osaka is the second greatest city in Japan by daytime masses after Tokyo's 23 wards and the third greatest city by night people after Tokyo's 23 wards and Yokohama, filling in as a critical money related focus point for the country.Historically a merchant city, Osaka has moreover been known as the "nation's kitchen". It is arranged in the damp subtropical air zone, with four unquestionable seasons. Its winters are generally delicate, with January being the coldest month having a typical high of 9.3 °C.Osaka experiences a second stormy period in September and early October, when tropical atmosphere systems, including sea tempests, starting from the south or southwest are possible.Osaka is served by two air terminals outside of the city, Kansai International Airport which handles fundamentally worldwide voyager flights and Osaka International Airport which handles for the most part nearby organizations and some all inclusive cargo flights.DÅ•tonbori is Osaka's basic vacationer and nightlife district. Namba and Shinsaibashi district are Located alongside one another in Minami, offering shopping, diners and move club running all the live long day
