

EuroSciCon

EuroSciCon Conference on

Advanced Stem Cells & Regenerative Medicine

Dec 03-04, 2018
Valencia, Spain

Theme:

Advanced Stem Cells and Regenerative Medicine: The Here and Now and Future of our Field

EuroSciCon

Advanced Stem Cells

2018

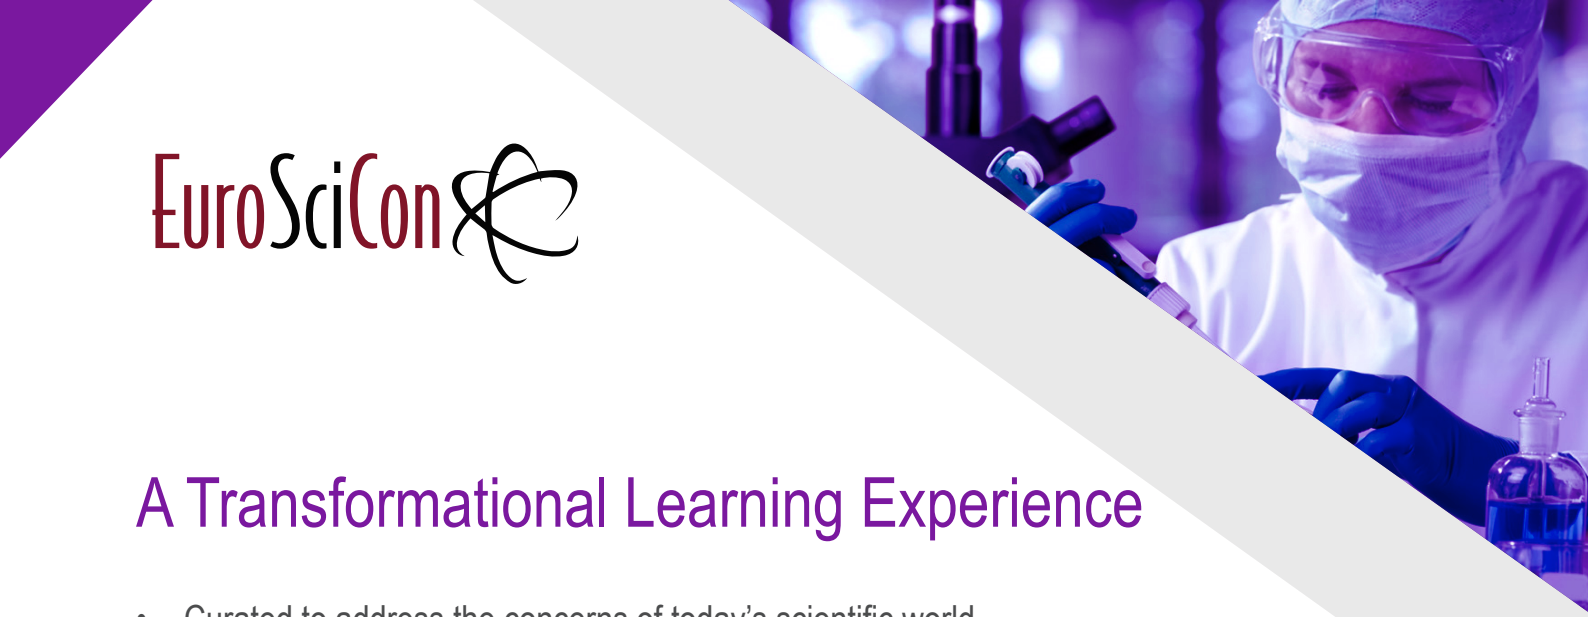

Invitation

The Euroscicon is proud to host the International Conference on Advanced Stem Cells Dec 03-04, 2018 Valencia, Spain. The theme of this year's conference is Advanced Stem Cells And Regenerative Medicine. Advanced Stem Cells 2018 conference will serve as a global platform for the discussion of new trends in clinical and medical research; the detection of new drug side effects their and potential uses; a way of sharing lessons learned in disease development and prognosis. We take this opportunity to invite delegates from Universities and Institutes all over the world in related disciplines, professionals and experts in the field of Advanced Stem Cells And Regenerative Medicine all over the globe.

With a broad array of keynote presentations, oral presentations and poster sessions Advanced Stem Cells 2018 conference will be a perfect place to showcase your research experiences and broaden the scope of your knowledge beyond your particular field of interest.

Again, we cordially invite all the participants to help make this event a grand success.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Advanced Stem Cells

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

Advanced Stem Cells 2018 conference Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

One- on -one interaction with eminent scientists and experts in the clinical and medical research field.

Networking with peers or sponsors for continuing research.

Learning new insights about the advances in medicine and related fields.

Getting recognized in a global platform and discussing research ideas or topics with professors, scientists and scholars

Dec 03-04, 2018
Valencia, Spain

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Advanced Stem Cells

2018

Who'd be attending?

Deans, Vice Deans & Vice Presidents of Medical Institutions and Hospital.

Directors and Chairs of Medical Councils and funding institutions.

Professors and experts from academia who are in the field of medicine, pharmacy and clinical research.

Students and research fellows from research institutes, medicine, pharmacy and research centers.

Physicians, Business Delegates, Directors, Managers,Business Intelligence Experts, Departmental Managers.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Embryonic stem cells
- Tissue-specific stem cells
- Mesenchymal stem cells
- Induced pluripotent stem cells 3D Bioprinting & Biofabrication
- Self-Renewal
- Proliferation
- Migration
- Differentiation
- Bone Marrow niche- Dynamic/Hyperactive
- Neural niche- Slow Reactive
- Cell surface Markers Therapy
- Potential Surface Biomarkers
- Colorectal cancer
- Breast cancer
- Engineering skin
- Engineering the skeleton
- Cardiovascular system
- Rehabilitation robotics
- Virtual Rehabilitation
- Bio Artificial Windpipe
- Artificial Organs
- Artificial Skin
- Brain computer Interfaces
- Reconstructive Surgery
- Advanced Kinematics
- Rehabilitation robotics
- Virtual Rehabilitation
- Bio Artificial Windpipe
- Artificial Organs
- Artificial Skin
- Brain computer Interfaces
- Reconstructive Surgery
- Advanced Kinematics
- Stem cell Regeneration Therapy

About Destination Valencia, Spain

Valencia officially located on the east coast of Spain. It is the capital of the autonomous community of Valencia. The third largest city in Spain after Madrid and Barcelona, with around 800,000 residents in the administrative center. Its urban area extends beyond the administrative city limits with a population of around 1.5–1.6 million persons. Valencia is Spain's third largest metropolitan area, with a population ranging from 1.7 to 2.5 million depending on how the metropolitan area is defined. The Port of Valencia is introduced as the 5th busiest container port in Europe. The city was founded as a Roman colony by the consul Decimus Junius Brutus Callaicus in 138 BC, and was called Valentia Edetanorum. The city is situated on the banks of the Turia, on the east coast of the Iberian Peninsula, fronting the Gulf of Valencia on the Mediterranean Sea. Valencia, the name itself gives the images of Oranges, Sun, & Sand. The city enjoys 320 days a year of magnificent sunshine. It is an ideal place to live & be outside enjoying the River Gardens, sitting at a cafe, exploring mountains over there & the fields that surround the city. It has all the cultural, educational and gastronomic benefits of a huge city. Authentic Spanish lifestyle has grown up its vibrant modern city. It is known as a fantastic place to raise a family. Valencia has numerous play areas, Bio Park Zoo and Oceanagrafic Aquarium are the places to visit again and again. There are so many things to see and one can spent the whole day just at the City of Arts & Sciences, there are some great museums even. There is no need to stick to a rigid plan one can have various plans for a day.
