World Congress on

Alzheimer's and Dementia

Theme:

Exploring innovative ideas on treatment of Dementia and Alzheimer's

EuroSciCon

Alzheimers and Dementia

2018

Invitation

Welcome to Amsterdam, the capital and most populous municipality of Netherlands, and experience neuroscience illuminated as never before. EuroSciCon is proud to host the World Congress on Alzheimer's and Dementia, December 6-7, 2018 in Amsterdam, Netherland. This year's theme is Reconnoitering facets and intense novelties in Alzheimer's and Dementia for futuristic challenges.

Alzheimer's and Dementia 2018 will provide an extraordinary opportunity for Psychologists and Neurologists of all strips and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Psychologists, Neurologists, Pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, Alzheimer's and Dementia Conference is the perfect venue not only to dive into your field of neuroscience interests but also to expand the scope of your knowledge. 25 tracks are devoted to subjects such as the Alzheimers disease and dementia, fronto temporal dementia, vascular dementia, mixed dementia, lewybody dementia, drug development in dementia, neuro imaging and many more.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Psychological forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Alzheimers and Dementia

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ neurologist and pharmacologists accessing the website, Alzheimers and Dementia 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Alzheimers and Dementia 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

December 6-7, 2018
Amsterdam, Netherland

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Alzheimers and Dementia

2018

Who'd be attending?

World Congress on Alzheimer's and Dementia plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently neurologist Consultants, Researchers, Professors, Doctors, Directors, Member of Association and societies, Pharmaceutical company and industralists and others who stay plunged in learning and practice of neuroscience.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Alzheimer's disease and dementia
- Behavioural problems in Alzheimer's disease
- Fronto temporal Dementia
- Vascular Dementia
- Mixed Dementia
- Lewy body Dementia
- Alzheimer's disease and Pathogenesis mechanism
- Clinical trails on alzhemiers disease
- Alzheimer's disease cause
- Alzhemiers care practice
- Drug development in dementia
- Management of dementia
- Nursing care in dementia
- Recent advancement in dementia
- Neuro imaging
- Biomarkers for dementia
- Animal model for dementia reserach
- Therapeutic approach towards dementia
- Risk factors and prevention
- Progonis of dementia
- Insulin resistance on development of dementia
- Current research and stratigies
- Neuro degeneration and genetics
- Amyloid protein in dementia
- Marketing Stratigies of dementia

About Amsterdam

Birmingham is a foremost city in England's West Midlands region. Birmingham is the fourth-most visited city in the UK by foreign visitors. Birmingham nurtured to international eminence in the 18th century at the heart of the Midlands Enlightenment and consequent Industrial Revolution, which saw the town at the forefront of worldwide progresses in science, technology, and economic development, generating a series of innovations that laid many of the foundations of modern industrial society.

Today Birmingham's economy is ruled by the service sector. The city is a key international commercial center, ranked as a gamma+ world city by the Globalization and World Cities Research Network and an significant transport, retail, events and conference hub.

The most important origination in British history, the industrial steam engine, was invented in Birmingham. Its resulting high level of social mobility also brings up a culture of broad-based political radicalism.

Birmingham's major cultural institutions counting The Birmingham Repertory Theatre, The City of Birmingham Symphony Orchestra, The Library of Birmingham and The Barber Institute of Fine Arts, The Birmingham Royal Ballet, and the city has exciting and significant grassroots art, music, literary and culinary scenes.

Birmingham's sporting legacy can be felt worldwide, with the concept of the Tennis and Football League both originating from the city. Its most popular football club Aston Villa has won one European Cup and seven league titles with the other proficient club being Birmingham City. Birmingham will host the Commonwealth Games in 2022.

People from Birmingham are called Brummies, a term resulting from the city's nickname of Brum. This initiates from the city's dialect name, Brummagem, which may in turn have been derived from one of the city's former names, Bromwicham. There is a distinctive Brummie accent and idiom.
