EuroSciCon

Analytical Chemistry

February 28-March 01

London, UK

2019

Analytical Chemistry

http://analyticalchemistry.euroscicon.com/

Day 1, Agenda

General Session

08:00 AM — INTRODUCTION

09:00 AM — PLENARY

10:00 AM — KEYNOTE

Networking & Refreshments Break @ Foyer

	HALL 01	HALL 02	HALL 03
11:00 AM	Talks On: **Novel Approaches to Analytical and Bioanalytical Methods**	Talks On: **Method Development and Validation Reports**	Talks On: **Quality Assurance in Analytical Chemistry**
	Talks On: **Recent Advances in Emerging Imaging Techniques**	Talks On: **Analytical Methodology**	Talks On: **Electro Analytical Techniques**
	SESSION DISCUSSION	**SESSION DISCUSSION**	**SESSION DISCUSSION**
02:00 PM	Panel Over: **Drug Screening: Strategy and Methods**	Panel Over: **HPLC Analytical Method Development and Validation**	Panel Over: **Bioanalytical Methodology**
	Workshop On: **Diverse Applications: Biologics, Diagnostics, and Toxicology**	Workshop On: **Bioanalytical Method Development and Validation**	Workshop On: **Analytical Proteomics and Metabolomics**
	Lunch Break @ Restaurant	***Lunch Break @ Restaurant***	***Lunch Break @ Restaurant***
04:00 PM	Talks On: **Chromatograpic Techniques**	Talks On: **Gas Chromatography**	Talks On: **Chiral Columns Chromatography**
	Lectures on: **Ion Exchange Chromatography**	Lectures on: **Environmental Analytical Chemistry**	Lectures on: **Environmental Monitoring**
06:00 PM	Session On: **Environmental Chemistry and Engineering**	Session On: **Environmental Toxicology and Mutagenicity**	Session On: **Electrophoresis**
	NETWORKING	**NETWORKING**	**NETWORKING**

Day 2, Agenda

General Session

08:00 AM — INTRODUCTION

09:00 AM — PLENARY

10:00 AM — KEYNOTE

Networking & Refreshments Break @ Foyer

	HALL 01	HALL 02	HALL 03
11:00 AM	Talks On: **Affinity Electrophoresis**	Talks On: **Immunoelectrophoresis**	Talks On: **Gel Electrophoresis**
	Talks On: **Advancements in Mass Spectrometry**	Talks On: **NMR Crystallography**	Talks On: **COSY (Correlation Spectroscopy)**
	SESSION DISCUSSION	**SESSION DISCUSSION**	**SESSION DISCUSSION**
02:00 PM	Panel Over: **Forensic Analysis**	Panel Over: **Forensic Anthropology**	Panel Over: **Forensic Engineering**
	Workshop On: **Forensic Entomology**	Workshop On: **Advances in Separation Techniques**	Workshop On: **Chromatography as a Separation Technique**
	Lunch Break @ Restaurant	***Lunch Break @ Restaurant***	***Lunch Break @ Restaurant***
04:00 PM	Talks On: **Advancements in Sample Preparation Techniques**	Talks On: **Applications of Separation Techniques**	Talks On: **Analytical Biotechnology**
	Lectures on: **Raman Spectroscopy**	Lectures on: **FTIR**	Lectures on: **X-Ray Crystallography**
06:00 PM	Session On: **Pharmaceutical Analysis**	Session On: **Absorption Spectroscopy in Pharmaceutical Analysis**	Session On: **Modern Pharmaceutical Analysis**
	NETWORKING	**NETWORKING**	**NETWORKING**

PLAN A TRIP TO London:
DESTINATION OF Analytical Chemistry 2019

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of the island of Great Britain, London has been a major settlement for two millennia. It was founded by the Romans, who named it Londinium. London's ancient core, the City of London, largely retains its 1.12-square-mile (2.9 km2) medieval boundaries. Since at least the 19th century, "London" has also referred to the metropolis around this core, historically split between Middlesex, Essex, Surrey, Kent and Hertfordshire, which today largely makes up Greater London,a region governed by the Mayor of London and the London Assembly.London is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is the world's largest financial centre and has the fifth or sixth largest metropolitan area GDP in the world. London is often regarded as a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport systemmeasured by passenger traffic. It is the world's leading investment destination, hosting more international retailers and ultra high-net-worth individuals than any other city. London's universities form the largest concentration of higher education institutes in Europe. In 2012, London became the first city to have hosted the modern Summer Olympic Games three times. London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich (in which the Royal Observatory, Greenwichdefines the Prime Meridian, 0° longitude, and GMT). Other landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Natural History Museum, Tate Modern, British Library and West End theatres. The London Underground is the oldest underground railway network in the world.
