Magic Bullets Targeting Deadly Microbes and Improving World Health

EuroSciCon

Antibiotics

2018

Invitation

Welcome to Edinburgh, one of the most popular tourist destination. 6th Edition of International Conference on Antibiotics, Antimicrobials & Resistance and experience the science of antibiotics illuminated as never before. EuroSciCon is proud to host the 6th Edition of International Conference on Antibiotics, Antimicrobials & Resistance, October 11-12, 2018 in Edinburgh, Scotland. This year's theme is Magic Bullets Targeting Deadly Microbes and Improving World Health. Antibiotics 2018 will provide an unprecedented opportunity for medical and clinical professionals of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite medical professionals, professors, researchers, pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Antibiotics Conference is the perfect venue not only to dive into your particular Antibiotics, Antimicrobials & Resistance interests but also to expand the scope of your knowledge. 18 tracks are devoted to subjects such as the Discovery of Antibiotics, Antibiotic Therapy, Production in Antibiotics, Antibiotic Resistance and Prevention, Antimicrobial resistance, Drug Discovery Technologies in Antibiotics, Pharmacology of Antibiotics, Medical Use of Antibiotics, Antibiotics for emerging and Re-emerging Diseases, Interaction and Side-effects of Antibiotics, Antibiotics Overuse and Resistance, Mechanisms of Antibacterial Resistance, Genetics of Antimicrobial Resistance and Alternatives to antibiotics.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant medical professionals forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ medical and pharmaceutical professionals accessing the website, Antibiotics 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Antibiotics 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

Antibiotics

2018

Who'd be attending?

6th Edition of International Conference on Antibiotics, Antimicrobials & Resistance plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently medical and pharmaceutical professionals, researchers, academia, labs, Drug Manufacturers, government agencies, health professionals, hospitals, young investigators, pharma and labs and others who stay plunged in learning and practice of the science of Antibiotics and resistance.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Discovery of Antibiotics
- Antibiotic Therapy
- Production in Antibiotics
- Antibiotic Resistance and Prevention
- Antimicrobial resistance
- Drug Discovery Technologies in Antibiotics
- Pharmacology of Antibiotics
- Medical Use of Antibiotics
- Antibiotics for emerging and Re-emerging Diseases
- Antibiotics in Oncology
- Antibiotics of Veterinary Importance
- Interaction and Side-effects of Antibiotics
- Antibiotics Overuse and Resistance
- The next Generation Approach of Antibiotics
- Mechanisms of Antibacterial Resistance
- Genetics of Antimicrobial Resistance
- Alternatives to antibiotics
- Antibiotics: Countries

About Destination Edinburgh

Edinburgh is the capital city of Scotland and one of its 32 local government council areas. It is located in Lothian on the Firth of Forth's southern shore. Recognised as the capital of Scotland since at least the 15th century, Edinburgh is home to the Scottish Parliament and the seat of the monarchy in Scotland. The city has long been a Centre of education, particularly in the fields of medicine, Scots law, literature, the sciences and engineering. It is the largest financial Centre in the UK after London. The city's historical and cultural attractions have made it the United Kingdom's second most popular tourist destination after London, attracting over one million overseas visitors each year.

Edinburgh has the strongest economy of any city in the United Kingdom outside London and the highest percentage of professionals in the UK with 43% of the population holding a degree-level or professional qualification. According to the Centre for International Competitiveness, it is the most competitive large city in the United Kingdom. It also has the highest gross value added per employee of any city in the UK outside London, measuring £57,594 in 2010. It was named European Best Large City of the Future for Foreign Direct Investment and Best Large City for Foreign Direct Investment Strategy in the Financial Times fDi magazine awards 2012/13.
