

EuroSciCon

EuroSciCon Conference on

# Bacteriology

March 04-06, 2019

Amsterdam, Netherlands

Theme:

Innovative Research and Advancements in Bacteriology

# Invitation

Amsterdam is the capital of Netherlands. Amsterdam is a beautiful place to visit, from the famous Amsterdam canals to world-famous Amsterdam museums and historical Amsterdam sights. It is one of the most romantic and beautiful cities in Europe. It has various out of date blessed spots and various grand show corridors and what's more the business capital of the Netherlands and outstanding amongst other cash related concentrations in Europe. After successful completion of Bacteriology 2018 EuroSciCon is delighted to host the EuroSciCon Conference on Bacteriology, March 04-06, 2019 in Amsterdam, Netherlands. The theme of the conference focuses on Innovative Research and Advancements in Bacteriology. Bacteriology 2019 will give a phenomenal chance to scientists to impart their exploration to partners by discussing the most recent advances in the field. We invite Eminent Scientists/Research Professors in the field of Microbial, Junior/Senior research colleagues, Students, Directors of Microbiology look into organizations, Researchers, microbiologists associations and exhibitors from Microbial Industries. Agents from different pharma and instrumental organizations from everywhere throughout the world are invited to go to this renowned conference on Bacteriology 2019. With a wide exhibit of keynote presentations, board discussions, workshops, and notice sessions, the Bacteriology 2019 Conference is the ideal setting not exclusively to plunge into your specific physicist's interests yet in addition to expand the extent of your insight. There are 18tracks which are given to subjects, for example, Microbiology, Bacteriology And Infectious Diseases, Bacterial Biochemistry, Bacterial Diseases In Humans, Bacteriology In Public Health, Food Bacteriology, Plant Bacteriology, Phyto Bacteriology, Animal Modeling And Veterinary Bacteriology, Applied Microbiology, Medical Microbiology, Dairy Microbiology, Aquatic Microbiology, Forensic Microbiology, Microbial Immunology. The Organizing Committee has done its best to set up a system that we think will take into consideration an inventive interplay of thoughts. All we require now to convert the broad program on paper to a dynamic and energetic Microbial education gathering in person is your dynamic participation.

EuroSciCon

# A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

March 04-06, 2019

Amsterdam, Netherlands

# Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

**Our International Open Access Journals:**

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

**Our International Scientific Conferences:**

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

## Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Bacteriologists and Microbiologists accessing the website, Bacteriology 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

## Bacteriology 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

*Congregate with most senior executives*
*Nurture connexions*
*Agenda format which incorporates ample Q&A time*
*Partake in our revamped exhibitor expo sessions*
*Meet and listen to the relevant clients*
*Unprecedented growth creating an unparalleled market place*

March 04-06, 2019

Amsterdam, Netherlands

## How's EuroSciCon different?

*Exercises your creative instincts with the live knowledge experience*
*It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries*
*Over 25 Million+ Visitors and 20000+ Unique Visitors per conference*
*World's leading industries and companies attend*
*Career guidance for early career researchers and students*
*Provides insights you need to take your research to the next level*
*A huge conclave of high tech and science priests*

EuroSciCon

# Who'd be attending?

EuroSciCon Conference on Bacteriology, March 04-06, 2019 in Amsterdam, Netherlands. Theme of the conference focuses on Innovative Research and Advancements in Bacteriology. Bacteriology 2019 will provide an unprecedented opportunity for Bacteriologists to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Microbial Education, Junior/Senior research fellows, Students, Directors of Microbiology research companies, Microbial Engineers, Members of Microbiology associations and exhibitors from chemical Industries. Delegates from various pharma & instrumental Companies and Laboratoriesfrom all over the world are welcomed to attend the prestigious conference on Bacteriology 2019. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

**Tracks :**

- Microbiology
- Bacteriology And Infectious Diseases
- Bacterial Biochemistry
- Bacterial Diseases In Humans
- Immune Defense Against Bacterial Pathogenesis
- Bacteriology In Public Health
- Diagnosis And Treatments For Bacterial Infections
- Food Bacteriology
- Plant Bacteriology
- Phyto Bacteriology
- Animal Modeling And Veterinary Bacteriology
- Applied Microbiology
- Medical Microbiology
- Dairy Microbiology
- Aquatic Microbiology
- Forensic Microbiology
- Microbial Immunology
- Advances In Antimicrobials, Vaccines , And Therapeutics

EuroSciCon

## Academic Keytopics :

- Actinomycetes
- Anthrax
- Antibiotics
- Antigen
- Bacterial-Fungal Interactions
- Bacterium Vibrio Cholera
- Clinical Mycology
- Communicable Disease
- Diarrhea
- Food Mycology
- Food Safety
- Foodborne Disease
- Fungal Pathogens
- Fungal sepsis
- Genome sequencing
- Immunology
- Metabolism
- Microorganisms
- Mycobacterium
- Mycoplasma
- Mycotoxicology
- Nervous system
- Pathogens
- Phagocytosis
- Pharmaceutical industry
- Prevention
- Respiratory diseases
- Shigellosis
- Vaccination
- Zoonoses

March 04-06, 2019

Amsterdam, Netherlands

## Business Keytopics :

- Bacteriology Market in Africa
- Bacteriology Market in Canada
- Bacteriology Market in Australia
- Bacteriology Market in Japan
- Bacteriology Market in USA
- Bacteriology Market in Dubai
- Bacteriology Market in Asia
- Bacteriology Market in Europe
- Bacteriology Market in UK
- Bacteriology Market in Germany
- Autoclave
- Electrophoresis Apparatus
- Gas-pak
- Glaxosmithkline
- Hematology Analyser
- ImmunoScience
- Incubator
- Laminar Flow Cabinet
- Microscope
- Microtitre Plates
- Reflotron
- Sementis
- Sinovac Biotech
- Sterile Loops
- Thermal Cycler
- Vaccine
- Vacuum Pump
