Big Data, 3D Printing & AI

Theme:

Big Data, 3D Printing & AI-The Next Generation of Future Innovations

EuroSciCon

Big Data, 3D Printing & AI

2019

Invitation

EuroSciCon is organizing meeting 8th Edition of International Conference on **Big Data, 3D Printing & AI 2019** is scheduled from **April 08-09, 2019** at **Paris, France**. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

The 2019 meeting promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards data mining & analysis, the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Data Mining with a theme on Big Data, 3D Printing & AI-The Next Generation of Future Innovations!

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in Big Data Analytics, 3D Printing, Internet of Things, Big data technologies, Big Data algorithm, Big Data Applications, Artificial Intelligence and many more.

We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to thank all EuroSciCon Members and participants whose commitments and cooperation have been basic to the accomplishment of the association!!

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Big Data Scientist and Analyst, Young Researchers accessing the website, Big Data, 3D Printing & AI 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

April 08-09, 2019
Paris, France

Big Data, 3D Printing & AI Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Big Data, 3D Printing & AI

2019

Who'd be attending?

Edition of International Conference on Big Data, 3D Printing & AI plays host for Faculty & Students of Statistics, Computer Science, Science & Technology, Biosystems Science and Engineering, Big Data Associations & Societies, Business Entrepreneurs, Marketing Companies.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Data Analytics-The Future of Everything
- Data Mining
- Educational Data Mining
- Big Data & Data Analytics
- Visual Analytics
- Info-Graphics
- Business Analytics
- Cloud Computing
- Climate Informatics
- Smart Building
- Internet of Things (IoT)
- Bioinformatics
- Social Media Analytics
- Preventing Fraud
- Road Safety & Analytics
- Data Analytics Tools
- Ethics
- Future of Data Analytics
- Data Warehousing
- Open Data
- Frequent Pattern Mining
