

EuroSciCon

9th Edition of International Conference on

Biopolymers & Bioplastics

November 08-09, 2018
London
United Kingdom

Theme:

Transforming Newness in Biodegradation from Natural Origins

EuroSciCon

Biopolymers & Bioplastics

2018

Invitation

Welcome to Moscow, the City of Arts and Science, and experience the science of Biopolymers & Bioplastics illuminated as never before. EuroSciCon is proud to host the 9th Edition of International Conference on Biopolymers & Bioplastics, November 08-09, 2018 in Moscow, Russia. This year's theme is Transforming Newness in Biodegradation from Natural Origins. Biopolymers & Bioplastics 2018 will provide an unprecedented opportunity for researchers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite researchers, academicians and industry professionals and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Conference is the perfect venue not only to dive into your particular Biopolymers & Bioplastics interests but also to expand the scope of your knowledge. Tracks are devoted to subjects such as the Natural Polymers, Advanced Biopolymers Bioplastics, Bioinformatics, Biopolymer Applications, Biopolymers as Materials, Green Composites in Biopolymers, Biopolymers for Tissue Engineering and Regenerative Medicine, Biodegradable polymers and plastics, Biopolymers in Biomedical Applications, Recycling & Waste management of Biopolymers, Biopolymers in Biofibers & Microbial, Cellulose, Biopolymer Feed Stock Challenges & Opportunities Future & Scope of Biopolymers, Biopolymer Companies & Market.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Biopolymers & Bioplastics

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ researchers and academicians accessing the website, Biopolymers & Bioplastics2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Biopolymers & Bioplastics 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

November 08-09, 2018
London
United Kingdom

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Biopolymers & Bioplastics

2018

Who'd be attending?

9th Edition of International Conference on Biopolymers & Bioplastics plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Eminent Scientists of Chemical Engineering & Polymer Technology Bioplastics, Biomaterial, BioProcess Research Professors and research fellows Students from Material science, Chemical Engineering, Polymer Technology Directors of Plastics Manufacturing, Materials Manufacturing companies Biodegradable Engineers, Materials Processing Engineers, Chemical Engineers Members of different Bioplastics, BioMaterials associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Natural Polymers
- Advanced Biopolymers
- Bioplastics
- Bioinformatics
- Biopolymer Applications
- Biopolymers as Materials
- Green Composites in Biopolymers
- Biopolymers for Tissue Engineering and Regenerative Medicine
- Biodegradable polymers
- Biopolymers in Biomedical Applications
- Recycling & Waste management of Biopolymers
- Biopolymers in Biofibers & Microbial Cellulose
- Biopolymer Feed Stock Challenges & Opportunities
- Future & Scope of Biopolymers
- Biopolymer Companies & Market

About Destination London

London is the capital and most populous city of England and the United Kingdom Standing on the River Thamesin the south east of the island of Great Britain. London has been a major settlement for two millennia. It was founded by the Romans, who named it HYPERLINK “https://en.wikipedia.org/wiki/Londinium” \o “Londinium” Londinium. London’s ancient core, the City of London, largely retains its 1.12-square-mile (2.9 km2) medieval boundaries. Since at least the 19th century, “London” has also referred to the metropolis around this core, historically split between Middlesex, Essex, Surrey, Kent and Hertfordshire, which today largely makes up Greater London, a region governed by the Mayor of London and the London Assembly.

London is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is the world’s largest financial center and has the fifth or sixth largest metropolitan area GDP in the world. London is often regarded as a world cultural capital. It is the world’s most-visited city as measured by international arrivalsHYPERLINK “https://en.wikipedia.org/wiki/London” \l “cite_note-34” and has the world’s largest city airport system measured by passenger traffic. It is the world’s leading investment destination, hosting more international retailers and ultra-high-net-worth individuals than any other city. London’s universities form the largest concentration of higher education institutes in Europe.HYPERLINK “https://en.wikipedia.org/wiki/London” \l “cite_note-london2-44” In 2012, London became the first city to have hosted the modern Summer Olympic Games three times.HYPERLINK “https://en.wikipedia.org/wiki/London” \l “cite_note-IOC-45” .
