EuroSciCon Conference on

# Cancer Stem Cell & Oncology Research

September 09-10, 2019
Seoul, South Korea

## Theme:

Advanced Research and Developments in Oncology & Cancer Stem Cells

EuroSciCon

Cancer Stem Cell

2019

# Invitation

Welcome to South Korea, the To experience the science of Oncology illuminated as never before. EuroSciCon is proud to host the EuroSciCon Conference on Cancer Stem Cell & Oncology Research, September 09-10, 2019 Seoul, South Korea. This year's theme is Advanced Research and Developments in Oncology & Cancer Stem Cells. Cancer Stem Cell 2019 will provide an unprecedented opportunity for Oncologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Oncologists, pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Cancer Stem Cell 2019 Conference is the perfect venue not only to dive into your particular Oncological interests but also to expand the scope of your knowledge. 29 tracks are devoted to subjects such as the Cancer Stem Cell, Oncology Research, Oncology Research Categories, Stem Cell, Bio-markers of Cancer Stem Cells, Immunology, Cancer Stem Cell Treatments, Carcinogenesis and Mutagenesis, Types of Cancer, Nanotechnology in Cancer, Cancer Stages, Cancer Causes, Cancer Treatment, Prevention of Cancer, Clinical research and trials in stem cells and cancer, Bioinformatics and Systems Biology, 3D Bioprinting & Biofabrication, Gene Therapy, Stem Cell Biology and advances, Advanced in Tissue Regeneration, Umbilical Cord Stem Cells, Advances in Bone Marrow Stem Cell, Stem Cell And Tissue Homeostasis, Stem Cell Aging, Stem Cell Therapy, Recent advances in Stem Cell, Epidermal Stem Cells, Stem Cell Renewal, Ethics considerations in stem cell therapy.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Oncological forum in person is your active participation.

EuroSciCon

# A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

# Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

**Our International Open Access Journals:**

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

**Our International Scientific Conferences:**

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

## Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Oncologists and pharmacologists accessing the website, Cancer Stem Cell 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

## Cancer Stem Cell 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

*Congregate with most senior executives*
*Nurture connexions*
*Agenda format which incorporates ample Q&A time*
*Partake in our revamped exhibitor expo sessions*
*Meet and listen to the relevant clients*
*Unprecedented growth creating an unparalleled market place*

September 09-10, 2019
Seoul, South Korea

## How's EuroSciCon different?

*Exercises your creative instincts with the live knowledge experience*
*It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries*
*Over 25 Million+ Visitors and 20000+ Unique Visitors per conference*
*World's leading industries and companies attend*
*Career guidance for early career researchers and students*
*Provides insights you need to take your research to the next level*
*A huge conclave of high tech and science priests*

2019

# Who'd be attending?

EuroSciCon Conference on Cancer Stem Cell & Oncology Research plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Toxicology Consultants, Investigative Oncologists and Pathologists, Regulatory Professionals, Pharmacogenetic Professionals, Laboratory Directors and Chemists, Forensic Scientists and Oncologists and others who stay plunged in EuroSciCon Conference on Cancer Stem Cell & Oncology Research

## About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

## Scientific Sessions:

- Cancer Stem Cell
- Oncology Research
- Oncology Research Categories
- Stem Cell
- Bio-markers of Cancer Stem Cells
- Immunology
- Cancer Stem Cell Treatments
- Carcinogenesis and Mutagenesis
- Types of Cancer
- Nanotechnology in Cancer
- Cancer Stages
- Cancer Causes
- Cancer Treatment
- Prevention of Cancer
- Bioinformatics and Systems Biology
- 3D Bioprinting & Biofabrication
- Gene Therapy
- Stem Cell Biology and advances
- Advanced in Tissue Regeneration
- Umbilical Cord Stem Cells
- Advances in Bone Marrow Stem Cell
- Stem Cell And Tissue Homeostasis
- Stem Cell Aging
- Stem Cell Therapy
- Recent advances in Stem Cell
- Epidermal Stem Cells
- Stem Cell Renewal
- Ethics considerations in stem cell therapy
- Clinical research and trials in stem cells and cancer

# About Destination South Korea

Seoul, the capital of South Korea, with a municipal population of over 11.8 million, and a metropolitan population totaling over 25.6 million. Located at the heart of the Korean Peninsula, Seoul has always been an important strategic point throughout the centuries in terms of defense and the economy, from one kingdom to the next. The three kingdoms of Baekje, Goguryeo, and Silla (BCE 57 – CE 688) all fought over the area that is now Korea's capital. Indeed, whichever kingdom claimed Seoul became the dominant power. The Joseon Dynasty (1392 – 1910) declared Seoul its capital, a role that Seoul still playing.

**Incredible Places:** South Korea is one of the most popular tourist destinations in Europe .where modern skyscrapers, high-tech subways and pop culture meet Buddhist temples, palaces and street markets. Notable attractions include futuristic Dongdaemun Design Plaza,20 National Park, a convention hall with curving architecture and a rooftop park; Gyeongbokgung Palace, which once had more than 7,000 rooms; and Jogyesa Temple, site of ancient locust and pine trees. Seoul has been described as the world's "most wired city"ranked first in technology readiness by PwC's Cities of Opportunity report Seoul has a very technologically advanced infrastructure.
