

EuroSciCon

8th Edition of International Conference on

Chemical Sciences 2018

June 14-16 , 2018
Dublin, Ireland

Theme:

Recent Trends and Advancements in the field of Chemical Sciences

EuroSciCon

Chemical Sciences

2018

Invitation

Welcome to Dublin, the city of arts and science, and experience the science of chemical sciences illuminated as never before. Euroscicon is proud to host the 8th Edition of International Conference on Chemical Sciences, June 14-16 , 2018 in Dublin ,Ireland . The theme of the conference focuses on “Recent Trends and Advancements in the field of Chemical Sciences”. Chemical Sciences 2018 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO’s from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts , editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of chemistry and chemical sciences. Delegates from various chemical & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Chemical Sciences Conference is the perfect venue not only to dive into your particular chemists interests but also to expand the scope of your knowledge. 18 tracks are devoted to subjects such as the Chemistry Of Compounds, Organic Chemistry And Inorganic Chemistry, Physical And Theoretical Chemistry, Heterocyclic Chemistry, Electrochemistry, Electrolysis And Corrosion, Geochemistry, Nuclear Chemistry/Radiochemistry, Biochemistry, Pharmaceutical/Medicinal Chemistry, Polymer Chemistry, Forensic Chemistry, Environmental Chemistry, Bio Based Chemistry, Analytical Chemistry, Multi-Scale/Multi-Disciplinary Approach To Process-Product Innovation, Sustainable Process-Product Development Through Green Chemistry.Systematic Methods And Tools For Managing The Complexity, Integration Of Life Sciences & Engineering. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant analytical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

June 14-16 , 2018
Dublin, Ireland

EuroSciCon

Chemical Sciences

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Chemical Sciences 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fueling better outreach of the work and profile.

Chemical Sciences 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

June 14-16 , 2018
Dublin, Ireland

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

8th Edition of International Conference on Chemical Sciences ,June 14-16 , 2018 in Dublin ,Ireland Theme of the conference focuses on : Recent Trends and Advancements in the field of Chemical Sciences. Chemical Sciences 2018 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of analytical and bioanalytical sciences. Delegates from various pharma & instrumental companies from all over the world. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British

Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Chemistry Of Compounds
- Organic Chemistry And Inorganic Chemistry
- Physical And Theoretical Chemistry
- Heterocyclic Chemistry
- Electrochemistry, Electrolysis And Corrosion
- Geochemistry
- Nuclear Chemistry/Radiochemistry
- Biochemistry
- Pharmaceutical/Medicinal Chemistry
- Polymer Chemistry
- Forensic Chemistry
- Environmental Chemistry
- Bio Based Chemistry
- Analytical Chemistry
- Multi-Scale/Multi-Disciplinary Approach To Process-Product Innovation
- Sustainable Process-Product Development Through Green Chemistry
- Systematic Methods And Tools For Managing The Complexity
- Integration Of Life Sciences & Engineering

EuroSciCon

Academic Keytopics :

- Analytical Chemistry
- Astro Chemistry
- Atomic Theory
- Catalysis
- Chemical Equillibrium
- Chemical kinetics
- Chemical Laws
- Chemical Reaction
- Chemical Toxicity
- Crystallization
- Electro Chemistry
- Element Analysis
- Flow Chemistry
- Geo Chemistry
- Ions and Salts
- Isotope Geochemistry
- Materials Chemistry
- Materials Science
- Molecular Mechanics
- Neuro Chemistry
- Nuclear chemistry
- Organometallic chemistry
- Petro Chemistry
- Physical organic chemistry
- Polymers
- Quantum Chemistry
- Radiochemistry
- Redox Reaction
- Stereochemistry
- Supramolecular Chemistry
- Synthetic Chemistry

June 14-16 , 2018
Dublin, Ireland

Business Keytopics :

- Atomic Spectrometric Techniques
- Calorimetry
- Centrifugation
- Chemical Analysis
- Chemical Sciences Africa
- Chemical Sciences Asia
- Chemical Sciences Canada
- Chemical Sciences Dubai
- Chemical Sciences Europe
- Chemical Sciences Germany
- Chemical Sciences Japan
- Chemical Sciences UK
- Chemical Sciences USA
- Chemical Technologies
- Desalination
- Displacement Chromatography
- Electroblotting
- Electrochemical Analysis
- Element Analysis
- Fumigation
- Gas Chromatography
- Gel Electrophoresis
- Green and Environmental Analytical chemistry
- Immunoelectrophoresis
- Liquid Separation
- Magnetic Separation
- Membrane Science and Technology
- Nuclear Magnetic Resonance
- Phase Seperation
- Protein Mass Spectrometry
- Separation Technology
- Solid Crystallization
- Spectroscopy
- Thermal Analysis

About Destination Dublin

Dublin, capital of the Republic of Ireland, is on Ireland's east coast at the mouth of the River Liffey. Its historic buildings include Dublin Castle, dating to the 13th century, and imposing St Patrick's Cathedral, founded in 1191. City parks include landscaped St Stephen's Green and huge Phoenix Park, containing Dublin Zoo. The National Museum of Ireland explores Irish heritage and culture. Founded as a Viking settlement, the Kingdom of Dublin became Ireland's principal city following the Norman invasion. The city expanded rapidly from the 17th century and was briefly the second largest city in the British Empire before the Acts of Union in 1800 Dublin is administered by a City Council. The city is listed by the Globalization and World Cities Research Network as a global city, with a ranking of "Alpha-", which places it amongst the top thirty cities in the world . It is a historical and contemporary center for education, the arts, administration, economy and industry. Dublin has many landmarks and monuments dating back hundreds of years. One of the oldest is Dublin Castle, which was first founded as a major defensive work on the orders of England's King John in 1204, shortly after the Norman invasion of Ireland in 1169, when it was commanded that a castle be built with strong walls and good ditches for the defence of the city, the administration of justice, and the protection of the King's treasure .Largely complete by 1230, the castle was of typical Norman courtyard design, with a central square without a keep, bounded on all sides by tall defensive walls and protected at each corner by a circular tower. Sited to the south-east of Norman Dublin, the castle formed one corner of the outer perimeter of the city, using the River Poddle as a natural means of defence . Other landmarks and monuments include the Mansion House, the Anna Livia monument, the Molly Malone statue, Christ Church Cathedral, St Patrick's Cathedral, Saint Francis Xavier Church on Upper Gardiner Street near Mountjoy Square, The Custom House and Áras an Uachtaráin . The Poolbeg Towers are also landmark features of Dublin, and visible from various spots around the city.
