Chemical Sciencess 2019

Day 1, Madrid

General Session

08:00 AM — INTRODUCTION

09:00 AM — PLENARY

10:00 AM — KEYNOTE

Networking & Refreshments Break @ Foyer

	HALL 01	HALL 02	HALL 03
11:00 AM	Talks On: **Chemistry of Compounds**	Talks On: **Organic Chemistry and Inorganic Chemistry**	Talks On: **Physical and Theoretical Chemistry**
	Talks On: **Heterocyclic Chemistry**	Talks On: **Electrochemistry, Electrolysis and Corrosion**	Talks On: **Geochemistry**
	SESSION DISCUSSION	**SESSION DISCUSSION**	**SESSION DISCUSSION**
02:00 PM	Panel Over: **Integration of Life Sciences & Engineering**	Panel Over: **Electronegativity**	Panel Over: **Law of multiple proportions**
	Workshop On: **Nuclear Chemistry/ Radiochemistry**	Workshop On: **Biochemistry**	Workshop On: **Pharmaceutical/Medicinal Chemistry**
	Lunch Break @ Restaurant	*Lunch Break @ Restaurant*	*Lunch Break @ Restaurant*
04:00 PM	Talks On: **Polymer Chemistry**	Talks On: **Forensic Chemistry**	Talks On: **Environmental Chemistry**
	Lectures On: **Bio Based Chemistry**	Lectures On: **Analytical Chemistry**	Lectures On: **Advancing the Chemical and Biological Engineering Fundamentals**
06:00 PM	Session On: **Multi-scale and/or Multi-disciplinary Approach to Process-Product Innovation**	Session On: **Sustainable Process-Product Development through Green Chemistry**	Session On: **Systematic Methods and Tools for Managing the Complexity**
	NETWORKING	**NETWORKING**	**NETWORKING**

Day 2, Madrid

General Session

08:00 AM — INTRODUCTION

09:00 AM — PLENARY

10:00 AM — KEYNOTE

Networking & Refreshments Break @ Foyer

	HALL 01	HALL 02	HALL 03
11:00 AM	Talks On: **Multiple Proportions**	Talks On: **Chemical Equilibrium**	Talks On: **Synthetic Inorganic Chemistry**
	Talks On: **Catalysis**	Talks On: **Organic Reactions**	Talks On: **Organometallic Reagents and Compounds**
	SESSION DISCUSSION	**SESSION DISCUSSION**	**SESSION DISCUSSION**
02:00 PM	Panel Over: **Reaction Mechanisms and Kinetics**	Panel Over: **Molecular Rearrangements**	Panel Over: **Transition Metal Catalysis**
	Workshop On: **Reactions at Ligands**	Workshop On: **Characterization of Inorganic Compounds**	Workshop On: **Surface Science**
	Lunch Break @ Restaurant	***Lunch Break @ Restaurant***	***Lunch Break @ Restaurant***
04:00 PM	Talks On: **Quantum Chemistry**	Talks On: **Thermochemistry**	Talks On: **Theoretical Chemistry and Computational Chemistry**
	Lectures On: **Biophysical Chemistry**	Lectures On: **Physical Organic Chemistry**	Lectures On: **Solid-state Chemistry**
06:00 PM	Session On: **Polycyclic Heterocycles Compound**	Session On: **Potentiostat Electrochemistry**	Session On: **Electrochemical Engineering**
	NETWORKING	**NETWORKING**	**NETWORKING**

PLAN A TRIP TO Madrid, Spain: Chemistry Science and Technology 2019

Madrid, the capital of Spain, is a cosmopolitan city that combines the most modern infrastructures and the status as an economic, financial, administrative and service centre, with a large cultural and artistic heritage, a legacy of centuries of exciting history. Madrid is also the largest Spanish city with more than 3 million inhabitants in the metropolitan area. You will find in the city a rich mixture of cultures, since besides the native madrileños people from other countries and especially from Latin America have made of Madrid their second hometown. It has been populated since the Lower Palaeolithic era, although it was not until 1561 that King Philip II made Madrid the capital city of his vast empire. The historic centre, also known as the Madrid of Los Austrias (in reference to the Hapsburg monarchs), and the spectacular Plaza Mayor square –inaugurated in 1620 and one of the most popular and typical sites in Spain– are a living example of the nascent splendour of the city in the 16th and 17th centuries. Art and culture play a key role in Madrid's cultural life. The capital has over 60 museums which cover every field of human knowledge. Highlights include the Prado Museum, one of the world's most important art galleries; the Thyssen-Bornemisza Museum, with over 800 paintings ranging from primitive Flemish artists through to the avant-garde movements. And the Reina Sofía National Art Centre, dedicated to contemporary Spanish art and containing works by Picasso, Joan Miró, Salvador Dalí and Juan Gris, among others. In Madrid you will find all kind of interesting things to do and to see, whatever your interests are. The city has a wide offer for tourism, culture, business and for ludic activities with excellent facilities and services. A great acknowledgement in this sense was the election of the city as European Capital of Culture in the year 1992. Madrid was also candidate city to host the Olympic games in 2012, although finally the winning city was London, Madrid had been one of the favourites and reached a third position in the competition.
