

EuroSciCon

2nd Edition of EuroSciCon Conference on

Chemistry

February 19-20, 2019

Prague, Czech Republic

Theme:

Dynamic Approach and Future Generation Evolutions in Chemistry

Invitation

Welcome to Prague, the city of expressions and science, and experience the science of chemistry illuminated as at no other time. Prague is the capital and biggest city in the Czech Republic, the fourteenth biggest city in the European Union and furthermore the chronicled capital of Bohemia. After successful completion of Chemistry 2019 EuroSciCon is delighted to host the 2nd Edition of EuroSciCon Conference on Chemistry, February 19-20, 2019 in Prague, Czech Republic. The theme of the conference focuses on Dynamic Approach and Future Generation Evolutions in Chemistry. Chemistry 2019 will give a phenomenal chance to scientists to impart their exploration to partners by discussing the most recent advances in the field. We invite Eminent Scientists/Research Professors in the field of Chemical, Junior/Senior research colleagues, Students, Directors of chemicals look into organizations, Chemical Engineers, Members of Chemistry associations and exhibitors from Chemical Industries. Agents from different pharma and instrumental organizations from everywhere throughout the world are invited to go to this renowned conference on Chemistry 2019. With a wide exhibit of keynote presentations, board discussions, workshops, and notice sessions, the Chemistry 2019 Conference is the ideal setting not exclusively to plunge into your specific physicist's interests yet in addition to expand the extent of your insight. There are 24 tracks which are given to subjects, for example, the Chemical Engineering, Electrochemistry, Analytical Chemistry, Physical Chemistry, Spectroscopy, Biochemistry, Organic Chemistry, Inorganic Chemistry, Material, Science and Chemistry, Polymer Chemistry, Medicinal and Pharmaceutical Chemistry, Theoretical and Computational Chemistry, Food Chemistry and Nutrition, Green Chemistry and Technology, Nuclear Chemistry,Nano-Chemistry and Technologies, Petroleum chemistry, Photochemistry, Clinical Chemistry and Molecular Diagnostics, Environmental Chemistry, Geochemistry, Forensic Chemistry, Neurochemistry, Plasma Chemistry. The Organizing Committee has done its best to set up a system that we think will take into consideration an inventive interplay of thoughts. All we require now to convert the broad program on paper to a dynamic and energetic chemical education gathering in person is your dynamic participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

February 19-20, 2019

Prague, Czech Republic

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Chemistry 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Chemistry 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

February 19-20, 2019

Prague, Czech Republic

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Chemistry

2019

Who'd be attending?

2nd Edition of EuroSciCon Conference on Chemistry, February 19-20, 2019 in Prague, Czech Republic. Theme of the conference focuses on Dynamic Approach and Future Generation Evolutions in Chemistry. Chemistry 2019 will provide an unprecedented opportunity for chemists to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Chemical Education, Junior/Senior research fellows, Students, Directors of chemicals research companies, Chemical Engineers, Members of Chemistry associations and exhibitors from chemicals Industry/chemical Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Chemistry 2019. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Chemical Engineering
- Electrochemistry
- Analytical chemistry
- Physical Chemistry
- Spectroscopy
- Biochemistry
- Organic Chemistry
- Inorganic Chemistry
- Material Science and Chemistry
- Polymer Chemistry
- Medicinal & Pharmaceutical Chemistry
- Theoretical and Computational Chemistry
- Food Chemistry & Nutrition
- Green Chemistry and Technology
- Nuclear Chemistry
- Nano-Chemistry and Technologies
- Petroleum chemistry
- Photochemistry
- Clinical Chemistry and Molecular Diagnostics
- Environmental Chemistry
- Geochemistry
- Forensic Chemistry
- Neurochemistry
- Plasma Chemistry

EuroSciCon

Academic Keytopics :

- Advances in electro-analysis
- Ballistic fingerprinting
- Biochemistry & Natural Products
- Bloodstain pattern analysis
- Chemical Engineering
- Chemical kinetics
- Chemical thermodynamics
- Chemo-metrics
- Cosmochemistry
- Drug Discovery and metabolism
- Electrochemistry
- Fingerprint analysis
- Flow analysis
- Flow chemistry
- Forensic data analysis
- Forensic toxicology
- Fullerenes
- Heterocyclic compounds
- Inorganic Chemistry
- Isotope geochemistry
- Material Science
- Molecular Nanotechnology
- Nano Electronics
- Organic Chemistry
- Organic geochemistry
- Organometallic compounds
- Photochemistry and Pericyclic reactions
- Photogeochemistry
- Quantum chemistry
- Radio chemistry
- Retrosynthetic analysis
- Solid-state chemistry
- Spectroscopy
- Stereochemistry
- Supra-molecular polymers
- Surface science
- Atmospheric Chemistry
- Bioanalytical Chemistry
- Biochemistry

February 19-20, 2019

Prague, Czech Republic

Business Keytopics :

- Chemistry Market in Africa
- Chemistry Market in Canada
- Chemistry Market in Australia
- Chemistry Market in Japan
- Chemistry Market in USA
- Chemistry Market in Dubai
- Chemistry Market in Asia
- Chemistry Market in Europe
- Chemistry Market in UK
- Chemistry Market in Germany
- Atomic Absorption Spectrometer
- Bioreactor
- Calorimeter
- Capillary Electrophoresis Apparatus
- Capillary Rheometer
- Centrifugal Pump
- Distillation Column
- Electron Microscope
- Gas Chromatograph
- Gaussian Software
- Graduated Cylinders
- Heat Exchanger
- Hydrometer
- Mass Spectrometer
- Molecular Modeling Software
- Nuclear Magnetic Resonance
- Spectroscopy
- Orifice Meter
- Photovoltaic Cell
- Pipettes
- Reactor
- Spectrophotometers
- Thermometers
- UV Transilluminator

About Destination Prague

Prague is the capital and biggest city in the Czech Republic, the fourteenth biggest city in the European Union and furthermore the chronicled capital of Bohemia. Arranged in the north-west of the nation on the Vltava stream, the city is home to around 1.4 million individuals, while its bigger urban zone is evaluated to have a populace of 2.2 million. The city has a calm atmosphere, with warm summers and cold winters.Prague has been a political, social and financial focus of focal Europe finish with a rich history. Established amid the Romanesque and prospering by the Gothic, Renaissance and Baroque times, Prague was the capital of the kingdom of Bohemia and the primary home of a few Holy Roman Emperors, most prominently of Charles IV. It was a vital city to the Habsburg Monarchy and its Austro-Hungarian Empire. The city assumed real parts in the Bohemian and Protestant Reformation, the Thirty Years' War and in twentieth-century history as the capital of Czechoslovakia, amid both World Wars and the post-war Communist era. Prague is home to various celebrated social attractions, a considerable lot of which survived the savagery and obliteration of twentieth-century Europe. Principle attractions incorporate the Prague Castle, the Charles Bridge, Old Town Square with the Prague cosmic clock, the Jewish Quarter, Petron slope Since 1992, the broad notable focus of Prague has been incorporated into the UNESCO rundown of World Heritage Sites.The city has more than ten noteworthy galleries, alongside various theaters, displays, silver screens and other authentic shows. A broad present-day open transportation framework interfaces the city. Additionally, it is home to an extensive variety of open and non-public schools, incorporating Charles University in Prague, the most established college in Central Europe.
