

EuroSciCon

8th Edition of International Conference on

Chemistry Education and Research

August 27-28, 2018
Zurich, Switzerland

Theme:
Emerging Trends, Advancements and Applications in Chemistry Education

EuroSciCon

Chemistry Education

2018

Invitation

Welcome to Zurich, the city of arts and science, and experience the science of chemistry education illuminated as never before. EuroSciCon is proud to host the 8th Edition of International Conference on Chemistry Education and Research, August 27-28, 2018 in Zurich, Switzerland. theme of the conference focuses on Emerging Trends, Advancements and Applications in Chemistry Education. Chemistry Education 2018 will provide an unprecedented opportunity for chemists to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Chemical Education, Junior/Senior research fellows, Students, Directors of chemicals research companies, Chemical Engineers, Members of Chemistry associations and exhibitors from Chemical Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend this prestigious conference on Chemistry Education. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Chemistry Education Conference is the perfect venue not only to dive into your particular chemist's interests but also to expand the scope of your knowledge. There are 14 tracks which are devoted to subjects such as the Fundamentals of Chemistry Education, Challenging Concepts in Chemistry Education, Concept of Chemical Reactions, Advanced Organic and Inorganic Chemistry, Stereochemistry of Organic Compounds, Organometallic Chemistry, Combinatorial Chemistry, Chemicals and Material Science, Surface Chemistry, Chemical Engineering, Natural Chemistry, Nuclear Chemistry, Pharma Chemistry and Future Scope of Chemistry. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant chemical education forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

August 27-28, 2018
Zurich, Switzerland

EuroSciCon

Chemistry Education

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Chemistry Education 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Chemistry Education 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

August 27-28, 2018
Zurich, Switzerland

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Chemistry Education

2018

Who'd be attending?

8th Edition of International Conference on Chemistry Education and Research, August 27-28, 2018 in Zurich, Switzerland. Theme of the conference focuses on Emerging Trends, Advancements and Applications in Chemistry Education. Chemistry Education 2018 will provide an unprecedented opportunity for chemists to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Chemical Education, Junior/Senior research fellows, Students, Directors of chemicals research companies, Chemical Engineers, Members of Chemistry associations and exhibitors from chemicals Industry/chemical Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Chemistry Education. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Fundamentals of Chemistry Education
- Challenging Concepts in Chemistry Education
- Concept of Chemical Reactions
- Physical Chemistry
- Biochemistry
- Advanced Organic and Inorganic Chemistry
- Stereochemistry of Organic Compounds
- Organometallic Chemistry
- Combinatorial Chemistry
- Chemicals and Materials Science
- Surface Chemistry
- Chemical Engineering
- Natural Product Chemistry
- Nuclear Chemistry
- Pharma Chemistry
- Future Scope of Chemistry

EuroSciCon

Academic Keytopics :

- Agricultural Chemistry
- Analytical Chemistry
- Atmospheric Chemistry
- Biochemistry
- Bioinorganic Chemistry
- Biophysical Chemistry
- Biotechnology
- Chemical Crystallography
- Chemical Engineering
- Chemical Technology
- Chemoinformatics
- Chemometrics
- Colloidal Chemistry
- Computational Chemistry
- Consumer Chemistry
- Coordination Chemistry
- Electrochemistry
- Energy Technology
- Environmental Chemistry
- Forensic Chemistry
- Geochemistry
- Green Chemistry
- Industrial Chemistry
- Inorganic Chemistry
- Mass Spectrometry
- Material Science and Engineering
- Medicinal Chemistry
- Membrane Technology
- Molecular Chemistry
- Molecular Dynamics Simulation
- Nanotechnology
- Nuclear Chemistry
- Nutrional Chemistry
- Organic Chemistry
- Petrochemistry
- Pharmaceutical Chemistry
- Photochemistry
- Physical Chemistry
- Phytochemistry
- Plasma Chemistry
- Polymer Chemistry
- Protein Chemistry
- Quantum Chemistry
- Separation Process
- Solid State Chemistry
- Stereochemistry
- Stoichiometry
- Supramolecular Chemistry
- Thermochemistry

August 27-28, 2018
Zurich, Switzerland

Business Keytopics :

- Absorption Column
- Atomic Absorption Spectrometer
- Bioreactor
- Calorimeter
- Capillary Electrophoresis Apparatus
- Capillary Rheometer
- Centrifugal Pump
- Charge Sensor
- Chemical Sensor
- Chemistry Education Africa
- Chemistry Education Asia
- Chemistry Education Canada
- Chemistry Education Dubai
- Chemistry Education Europe
- Chemistry Education Germany
- Chemistry Education Japan
- Chemistry Education UK
- Chemistry Education USA
- Distillation Column
- Electron Microscope
- Gas Chromatograph
- Gaussian Software
- Heat Exchanger
- Hydrometer
- Mass Spectrometer
- Molecular Modeling Software
- Nuclear Magnetic Resonance Spectrometer
- Orifice Meter
- Photoemission Spectrometer
- Photovoltaic Cell
- Pipettes
- Reactor
- Scanning Tunneling Microscope
- Semiconductor Device
- Spectrophotometers
- Thermometers
- UV Transilluminator
- Vapour Pressure Osmometer
- Venturi Meter
- Volumetric Flasks
- X-ray Diffractometer

About Destination Zurich

Zurich is the largest city in Switzerland and the capital of the canton of Zürich. It is located in north-central Switzerland at the northwestern tip of Lake Zürich. The municipality has approximately 400,028 inhabitants, the urban agglomeration 1.315 million and the Zürich metropolitan area 1.83 million. Zürich is a hub for railways, roads, and air traffic. Both Zürich Airport and railway station are the largest and busiest in the country.

Permanently settled for about 2000 years, Zürich was founded by the Romans, who, in 15 BC, called it Turicum. However, early settlements have been found dating back more than 6400 years ago. During the Middle Ages, Zürich gained the independent and privileged status of imperial immediacy and, in 1519, became a primary centre of the Protestant Reformation in Europe under the leadership of Huldrych Zwingli.

The official language of Zürich is German, but the main spoken language is the local variant of the Alemannic Swiss German dialect.

Zürich is a leading global city and among the world's largest financial centres despite having a relatively small population. The city is home to a large number of financial institutions and banking giants. Most of Switzerland's research and development centres are concentrated in Zürich and the low tax rates attract overseas companies to set up their headquarters there.

Monocle's 2012 "Quality of Life Survey" ranked Zürich first on a list of the top 25 cities in the world "to make a base within".

According to several surveys from 2006 to 2008, Zürich was named the city with the best quality of life in the world as well as the wealthiest city in Europe. The Economist Intelligence Unit's Global Liveability Ranking sees Zürich rank among the top ten most liveable cities in the world.

Many museums and art galleries can be found in the city, including the Swiss National Museum and the Kunsthaus. Schauspielhaus Zürich is one of the most important theatres in the German-speaking world.
