EuroSciCon Conference on

CLINICAL CARDIOLOGY AND CARDIOVASCULAR DISEASE

May 24-25, 2018
London, UK

EuroSciCon

Agenda Day 1: May-24-2018

Hall Name: Armstrong

08:30-09:30 **Registration**

09:30-09:40 Opening Ceremony

09:40-10:00 **Introduction**

Session Start

Keynote Presentations

10:00-10:40 **Title: Using a dual-reporter mouse to track fibroblast cell transitions**

Carlin S Long, University of California, USA

10:40-11:20 **Title: A new approach to the treatment of cardiovascular diseases with therapeutic Dr Allen's Device**

Simon Allen, Dr Allen Fine Treatment, UK

Networking & Refreshments 11:20-11:40 @ Breakout Area

Group Photo

11:40-12:20 **Title: Historical perspective and state of the art of surgical myocardial revascularization**

Marco Piciche, San Bortolo Hospital, Italy

Cardiac Remodeling | Pediatric Cardiology | Cardiac Medications | Advanced Devices Used to treat Cardiac Diseases | Cardiovascular Disease

Session Chair: Lemin Zheng, Peking University, China

12:20-12:45 **Title: Theoretical study of the end-systolic pressure-volume relation and its clinical application**

Rachad Shoucri, Royal Military College of Canada, USA

12:45-13:10 **Title: Durable biventricular support using right atrial placement**

Hao A Tran, University of California, California

Lunch Break 13:10-14:10@ RBG

14:10-14:35 **Title: Before first two minutes: a quality improvement project aimed at decreasing the time to defibrillation for in-patients at high risk of having a cardiac arrest**

Joyce Akwe, Emory University School of Medicine, USA

14:35-15:00 **Title: Lipid metabolites and coronary plaque vulnerability**

Lemin Zheng, Peking University, China

15:00-15:25 **Title: Aggravation of insulin resistance induced by mental arithmetic stress in essential hypertensives complicated with metabolic syndrome**

Fumihiro Tomoda, Fukui Health Science University, Japan

15:25-15:50 **Title: Close ventricular septal defect using ocluders produced in China**

Mingguo Xu, Shenzhen Children's Hospital, China

Networking & Refreshments 15:50-16:10 @ Breakout Area

16:10-16:35 **Title: The use of the Intravenous Laser Blood Irradiation (ILBI) of 630-640 nm for the prevention of the appearance of vascular diseases and the increase of life expectancy**

Vladimir A. Mikhaylov, Eternity Medicine Institute, UAE

16:35-17:00 **Title: Newly discovered way of the function of cardio-vascular system and the latest theory of the development of hypertension and other cardio-vascular diseases**

Vladimir A. Mikhaylov, Eternity Medicine Institute, UAE

17:00-17:25	**Title: CABG in diffuse coronary artery disease (CAD)** **Shyam Krishnan Ashok,** Aster Ramesh Group of Hospitals, India
17:25-17:50	**Title: Identification of novel biomarkers associated with high on-aspirin platelet reactivity in Chinese elderly patients** **Weimei Ou,** Peking University First Hospital, China

Panel Discussion
