

EuroSciCon

3rd International Conference on

Clinical Chemistry and Molecular Diagnostics 2018

April 19-20, 2018
Amsterdam
Netherlands

Theme:

Recent developments and applications in Clinical Chemistry and Molecular Diagnostics

EuroSciCon

Clinical Chemistry

2018

Invitation

Welcome to Amsterdam, the city of arts and science, and experience the science of clinical chemistry illuminated like never before. EuroSciCon is proud to host the 3rd International Conference on Clinical Chemistry and Molecular Diagnostics, April 19-20, 2018 in Amsterdam, Netherlands. Theme of the conference focuses on Recent developments and applications in Clinical Chemistry and Molecular Diagnostics. Clinical Chemistry 2018 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. Chemical researcher, molecular diagnostics, clinical laboratories, health care industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. Chemical instrument vendors, professors and students from academia in the field of Clinical Chemistry and Molecular Diagnostics. Delegates from various pharma & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Clinical Chemistry Conference is the perfect venue not only to dive into your chemist interests but also to expand the scope of your knowledge. 13 tracks are devoted to subjects such as the Clinical Biochemistry, Clinical Genomics, Clinical Immunology and Autoimmunity, Clinical Microbiology, Therapeutic Drug Monitoring and analysis, Evaluation of Molecular Diagnostic Biomarkers, Disease-oriented Topics, New Reagents, Instrumentation & Technologies, Clinical Pathology, Clinical Research, Clinical Pharmacology and Toxicology, Clinical and Hospital Pharmacy, Market of Clinical Chemistry. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant analytical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

April 19-20, 2018
Amsterdam

EuroSciCon

Clinical Chemistry

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Clinical chemists and drug analysts accessing the website, Clinical Chemistry 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Clinical Chemistry 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

April 19-20, 2018
Amsterdam
Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

2018

Who'd be attending?

3rd International Conference on Clinical Chemistry and Molecular Diagnostics Apr 19-20, 2018 at Amsterdam, Netherlands. Theme of the conference focuses on Recent developments and applications in Clinical Chemistry and Molecular Diagnostics. Clinical Chemistry 2018 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. Chemical researcher, molecular diagnostics, clinical laboratories, health care industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members, chemical instrument vendors, professors and students from academia in the field of Clinical Chemistry and Molecular Diagnostics. Delegates from various pharma & instrumental companies from all over the world. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Clinical Biochemistry
- Clinical Genomics
- Clinical Immunology And Autoimmunity
- Clinical Microbiology
- Therapeutic Drug Monitoring And Analysis
- Evaluation Of Molecular Diagnostic Biomarkers
- Disease-Oriented Topics
- New Reagents, Instrumentation & Technologies
- Clinical Pathology
- Clinical Research
- Clinical Pharmacology And Toxicology
- Clinical And Hospital Pharmacy
- Market Of Clinical Chemistry

EuroSciCon

Academic Keytopics :

- Clinical and Hospital Pharmacy
- Clinical Biochemistry
- Clinical Chemistry
- Clinical Genomics & Molecular Biology
- Clinical Immunology and Autoimmunity
- Clinical Microbiology
- Clinical Pathology
- Clinical Pharmacology and Toxicology
- Clinical Research
- Clinical Studies
- Clinical Trails
- Disease-oriented Topics
- Drug Monitoring & Analysis
- Evaluation of Diagnostic Biomarkers
- Molecular Diagnostics
- New Reagents, Instrumentation & Technologies

Business Keytopics :

- Clinical and Hospital Pharmacy
- Clinical Biochemistry
- Clinical Chemistry Africa
- Clinical Chemistry Asia
- Clinical Chemistry Canada
- Clinical Chemistry Dubai
- Clinical Chemistry Europe
- Clinical Chemistry Germany
- Clinical Chemistry Japan
- Clinical Chemistry UK
- Clinical Chemistry USA
- Clinical Genomics & Molecular Biology
- Clinical Immunology and Autoimmunity
- Clinical Microbiology
- Clinical Pharmacology and Toxicology
- Clinical Research
- Clinical Studies
- Clinical Trails
- Drug Monitoring & Analysis
- Healthcare Market Research
- Ihc
- Immunization Schedule
- Medical Devices
- Molecular Diagnostics
- New Reagents, Instrumentation & Technologies
- Patient Monitoring System
- Photometer

About Destination Amsterdam

Amsterdam is the capital and most populous municipality of the Kingdom of the Netherlands. Its status as the capital is mandated by the Constitution of the Netherlands. As the commercial capital of the Netherlands and one of the top financial centers in Europe. Amsterdam is considered an alpha world city by the Globalization and World Cities (GaWC) study group. Amsterdam is one of the most popular tourist destinations in Europe, receiving more than 4.63 million international visitors annually, this is excluding the 16 million day trippers visiting the city every year. Amsterdam has a rich architectural history. The oldest building in Amsterdam is the Oude Kerk (Old Church), at the heart of the Wallen.

The municipal department for Research, Information and Statistics expects a new record population to be set in 2020. Amsterdam Neuroscience has a state-of-the-art stem cell facility and extensive research expertise combined with knowledge on various brain dysfunctional diseases. The considerable therapeutic potential of human multipotent mesenchymal stromal cells (MSC) has generated markedly increasing interest in a wide variety of biomedical disciplines in Netherland.
