EuroSciCon

20th Edition of International Conference on Clinical Nephrology

AUGUST 06-07, 2018 | MADRID, SPAIN

AGENDA

Biography

EuroSciCon

Title: Relationship between hypotension and cerebral ischemia during hemodialysis

Clare Mac Ewen

Oxford University Hospitals NHS Trust, UK

Biography

Clare Mac Ewen qualified from Oxford University Medical School in 2004, and is currently completing her training as a critical care nephrologist with an interest in echocardiography at the Oxford University Hospitals NHS Trust, UK. She completed her DPhil entitled "Can data fusion techniques predict adverse physiological events during haemodialysis?" at Oxford University in 2016, to which the above study contributed (data published in JASN 2017).

Title: Genotype/phenotype correlation in polycystic kidney disorder

Ferec Claude

Université de Bretagne Occidentale, France

Biography

Ferec Claude has completed his MD-PhD and Pharm at the age of 37 years from University of Brest and Pierre et Marie Curie in Paris. He is the former director of the Inserm Unit UMR1078 "Genetic, Genomic and Biotechnologies" in Brest, France. He is head of molecular genetics and histocomptability deparment in Brest's hospital. He has published more than 500 papers in reputed journals and has been serving as an editorial board member of Human Mutation.

Title: Iatrogenic drug and kidney graft: About a case

Toumi Houari

Oran University

Biography

Toumi Houarihas completed his professor at the age of 40 years from Oran University and postdoctoral studies from Oran University School of Medicine. He is the director of Pharmacology, a leading Bio-Soft service organization. He has published more than 08 papers in reputed journals and has been serving as an editorial board member of repute during 2016 and 2017.

Biography

EuroSciCon

Title: Associations of employment status and educational levels with mortality and hospitalization in the dialysis outcomes and practice patterns study (DOPPS) in Japan

Yasuo Imanishi

Osaka City University, Japan

Biography

Dr Imanishi graduated from Kagawa medical school (M.D.). He has completed his Ph.D. from Osaka City University, and postdoctoral fellowships from Mssachusetts General Hospital in Harverd medical school and University of Connecticut Health Center. He is an associate professor of Osaka City University Graduate School of Medicine. His majour interests are calcium and phosphate homeostatis in the clinical filed of osteoporosis, rickets & osteomalacia, and Chronic Kidney Disease-Mineral and Bone Disorder (CKD-MBD)

Title: Management of common urological problems in postmenopausal women

Emad Shoukry

Beebe Healthcare–Lewes, USA

Biography

Dr. Emad Shoukry is a geriatrics doctor in Fort Worth, Texas and is affiliated with Beebe Healthcare-Lewes. He received his medical degree from Ain Shams University Faculty of Medicine and has been in practice for more than 20 years. He is one of 2 doctors at Beebe Healthcare-Lewes who specialize in Geriatrics.

Title: Maternal risk factors associated with retinopathy of prematurity among patients in east avenue medical center from 2010 to 2015

Ida Fidelis Denosta

East Avenue Medical Center, Philippines

Biography

Dr. Ida Fidelis Denosta has completed her degree of Bachelor of Science Major in Psychology at the age of 20 in Far Eastern University. She commenced schooling at Our Lady of Fatima University-College of Medicine in 2006 where she graduated as Doctor of Medicine at the age of 24 and had her Post-Graduate Internship at Fatima University Medical Center. She just completed her residency training in Pediatrics at East Avenue Medical Center last December 2016 as an Assistant Chief Resident. She is a member of the Philippine Medical Association, Manila Medical Society and currently affiliated with ACE-QC Medical Center and Caloocan City North Medical Center as a Junior Consultant in the Department of Pediatrics.

Biography

EuroSciCon

Title: Dissecting the relationships of IgG subclasses and complements in membranous lupus nephritis and idiopathic membranous nephropathy

Young Soo Song

Hanyang University

Biography

Young Soo Song completed his MD (1994-2000) at College of Medicine-Hanyang University, Korea; MS (2004-2006) and; PhD (2006-2009) in Department of Pathology at College of Medicine-Hanyang University, Korea. He worked as a Public Health Doctor (2000-2003) in Public Health Center, Incheon, Korea; Internist (2003-2004) at Hanyang University Hospital, South Korea; Resident in Anatomic Pathology (2004-2008) at Hanyang University Hospital, South Korea and; as a Researcher Associate (2008-2009) in Seoul National University Biomedical Informatics, Seoul National University College of Medicine, Seoul, Korea. He currently works as a Research Professor, Department of Pathology, College of Medicine, Hanyang University, Seoul, Korea. He is also member of Korean Medical Association, Korean Society of Pathologists and Korean Society of Cytopathology.

Title: Study of the relationship between urinary level of uromodulin, renal involvement and disease activity in patients with systemic lupus erythematosus (SLE)

Marwa Ismail

Kafr El Sheikh University

Biography

Marwa Mounir Ismail has completed her master degree in 2016 from Alexandria University and currently is studying MD. She works now as an Assistant Lecturer of Nephrology in Kafr El Sheikh University

Title: Spectrum of acute kidney injury in critically ill patients in medical ICU: A single center hospital based study from north-eastern India

Kallol Bhattacharjee

Silchar Medical College and Hospital, India

Biography

Kallol Bhattacharjee completed his MBBS from Gauhati University, Assam, India in 1986 and did his Post-graduation in Internal Medicine in 1990. He has been working in the Department of Medicine at Silchar Medical College and Hospital, Silchar, Assam, India since 1992 and presently working as an Associate Professor; In-charge of Medical ICU and Deputy Superintendent of the hospital. He has published approximately 20 original research papers in various national and international journals and in January 2017, he was conferred Fellowship by the Indian College of Physicians, the academic wing of the Association of Physicians of India.

Biography

EuroSciCon

Title: NFAT5 is activated by hypoxia: Role in ischemia and reperfusion in the rat kidney

Carlos E Irarrazabal

University of Los Andes

Biography

Prof. Carlos E Irarrazabal is a Professor in the Center for Biomedical Research at University of Los Andes, Chile. He received his Ph.D in Biomedical Sciences, University of chile (2001). His research group is interested into understand the cellular and molecular mechanisms activated during different insults affecting the Renal and Cardiovascular systems. There is a wide range of agents with potential capability to damage these systems and have focused to research the ischemic condition, with emphasison understanding the role of hypoxia. They are interested to develop Translational Medicine and innovation research. This perspective has got our interest to explore the role of extracellular microvesicles generated from cells as a source of molecular target for diagnosis and therapy.

Title: The Role of kidney injury molecule-1, Interleukin-18 and Glutathione-S-Transferase-π in paediatric HIVAN

Rajendra Bhimma

University of KwaZulu-Natal

Biography

Professor Rajendra Bhimma is Associate Professor of Paediatrics, University of KwaZulu-Natal, and Specialist Paediatric Nephrologist at the Inkosi Albert Luthuli Central Hospital in Mayville, Durban, KwaZulu-Natal, South Africa. He has over 50 publications in peer-reviewed journals and is a member of several national and international nephrology societies. He is also an executive member of the Biomedical Research Ethics Committee of the University of KwaZulu-Natal and co-editor for three peer-reviewed journals. His main research interest is in glomerular diseases in children, particularly nephrotic syndrome. He also serves as reviewer for several local and international journals in paediatrics and nephrology.in glomerular diseases in children, particularly nephrotic syndrome. He also serves as reviewer for several local and international journals in paediatrics and nephrology.

Title: Nocturnal enuresis in children and adolescent with sickle cell anemia

Fathelrahman Elawad

Alneelain University

Biography

Professor Fathelrahman Elawad has completed his MBBS at the age of 25 years from Khartoum University and membership of the royal college of phyicians from the royal college of phyicians-london and a certificate of Arab Board of pediatrics. He was passed dean of faculty of medicine at Alneelain university. He has published 30 papers in international journal and has been serving as an editorial board member for two journal at his country and he is a reviewer for four international journals.

Biography

EuroSciCon

Title: Study of coronary and renal angiography in patients having diabetic nephropathy-a study in tribal area of central India

Punit Gupta

Government medical college hospital

Biography

Punit Gupta, was Profossser in Government medical college hospital (consider to be the tribal of india), raipur, India. He have done bachelor degree in 2000 I.e MBBS, than master degree in General Medicine in 2003 I.e MD, than Superspeciality in Nephrology I.e DM , With PHD DEGREE . He also awarded the prestigious ISPD SCHOLARSHIP and ASN fellowship. He have awarded with APCN developmental award in Malaysia. And also awarded with many oral n poster presentation National and International. He have presented highest number of papers I.e 31 abstract in single conference under his name till date around 175 paper and abstract is presented by him in different conferences

Title: Prevalence of bk viraemia among post kidney transplant patients in sri lanka: A single centre experience

Buddhisha Mahanama

University of Colombo

Biography

Buddhisha Mahanama is currently working as a Senior Registrar in Nephrology & Transplant Unit, Teaching Hospital, Kandy, Sri Lanka. She completed her Bachelor of Medicine & Bachelor of Surgery (MBBS) from the University of Kelaniya, Sri Lanka and MD from the University of Colombo, Sri Lanka. And she was working as a Medical Officer in Medicine, Cardiac Electrophysiology Unit & Surgery in Teaching Hospital, Kandy, Sri Lanka.

Title: Functional dyspepsia: An unresolved issue

Mukhtar Mehboob

Mohtarma Shaheed Benazir Bhutto Hospital Quetta

Biography

Mukhtar Mehboob did my MBBS from Bolan Medical College Quetta. I did my fellowship in general surgery FCPS from College of Physicians & Surgeons Pakistan, later did MRCS & FRCS from Royal College of Physicians & Surgeons Glasgow. I have 28 publications. Presently working as head of Surgery departmentin Mohtarma Shaheed Benazir Bhutto Hospital Quetta and member of faculty of surgery, College of Physicians & Surgeons Pakistan

Biography

EuroSciCon

Title: Women, trauma and alcohol dependency: Connections and disconnections in alcohol treatment for women

Muhammad Ameen
ISB

Biography

Muhammad ameen has his expertise in thyroid dysfunctioning pertaining to goiter. He has suggested valuable strategies to government of Pakistan in order to curtain goiter disease in human population. He has a great exposure in research, teaching and administration at University level.
