Invitation

Welcome to Zurich, the City of Arts and Science, and experience the science of Psychology illuminated as never before. EuroSciCon is proud to host the 27th Edition of International Conference on Clinical Psychology and Neuroscience, February 25-26, 2019 Zurich, Switzerland. This year's theme is Emerging Target Therapies in Mental Health & Neuroscience.

Clinical Psychology 2019 will provide an extraordinary opportunity for Psychologists and Neurologists of all strips and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Psychologists, Neurologists, Pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Clinical Psychology Conference is the perfect venue not only to dive into your field of psychological interests but also to expand the scope of your knowledge. 17 tracks are devoted to subjects such as the Psychiatry & Psychology, Neurology & Neuroscience, Pharmacology, Clinical Psychology and many more.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Psychological forum in person is your active participation.
