Probing the Advancements and Technologies in Central Nervous System

EuroSciCon

Central Nervous System

2018

Invitation

Central Nervous System 2018 is glad and proud to welcome to attend the European Conference on Central Nervous System Plans during October 22-23, 2018 Athens, Greece with a theme “Probing the Advancements and Technologies in Central Nervous System“. Prague is the city of financial and business capital of the Greece, currently one of the best European cities in which to locate an international business. EuroSciCon through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Central Nervous System 2018 aims with total 25 tracks to discover advances in Neurosurgery, management and education in relation to the field as well as a breadth of other topics.

Central Nervous System 2018 conference brings together individuals who have an interest in different fields like Neurosurgery, Neuropsychology and Behavioral Sciences, Clinical Neurology and Neuropsychiatry, Neuro Diagnosis and Imaging procedures, legal, healthcare and medicine from practice, research, administration, policy and education. It also gives opportunities to the investor societies to showcase their knowledge and have face to face meetings with scientists increasing their business opportunities and also gives opportunity to know about their market competitors.The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. We assure our attendees will return with a confidence in lsharing and gaining knowledge from the experts to improve their scientific practice and equipped with certified procedures to work with.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Neurological professionals and Educators accessing the website, Central Nervous System 2018 is the most lucrative platform for Neurologists, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Central Nervous System 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

October 22-23, 2018
Athens, Greece

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Central Nervous System

2018

Who'd be attending?

Leading world Neurologists, Neuroscientists, Professors, Neurosurgeons, Leading Universities, Students, Directors of association and societies. Central Nervous System 2018 conference brings together individuals who have an interest in different fields like Neurosurgery, Neuropsychology and Behavioral Sciences, Clinical Neurology and Neuropsychiatry, Neuro Diagnosis and Imaging procedures, adult & women health, legal, research, administration, policy and education. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Central Nervous System Disorders:
- Neuro Degeneration
- Cerebrovascular disorders
- Clinical Neurology and Neuropsychiatry
- Novel Neurotherapeutics
- Neuropsychiatric unsettling influences
- Cognitive neurology
- Mind Tumors and Neurosurgery
- Stroke and its Management
- Various sclerosis
- Neuropsychology and Behavioral Sciences
- Neuropharmacology
- Neuro Diagnosis and Imaging procedures
- Neurology and Nursing
- Cerebral Disorders:
- Neuro Oncology and CNS:
- Clinical Trails & Case Reports
- Neurogenetics & Neurometabolic disorders
- Neuronal Disorders
- CNS Biomarkers
- Cerebrovascular Disease
- Neurodevelopmental Disorders
- Cerebral palsy
- CNS and Neuro surgery
- Neurochemical Transmission
