

EuroSciCon

EuroSciCon Conference on

Data Analytics & Data Mining

October 01-02, 2018

Amsterdam, Netherlands

Theme:

Data Analytics & Data Mining-The Next Generation of Future Innovations

EuroSciCon

Data Analytics & Data Mining

2018

Invitation

EuroSciCon is organizing meeting on **Data Analytics and Data Mining** is scheduled from **October 01-02** at **Amsterdam, Netherlands**. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

The meeting promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards data mining & analysis, the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Data Analytics & Data Mining with a theme on Data Analytics & Data Mining-The Next Generation of Future Innovations

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in Data Analytics, Data Mining, Big Data and Big Data Technologies, Business Analytics, Artificial Intelligence and many more.

We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to thank all EuroSciCon Members and participants whose commitments and cooperation have been basic to the accomplishment of the association!!

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

October 01-02, 2018

Amsterdam, Netherlands

EuroSciCon

Data Analytics & Data Mining

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Big Data Scientist and Analyst, Young Researchers accessing the website, Data Analytics & Data Mining 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

October 01-02, 2018

Amsterdam, Netherlands

Data Analytics & Data Mining 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 350+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Data Analytics & Data Mining

2018

Who'd be attending?

EuroSciCon Conference on Data Analytics & Data Mining plays host for Faculty & Students of Statistics, Computer Science, Science & Technology, Biosystems Science and Engineering, Big Data Associations & Societies, Business Entrepreneurs, Marketing Companies.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Data Analytics - The Future of Everything
- Data Mining
- Educational Data Mining
- Big data & Data Analytics
- Visual Analytics
- Info-Graphics
- Business Analytics
- Pharmacy Analytics
- Artificial Intelligence
- Cloud Computing
- Climate Informatics
- Smart Buildings
- Internet of things (IOT)
- Bioinformatics
- Social Media Analytics
- Preventing Fraud
- Road Safety & Analysis
- Data Analytics Tools
- Ethics
- Future of Data Analytics
- Data Warehousing
- Open Data
- Frequent Pattern Mining

EuroSciCon

Data Analytics & Data Mining

2018

About Destination Amsterdam, Netherlands

Amsterdam is the capital and most populous municipality of the Kingdom of the Netherlands. Its status as the capital is mandated by the Constitution of the Netherlands although it is not the seat of the government and it is legacies of city's 17th century. Amsterdam has a population of 841,186 within the city proper, 1,337,743 in the urban area and 2,431,000 in the Amsterdam metropolitan area. The city is located in the province of North Holland in the west of the country.

The etropolitan area comprises much of the northern part of the Randstad, one of the larger conurbations in Europe, with a population of approximately 7 million. Amsterdam's the name derives from Amstelredamme the city's origin as a dam of the river Amstel. Originating as a small fishing village in the late 12th century, Amsterdam became one of the most important ports in the world during the Dutch Golden Age a result of its innovative developments in trade. During that time, the city was the leading centre for finance and diamonds and in the 19th and 20th centuries the city expanded, and many new neighbourhoods and suburbs were planned and built.

The 17th century canals of Amsterdam and the 19–20th century Defence Line of Amsterdam are on the UNESCO World Heritage List. As the commercial capital of the Netherlands and one of the top financial centres in Europe, The city is also the cultural capital of the Netherlands. Amsterdam was ranked the second best city in which to live by the Economist Intelligence Unit and 12th globally on quality of living for environment and infrastructure by Mercer.
