EuroSciCon

18th Edition of International Conference on Dermatology and Melanoma

DATE & VENUE

01ST-02ND OCTOBER 2018 &

FRANKFURT, GERMANY

AGENDA

Biography

EuroSciCon

TITLE: METADICHOL ® AND SKIN DISEASES. A POLY PHARMACOLOGICAL APPROACH. ONE PROCESS MANY POSSIBLE CURES

P.R. Raghavan
NanoRx Inc,
Chappaqua,
USA

Biography

CEO of Nanorx INC has a Ph.D. in Organic Chemistry from Oregon State University (1979) and M.S in Chemistry(1972) from I.I.T Mumbai, India. He has worked on drug discovery for over 25 years at Columbia University, Max-Planck Institute, Germany, Ciba-Geigy (now Novartis) and Boehringer Ingelheim. He has over 25 US and International patents and another 15 pending patent applications.

Title: GIANT CONDYLOMATA ACUMINATA OF BUSCHKE-LOWENSTEIN WITH PARANEOPLASTIC HYPERCALCEMIA

Frederick Venter
Kern Medical Centre,
USA

Abstract Content

Long standing genital warts can turn malignant due to dynamics between the HPV virus and the immunologic response of the host. Giant Condyloma Acuminatum associated with Squamous Cell Carcinoma are termed Buschke Lowenstein Tumors. The E7 gene of HPV impairs antigen presenting cells in the skin, enabling the virus to stay undetected. Co-infection with HIV/HSV-1 further enhance the oncogenesis of HPV.

Title: PREVENTATIVE COSMETIC TREATMENT TO CONTROL HYPERPIGMENTATION AND ROS

Prashant Sawant
Intraceuticals Pty Ltd, Melbourne
Australia

Abstract Content

The sun exposure and air-pollution (particulate matter) triggers hyperpigmentation and reactive oxygen species (ROS) within the skin which can aid melanoma, particularly in old age. Sunscreens cannot provide in-depth protection to the skin against external stimuli Currently cost effective and efficacious preventative measures are not fully established.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: IDENTIFYING INCIDENTAL SKIN CANCERS FOLLOWING TOTAL BODY SKIN EXAMINATION

Conn McGrath
University of Oxford & Oxford University Hospitals, UK

Abstract Content

A significant proportion of skin cancers are diagnosed following a two-week-wait (2WW) referral in the UK. In our Trust, total body skin examination (TBSE) is standard practice although the cost-effectiveness remains controversial. TBSE is reported to detect more skin cancers than lesion-directed examinations alone. This study aimed to quantify and characterise incidental lesions discovered from TBSE.

Title: IS THERE A POSTCODE LOTTERY FOR MELANOMA TREATMENT IN THE THAMES VALLEY?GEOGRAPHICAL VARIABON OF REFERRALS FOR SENTINEL NODE BIOPSY

Edward Balai
University of Oxford, UK

Abstract Content

Sentinel node biopsy (SNB) is an established investigation for melanoma with potential therapeutic benefit. However, there is variation in practice and not all centres in the UK offer this prognostic intervention. We assessed the geographical variation in referral patterns and patiert demographics to a regional cancer centre for patients undergoing SNB.

Title: NEW FORMULATIONS OF MELATONIN TO PREVENT AGING SKIN

Germaine Escames
Granada University School of Medicine, Spain

Biography

Germaine Escames has broad experience in the studies of the antioxidative role of melatonin and the identification of the mitochondria as the main target of melatonin, and its anti-inflammatory activity against the innate immune response, among others. She has four international patents on melatonin.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: MINIMAL INVASIVE EVACUATION OF POLYACRYLAMIDE GEL WITH ULTRASONOGRAPHIC MARKINGS AND FAT-TRANSFER CANNULA

Shun Io
Society of Macau Surgical Association, China

Abstract Content

This study aimed to introduce a new method of evacuating PAAG with the help ultrasonography (USG) markings on face and evacuating with Fat-Transfer Cannula.

We aimed to remove PAAG with a technique using fat-transfer cannula in patients with complicated or displaced injected materials.

Title: ITCH-SCRATCH-ANXIETY CYCLE IS A CHRONIC COGNITIVE NEURO-ENDOCRINE MEDIATED BEHAVIOUR IN OUR MIND.

Chan Kam Tim Michael
Hong Kong Academy of Medicine, Hong Kong

Biography

Chan Kam Tim Michael is now the Vice President of the Association of Integrative Aesthetic Medicine in Hong Kong. He was editor of the Hong Kong Journal of Dermatology and Venerology from 2002 to 2007. He acts as Editorial Board Members of the following international journals since 2017: Research Journal of Nervous System; The Cognitive Neuroscience Journal, Medical Reports and Case Studies and Advances in Neurology and Neuroscience.

Title: TISSUE STABILIZED-GUIDED SUBCISION® (TS-GS): A REVOLUTIONARY MINI-INVASIVE TREATMENT FOR CELLULITE BLEMISHES IN 80 CONSECUTIVE PATIENTS.

Roberto Dell'Avanzato
L'Albereta Relais & Chateaux, Italy

Biography

Dell'Avanzato Roberto is Specialist in Surgery with an University Master in Aesthetic Medicine and Surgery; Professor of Laser and Laser Assisted Liposuction, San Marino University (San Marino); University Diploma in Laparoscopic Surgery, Louis Pasteur University of Strasbourg (France); Honorary Member of the Israel Academy of Beauty; Honorary Member of the Italian Academy of Beauty.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: SKIN CANCER: NEW FORMULATION STRATEGIES FOR TOPICAL TREATMENT

Silvia Tampucci
University of Pisa, Italy

Biography

Silvia Tampucci main research activity concerns the development of formulation strategies for improving cutaneuos, ungual and corneal delivery of drugs and the study of in vitro and in vivo models to evaluate the bioavailability of topically applied drugs. Her work includes the evaluation of citotoxicity of pharmaceutical excipients and the characterization of mucoadhesive properties of polymeric dispersions. It also deals with the evaluation of the effectiveness and functionality of cosmetic formulations using in vitro techniques.

Title: ENDOLIFT AND ULTHERAPY® FOR THE BEST FACE, NECK AND BODY NON-SURGICAL LIFTING.

Roberto Dell'Avanzato
L'Albereta Relais & Chateaux, Italy

Biography

Dell'Avanzato Roberto is Honorary Member of the Israel Academy of Beauty; Honorary Member of the Italian Academy of Beauty; Certificate of excellence awarded from The Pakistan Medical Association, for humanitarian services rendered to the burnt and scarred victims of Pakistan; Certificate of Merit awarded from the Combined Military Hospital of Islamabad (Pakistan), for humanitarian services.

Title: AN EASY WAY TO ELIMINATE CAUSES OF COLLAGEN AND ALLERGIC DISEASES

Kimihiko Okazaki
Okazaki Medical Clinic, Japan

Biography

Kimihiko Okazaki acquired his M.D. degree from Kyoto University Faculty of Medicine in March, 1959 and his Ph. D. degree from Yamaguchi University Faculty of Medicine in October, 1989.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: NON-MELANOMA SKIN CANCER AFFECTS SECOND PRIMARY CANCER IN A RACE- AND CANCER-DEPENDENT MANNER.

Liza Bornman
University of Johannesburg

Biography

Prof Liza Bornman completed a PhD in Human Genetics at the University of Pretoria and two Commonwealth Fellowships at the Wellcome Trust Centre for Human Genetics, University of Oxford. Her research interest is the field of epigenetic epidemiology, involving the integration of genetics, epigenetics and environment to influence phenotype. Vitamin D signaling, a model of gene-environment interaction, which is hindered in cancer and infectious diseases, is the focus of her research. She has a Scopus h-index of 16, is the author and co-author of 34 publications and elicited 770 citations.

Title: COMPARATIVE STUDY BETWEEN THE EFFECTIVENESS OF TCA 50% AND 95% IN THE TREATMENT OF POST ACNE SCARS.

Reham Labib
Ain shams university

Abstract Content

Acne vulgaris is a chronic inflammatory disease of the pilosebaceous follicles, characterized by comedones, papule, pustules, cysts, nodules and often scars. Depending on the severity and extent of involvement, treatment varies from application of topical medications to systemic therapy with antibiotics or retinoids.

Title: TUMORAL AND TRAUMATIC NASAL DEFECT RECONSTRUCTION USING THE PARAMEDIAN FOREHEAD FLAP

Raluca Laura Stefanescu
County Emergency Hospital Constanta

Biography

Dr Raluca Stefanescu has a rich expertise in Reconstructive Plastic Surgery especially for defects following extensive trauma and tumor resection. The constant exposure to difficult cases has increased her confidence for new approaches at the same time remastering the classical ones.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: CRITICAL ANALYSIS OF TRICHOLOGY IN HEALTHCARE INDUSTRY AS AN UPCOMING MARKET.

Aditya V. Tandle
Insta Hair and Hair Labs Pvt Ltd

Biography

Dr. Aditya Tandle, (Ph.D Scholar), doctorate in Tricology,is the 2nd person to hold this degree worldwide and the 1st one in India. Passionate about Tricology, he is the Founder and Chairman of his companies, Insta Hair and Hair Labs Pvt Ltd and Vinci Trichology in India, which caters to both domestic and international clientele.

Title: PEDIATRIC VASCULAR LESIONS : IS SCLEROTHERAPY THE ANSWER?

Krishna Kumar G
Jawaharlal Institute of Postgraduate Medical Education & Research

Abstract Content

Surgical excision may not be feasible in all. Alternative modalities such as Sclerotherapy have been proposed to tackle these lesions. We have attempted to look into the efficacy & feasibliity of image guided interventional therapy in these lesions

Title: SERUM ZINC AND COPPER LEVELS AND CU: ZN RATIO IN CHRONIC PLAQUE PSORIASIS-A CASE- CONTROL STUDY OF 50 CASES

Ipsa Pandya
Waves wellness

Abstract Content

Zinc and copper are important cofactors and modulators of many critical biological functions in different dermatological diseases including psoriasis as they are involved in a number of cellular metabolic activities.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: SURGICAL MANAGEMENT OF THE BASAL CELL CARCINOMA – DERMOSCOPICAL AND HISTOLOGICAL CORRELATIONS

Raluca Laura Stefanescu
County Emergency Hospital Constanta

Biography

Dr Raluca Stefanescu has a rich expertise in Reconstructive Plastic Surgery especially for defects following extensive trauma and tumor resection. The constant exposure to difficult cases has increased her confidence for new approaches at the same time remastering the classical ones.

Title: THE STUDY AND EVALUATION OF THE POSSIBILITIES OF MAMBRANE-PROTECTIVE THERAPY IN ATOPIC DISEASES

Djambekova Gulnara
The ministry of public health of the republic of Uzbekistan

Abstract Content

learning structure-functional condition of lipid plasmatic membrane of erythrosine and lymphocyte in patients with skin (aprotic dermatitis) and respiratory (bronchial asthma and allergic rhinitis) developing atopy. To determine specific IgE antibodies, RIDA qLine Allergy panels (Germany) with the list of allergens adapted for Uzbekistan (Uzbekistan panel №1, №2, №3, №4) were used.

Title: IMPROVING THE APPEARANCE OF ABNORMAL FACIAL SCARS BY AUTOMATED MICRO-NEEDLING TECHNOLOGY

Kadir Mardam Bek
Hama University

Abstract Content

Scar formation is a natural part of the healing process following a physical injury to body tissues. The two most common types of scars are Keloid and Hypertrophic scars. These pathological scars result from an abnormal response to trauma. They can be painful and itchy leading to a considerable functional and aesthetical disability. Post-surgical scars require a complex treatment and can be very challenging for surgeons.

GLIMPSES OF DERMATOLOGY CONFERENCES

PLAN A TRIP TO Frankfurt: DESTINATION OF Dermatology 2018

Frankfurt is the most international city in Germany and largest financial centre on the continent. Frankfurt is an alpha world city and a centre for commerce, culture, education, and tourism and web traffic. It is the fifth largest city in Germany after Berlin, Hamburg, Munich and Cologne, thus it is Germany's largest city. Frankfurt is an unexpectedly traditional and charming city, with half-timbered buildings huddled in its quaint medieval Altstadt (old city). The cosy apple wine taverns serve regional food. Neighbourhoods villages are filled with and beautiful parks, gardens and riverside paths, outdoor cafes, beautiful boutiques and with unique street arts. Frankfurt has international relations with France, England, USA, Italy, and China, turkey, japan and partnership relationship with Cairo, Egypt, Israel, Canada, Poland and United Arab Emirates. Leading tourist destinations in Frankfurt are St. Paul's Church, Römerberg a public space where, can enjoy German food and beer, Palmengarten-botanical garden, Museum Embankment, Frankfurt TV Tower with height of 337.5 metres and Museum Giersch, Museum for Regional Art. Frankfurt schools rank among the best equipped schools nationwide. Frankfurt is a city of festivals includes Museums Riverbank Festival, Festival of Stoneware, and Day of the forest, Night of the museums. Almost one of the three people living in Frankfurt do not hold a German passport, but still they are welcomed and meet people in Frankfurt who speaks their language and restaurant who serves their favourite food. In 2018, Frankfurt plans to gather prominent educational scientists, researchers and instructors to discuss about the current trends in Dermatology and Melanoma.

EXPLORE THIS EMBODIMENT TOURIST HERITAGE

Frankfurt, a city which comprises both modern architecture and historical monuments is a place worth visiting once in a lifetime. Following are the famous tourist marvels of the city.

City Attractions
