

EuroSciCon

19th Edition of International Conference on

Dermatology and Melanoma

August 19-20, 2019
Tokyo, Japan

Theme:

In depth discussions on advanced clinical and experimental Dermatology research

2019

Invitation

Welcome to Tokyo, the City of Arts and Science, and experience the science of Dermatology illuminated as never. EuroSciCon is proud to host the **19th Edition of International Conference on Dermatology and Melanoma, August 19-20, 2019 in Tokyo, Japan.** This year's theme is In depth discussions on advanced clinical and experimental Dermatology research. Dermatology 2019 will provide an unprecedented opportunity for Dermatologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite oncologists and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Dermatology Conference is the perfect venue not only to dive into your Dermatological interests but also to expand the scope of your knowledge. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Dermatological forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

About Destination Tokyo

Tokyo is the center of business, trade, and industry of Japan and also of Asia. It is Japan's capital and the world's most populous metropolis, Greater Tokyo Area is the most populous metropolitan territory in the world. Tokyo is the window into the future where people respect their surroundings. Tokyo was originally a small fishing village named Edo, prior to 1868. Tokyo has many universities, junior colleges, and vocational schools for education. Hitotsubashi University, National Graduate Institute for Policy Studies are biggest national universities in Tokyo. Tokyo buildings are either small and very square or tall and rectangular thin, exist in varying shades of coffee, caramel and grey and are neatly placed together, making Tokyo look like it was only built 10 years ago but someone really anal and with a passion for beige.

In the event that you are visiting the city with your children, a visit to Tokyo Disneyland is an absolute necessity. Tokyo Sky Tree is the tallest in Japan. Traditional religious sights such as Meiji Shrine and Sensō-ji attract many tourists across the world. There are many tourist attractions in Tokyo that could keep a guest busy around a little while! On your visit, you can explore places, for example, the Meiji Jingu Shrine, the stunning Ueno Park, the shopping and entertainment area of Roppongi, the Tsukiji Fish Market which is one of the biggest fish market all over the planet, the intriguing Tokyo National Museum and the lavish Tokyo Imperial Palace.There are also artworks and statues at several places in the Ueno park. There is also a zoo in the park, and the park is a popular destination to view cherry blossoms.

the largest metropolitan area of Japan welcomes Dermatology 2019
