5th Edition of EuroSciCon Conference

Environmental Science and Engineering

October 29-30, 2018
Budapest, Hungary

Theme:

Sustainable Development of Environmental Science and Engineering towards Earth Science and Environmental Health

EuroSciCon

Environmental Science

2018

Invitation

Welcome to Budapest, one of the biggest urban communities in the European Union, sometimes portrayed as the primate city of Hungary, and experience the Environmental Science as never before. EuroSciCon is proud to host the 5th Edition of EuroSciCon Conference Environmental Science and Engineering, October 29-30, 2018 in Budapest, Hungary. This year's theme is Sustainable Development of Environmental Science and Engineering towards Earth Science and Environmental Health. Environmental Science and Engineering 2018 will provide an unprecedented opportunity for Researchers and scientists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Environmental Science and Engineering Conference is the perfect venue not only to dive into your particular Environmental Science interests but also to expand the scope of your knowledge.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Environmental forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Environmental scientists and Ecologists accessing the website, Environmental Science 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Environmental Science Conference 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

October 29-30, 2018
Budapest, Hungary

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Environmental Science

2018

Who'd be attending?

5th Edition of EuroSciCon Conference Environmental Science plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Environmental Scientists/ Researchers Professors/ Ecologists, Engineers and Planners, Junior/Senior research fellows of Environmental Science/ Environmental Engineering/ Ecology, Earth Science Students, Directors of Environmental companies, Environmental Engineers, Members of different Environmental science associations, Members of different Environmental NGOs.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Environmental Science
- Environmental Engineering
- Climate Change
- Pollution
- Global Warming
- Natural Resources
- Energy Conservation
- Recycling and reuse
- Green Chemistry
- Ecology and Restoration Ecology
- Fossil Fuels
- Renewable and non-renewable sources of energy
- Environmental Hazards
- Human Impact on Environment
- Waste management and treatment
- Water conservation and Hydro Power
- Biodiversity Conservation
- Oceanography and Marine Biology
- Atmospheric Science and Bio monitoring
- Soils Science and Agriculture
- Environmental Economics
- Environmental Toxicology and Toxicity Assessment
- Environmental Biotechnology
- Sustainable Business and Sustainable Development
- Environmental Legislation
