

EuroSciCon

6th Edition of International Conference on

Environmental Science and Engineering

October 07-09, 2019
Osaka, Japan

Theme:
Innovation & Developments in Environmental Sustainability

EuroSciCon

Environmental Science

2019

Invitation

Welcome to Osaka, the capital city of Osaka Prefecture, the best bit of the Keihanshin Metropolitan Area and Experience the Environmental Science as never before. EuroSciCon is proud to host the 6th Edition of EuroSciCon Conference Environmental Science and Engineering, October 07-09, 2019 in Osaka, Japan. This year's theme is Innovation & Developments in Environmental Sustainability. Environmental Science and Engineering 2019 will provide an unprecedented opportunity for Researchers and scientists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Environmental Science and Engineering Conference is the perfect venue not only to dive into your particular Environmental Science interests but also to expand the scope of your knowledge. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Environmental forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and
- research oriented challenges

October 07-09, 2019
Osaka, Japan

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Environmental scientists and Ecologists accessing the website, Environmental Science 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Environmental Science Conference 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

October 07-09, 2019
Osaka, Japan

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Environmental Science

2019

Who'd be attending?

6th Edition of EuroSciCon Conference Environmental Science plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Environmental Scientists/ Researchers Professors/ Ecologists, Engineers and Planners, Junior/Senior research fellows of Environmental Science/ Environmental Engineering/ Ecology, Earth Science Students, Directors of Environmental companies, Environmental Engineers, Members of different Environmental science associations, Members of different Environmental NGOs..

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Environmental Science
- Pollution
- Global Warming and Climate change
- Natural Resources
- Fossil Fuels
- Energy Conservation
- Recycling and Reuse
- Biodiversity Conservation
- Human Impacts on Environment
- Renewable and non-renewable Energy
- Oceanography
- Hydrology and Water Resources
- Natural Hazards
- Atmospheric Science
- Ozone layer Depletion
- Environmental Toxicology
- Mining and Mineral Engineering
- Sustainable Agriculture
- Waste management and treatment
- Soil Science
- Environmental Biotechnology
- Environmental Economics
- Environmental Legislation
- Green Chemistry
- Environmental Geology
- Ecology and Restoration Ecology
