

EuroSciCon

EuroSciCon Congress on

Enzymology and Molecular Biology

August 13-14, 2018
Paris, France

Theme:

Novel Trends and Advances in Enzymology and Molecular Biochemistry

Invitation

Welcome to Paris.

On behalf of Enzymology 2018 Organizing Committee, we are pleased to invite all Professors, Researchers, scientists, Business Giants, CEOs, COOs, Directors, Vice Presidents, Co-directors, Managing Directors, Industry Safety Officers, Molecular Biologist, Post Doctorate Fellows, Vendors of Consumer Products/ Managers, Students from the Enzymology and its allied areas.

The conference proceedings include symposiums and workshops, keynote speeches, plenary talks, poster sessions and panel discussion on latest research developments in the field of Enzymology and Molecular Biology 2018.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

August 13-14, 2018
Paris, France

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Molecular Biologist and Biochemist accessing the website, Enzymology and Molecular Biology 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Enzymology and Molecular Biology 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

August 13-14, 2018
Paris, France

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

EuroSciCon Congress on Enzymology and Molecular Biology gives chance to meet biochemist,molecular biologist, directors and research associates from biotechnology industry and academic field respectively and share ideas, knowledge and different views on various areas of Enzymology and Molecular Biology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Cell Signaling
- Enzyme Nanotechnology
- Clinical Enzymology
- Enzyme Kinetics
- Recombinant DNA Technology
- Enzymology In Drug Discovery
- Enzymology & Proteomics
- Biochemistry, Biophysics & Structural Biology
- Cell Biology, Development & Cancer
- Genetics And Molecular Biology
- Genetics & Genomics
- Computational Enzymology
- Enzymology & Thermodynamics
- Enzymology In Food Processing & Technology
- Molecular Biology Techniques
- Enzymology Case Study

EuroSciCon

See your work PUBLISHED

in one of our related journals

- Molecular Enzymology and Drug Targets
- Insights in Enzyme Research

August 13-14, 2018

Paris, France

EuroSciCon

2018

About Destination Paris

Paris, France's capital is a major European city and a global Center for art, fashion, gastronomy and culture. Its 19thcentury cityscape is crisscrossed by wide boulevards and the River Seine. Beyond such landmarks as the Eiffel Tower and the 12th-century, Gothic Notre-Dame cathedral, the city is known for its cafe culture and designer boutiques along the Rue du Faubourg Saint-Honoré. Paris has been in the top list of world's best tourist attractions because of its beauty present in the city. The important sightseeing attractions of Paris are its Museums, Monuments, Theme Parks, Gardens, Zoos and Aquariums. In the Paris region, Disneyland Paris, in Marne-la-Vallée, 32 kilometres (20 miles) east of the centre of Paris, was the most visited tourist attraction in France, with 14.8 million visitors in 2015. The centre of Paris contains the most visited monuments in the city, including the Notre Dame Cathedral and the Louvre as well as the Sainte-Chapelle; Les Invalides, where the tomb of Napoleon is located, and the Eiffel Tower are located on the Left Bank south-west of the centre. The banks of the Seine from the Pont de Sully to the Pont d'Iéna have been listed as a UNESCO World Heritage Site since 1991. Other landmarks are laid out east to west along the historic axis of Paris, which runs from the Louvre through the Tuileries Garden, the Luxor Column in the Place de la Concorde, the Arc de Triomphe, to the Grande Arche of La Défense.

Venue and Accomodation

Venue:

Holiday Inn Paris - Marne La Vallee
2 boulevard du Levant
93160 Noisy-le-grand
Tel : + 33 (0)1 45 92 47 03
Fax : + 33 (0)1 45 92 47 78
