About Destination Amsterdam

Amsterdam is the Netherlands' capital, known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city's 17th-century Golden Age. Its Museum District houses the Van Gogh Museum, works by Rembrandt and Vermeer at the Rijksmuseum, and modern art at the Stedelijk. Cycling is key to the city's character, and there are numerous bike paths.

Amsterdam is renowned for its hazy coffeeshops – the cannabis cafes better known for selling bud than brewing beans – but these feted establishments operate in a decidedly grey area of the law. Amsterdam might be best-known for its historic step-gabled dwellings, but the Dutch capital is not one to rest on its architectural laurels. In fact, the local authorities recently backed a pioneering scheme to 3D print a full-sized house in the heart of the city.
