

EuroSciCon

Euroscicon Conference on

Renewable and Green Energy

March 21-22, 2019
Amsterdam, Netherlands

Theme:

The future is all about Green & Renewable Energy

EuroSciCon

Renewable & Green Energy

2019

Invitation

Welcome to Amsterdam, the City known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city's 17th-century Golden Age. EuroSciCon is proud to host the Conference on Renewable and Green Energy, March 21-22, 2019 in Amsterdam, Netherlands. This year's theme is The future is all about Green & Renewable Energy. Renewable & Green Energy 2019 will provide an unprecedented opportunity for Scientists, Researchers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Researchers, Professors, Mechanical Engineers, Students, Members of Associations and Societies, Industrial Members, Power Plant Members, Renewable & Green Energy Agencies Plant Scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Renewable & Green Energy Conference is the perfect venue not only to dive into your particular Renewable & Green Energy interests but also to expand the scope of your knowledge. 25 tracks are devoted to subjects such as the Nuclear Energy, Bio fuels and Diesels, Solar Energy, Biomass Energy, Hydroelectricity, Green Energy and Green Power, Wind Energy, Tidal and Wave Energy, Geothermal Energy, Electromagnetic and Electrostatic Storage, Bio fuels and Diesels etc.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Renewable & Green Energy forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Renewable & Green Energy

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page reation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

Renewable & Green Energy

2019

EuroSciCon Conference on Renewable & Green Energy is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile

Renewable & Green Energy Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to.

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ Countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

2019

Who'd be attending?

Euroscicon Conference on Renewable & Green Energy plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Professors, Mechanical Engineers, Students, Members of Associations and Societies, Industrial Members, Power Plant Members, Renewable & Green Energy Agencies Plant Scientists and others who stay plunged in learning and practice of the science of Renewable & Green Energy field.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Tidal and Wave Energy
- Geothermal Energy
- Energy Conservation
- Electromagnetic and Electrostatic Storage
- Electric Power System
- Thermal-Electric Energy and Fossil Fuels
- Nuclear Energy
- Petroleum Engineering
- Bio fuels and Biodiesels
- Renewable Energy Resources
- Solar Energy
- Biomass Energy
- Hydroelectricity
- Wind Energy
- Renewable Energy Technologies
- Green Energy and Green Power
- Wood Energy
- Energy Efficiency
- Anaerobic Digestion
- Market and Industry Trends
- Emerging Technologies
- Renewable Energy Used For Self Sufficiency

2019

About Destination Amsterdam

Amsterdam is the Netherlands' capital, known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city's 17th-century Golden Age. Its Museum District houses the Van Gogh Museum, works by Rembrandt and Vermeer at the Rijksmuseum, and modern art at the Stedelijk. Cycling is key to the city's character, and there are numerous bike paths.

Amsterdam is renowned for its hazy coffeeshops – the cannabis cafes better known for selling bud than brewing beans – but these feted establishments operate in a decidedly grey area of the law. Amsterdam might be best-known for its historic step-gabled dwellings, but the Dutch capital is not one to rest on its architectural laurels. In fact, the local authorities recently backed a pioneering scheme to 3D print a full-sized house in the heart of the city.
