

EuroSciCon

4th Edition of International Conference on

Agriculture & Food Chemistry

July 08-09, 2019
Vienna, Austria

Theme:

Exploring the recent advancements & its applications in Agriculture & Food Chemistry

EuroSciCon

Food Chemistry

2019

Invitation

Welcome to Vienna, the city of arts and science, and experience the science of Food Chemistry illuminated as never before. EuroSciCon is proud to host the 4th Edition of International Conference Agriculture & Food Chemistry, July 8-9, 2018 Vienna, Austria. The theme of the conference focuses on Exploring the recent advancements & its applications in Agriculture & Food Chemistry. Food Chemistry 2019 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists, chemical researcher, chemists, but to biochemists, biologists, agronomists, plant physiologists, molecular biologists, Agriculture engineers, chemical engineers, material scientists and food scientists, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of Agriculture & Food Chemistry. Delegates from various pharma, Agriculture & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Food Chemistry Conference is the perfect venue not only to dive into your particular chemist's interests but also to expand the scope of your knowledge. 22 tracks are devoted to subjects such as Agriculture Engineering, Plant & Agricultural Biotechnology, Agricultural Chemistry, Agriculture, Forestry & Landscaping, Agronomy & Horticulture, Crop Science, Soil Science & Research, Fertilizers & Pesticides, Livestock & Animal Farming, Agriculture Economics, Food & Food Chemistry, Food Bio-Actives, Food Additives, Food Nutrition & Health, Food Engineering, Science & Technology, Food Microbiology & its Toxicology, Food Nutraceuticals, Food Processing & Preservation, Food Packaging, Aquaculture, Food Laws & Safety, Agriculture and Food: Analysis & Quality Control. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Food Chemistry forum in person is your active participation..

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Food Chemistry

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

EuroSciCon

With over 25000+ agronomists, plant physiologists, molecular biologists, Agriculture engineers, chemical engineers, material scientists and food scientists accessing the website, Food Chemistry 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fueling better outreach of the work and profile.

Food Chemistry 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

July 08-09, 2019
Vienna, Austria

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Food Chemistry

2019

Who'd be attending?

4th Edition of International Conference Agriculture & Food Chemistry, July 8-9, 2019 in Vienna, Austria will provide an unprecedented opportunity for faculties & researchers to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors, Multinational Organizations, entrepreneurs across the globe in the field of Agriculture & Food Chemistry, Junior/ Senior research fellows, Students, Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Food Chemistry.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society, Institute of Biomedical Science (IBMS) and British Society. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Agriculture Engineering
- Plant & Agricultural Biotechnology
- Agricultural Chemistry
- Agriculture, Forestry & Landscaping
- Agronomy & Horticulture
- Crop Science
- Soil Science & Research
- Fertilizers & Pesticides
- Livestock & Animal Farming
- Agriculture Economics
- Food & Food Chemistry
- Food Bio-Actives
- Food Additives
- Food Nutrition & Health
- Food Engineering, Science & Technology
- Food Microbiology & its Toxicology
- Food Nutraceuticals
- Food Processing & Preservation
- Food Packaging
- Aquaculture
- Food Laws & Safety
- Agriculture and Food: Analysis & Quality Control

EuroSciCon

Food Chemistry

2019

Academic Keytopics:

- Agriculture
- Agriculture Biotechnology
- Agriculture Engineering
- Agriculture Nanotechnology
- Agronomy
- Aquaponics
- Bioenergy
- Biopesticides
- Biotechnology
- Chemical Raw Materials
- Crop Science
- Dairy Farm
- Dairy Products
- Feedstocks
- Fertilizers & Pesticides
- Food Additives
- Food Adulteration
- Food Antibiotics
- Food Bioactive
- Food Biochemistry
- Food Biotechnology
- Food Chemistry
- Food Composition
- Food Fermentation
- Food Flavor
- Food Forensics
- Food Fortification
- Food Grading
- Food Insecurity
- Food Labelling
- Food Law
- Food Microbiology
- Food Nanotechnology
- Food Nutrition
- Food Probiotics
- Food Processing
- Food Quality
- Food Safety
- Food Science
- Food Technology
- Food Toxicology
- Green Products
- Green Revolution
- Horticulture
- Natural Products
- Pharmaceuticals
- Plant Biotechnology
- Plant Physiology
- Renewable Resources
- Soil Contamination
- Soil Science
- Sustainability

EuroSciCon

Food Chemistry

2019

Business Keytopics:

- Agiculture Machinery
- Agriculture
- Agriculture Research in Africa
- Agriculture Research in Asia
- Agriculture Research in Canada
- Agriculture Research in Dubai
- Agriculture Research in Europe
- Agriculture Research in Germany
- Agriculture Research in Japan
- Agriculture Research in UK
- Agriculture Research in USA
- Agro-industry
- Animal Sciences
- Aquaculture
- Biochemicals
- Biotechnology
- Dairy Farming
- Dairy Products
- Fish Farming
- Fisheries
- Flavor Chemistry
- Food Analysis
- Food Bioactives
- Food Biotechnology
- Food Chemistry Research in Africa
- Food Chemistry Research in Asia
- Food Chemistry Research in Canada
- Food Chemistry Research in Dubai
- Food Chemistry Research in Europe
- Food Chemistry Research in Germany
- Food Chemistry Research in Japan
- Food Chemistry Research in UK
- Food Chemistry Research in USA
- Food Engineering
- Food Industry
- Food Laboratories
- Food Materials
- Food Processing
- Food Products
- Food Safety
- Horticulture
- Nanotechnology
- Natural resources
- Nutritional Chemistry
- Poultry Farming
- Shrimp Farming
- Tractors
- Veterinary

About Destination Vienna

Austria is located in the heart of Europe. Its dynamic cities feature glittering palaces, classical music concerts, a metropolitan feel, and also a young, vibrant population. Austria is one of the wealthiest countries in the world and has a very high standard of living. Its cities are clean and its people are friendly and helpful. Vienna, Austria's capital, lies in the country's east on the Danube River. Its artistic and intellectual legacy was shaped by residents including Mozart, Beethoven and Sigmund Freud. The city is also known for its Imperial palaces, including Schönbrunn, the Habsburgs' summer residence. In the Museums Quartier district, historic and contemporary buildings display works by Egon Schiele, Gustav Klimt and other artists. Vienna is the focal point of research in Austria: more than 40,000 researchers work in Vienna; more than EUR 2,8 billion are invested into research every year. Around 35 percent of all scientists in Austria are situated in Vienna. almost 40 percent of Austrian research expenditure can be attributed to the city. The research share of Vienna as of now surpasses 3.5 percent of GDP, thus meeting the Europe 2020 target of the European Union long before the 2020 deadline. 30 percent of all Austrian research institutions are situated in Vienna. Research activity is not constrained to colleges and expansive research organizations. Over the previous years, the quantity of organizations directing examination has ascended by more than 50 percent. Altogether, just about 1,500 research organizations are dynamic in Vienna,more than 50 percent of these are businesses.
