

EuroSciCon

23rd Edition Of International Conference on

Advances In Food & Nutrition Research

February 25-26 2019
Philadelphia, USA

Theme:
New Era-New Directions to Food & Nutrition Research

EuroSciCon

Food Nutrition

2019

Invitation

Dear Attendees,

We are glad to announce the Edition of International Conference on Advances in Food & Nutrition Research During February 25-26 2019 Philadelphia, USA organized by EuroSciCon, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. This Conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers.

Food Nutrition studies will be available to discuss with you the latest issues and trends in Unveiling the emerging research for delivering effective concepts on scientific food Research.

Theme: New Era-New Directions to Food & Nutrition Research

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Edition of International Conference on

Advances in Food & Nutrition Research to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to USA this February.

Sincerely,

Teva Jones
Program Director | Food Nutrition 2019

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

EuroSciCon

With over 25000+ Nutritionist, Food Scientists, Food Chemists, Clinical Nutritionist, Dietitian Nutritionist, Food & Nutrition Experts, Health care providers accessing the website, Food Nutrition 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fueling better outreach of the work and profile.

Food Nutrition 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

February 25-26 2019
Philadelphia, USA

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Food Nutrition

2019

Who'd be attending?

EuroSciCon organizes the 23rd Edition of International Conference on Advances in Food & Nutrition Research during February 25-26, 2019 Philadelphia, USA with a theme "New Era-New Directions to Food & Nutrition Research". Participating at Food Nutrition 2019 this pinnacle will bring together the senior level experts with a perfect blend for multidisciplinary collaboration between innovators, scientists, academicians from all over the world and discussed the latest innovations with keynotes and featured presentations in the field of food and nutritional research.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society, Institute of Biomedical Science (IBMS) and British Society. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Nutrigenomics
- Nutraceuticals
- Microbiome Analysis
- Diet Trackers and Food Analysis
- DNA and Metabolomics
- Food Technology
- Sports Nutrition
- Food, Health and Medicine
- Food Packaging
- Advances in Dairy Ingredients
- Sustainable Foods
- Food Waste
- Nutritional Metabolism
- Plant Based Nutrition
- Food Engineering
- Nutritional Epidemiology
- Animal Nutrition
- Nutritional Toxicology
- Feed Palatability Enhancers
- Fitness Nutrition Consumption
- Nutrient Related Chronic Diseases
- Nutrition and Psychology
- Holistic & Integrative Nutrition
- Nutrition and Food Science
- Nutrition and Health
- Food Science and Technology
- Recent Innovation in Food Chemistry
- Food Microbiology
- Food Toxicology
- Food Science & Chemistry
- Food and Drug Analysis
- Food Nanotechnology
- Food and Nutritional Toxicology
- Pediatrics Nutrition
