14th International Conference on

Gastro Education

September 06-07, 2018 | London, UK

AGENDA

Biography

EuroSciCon

Title : Brain and microbial flora brain axis - The role of gut microbiota in the gut-brain axis

Aziz Koleilat,
Makassed University General Hospital

Dr. Aziz Koleilat, born in Beirut, accomplished his premedical studies at the American University of Beirut, Lebanon, graduated from Charles University Prague, Czech Republic - Pediatric Faculty. . Pursued his postgraduate studies and training at the Teaching Hospital of Charles University, Prague. Acquired his first and second attestation (board degrees) at the Institute for Postgraduate Medical Studies Prague, Czech Republic and was appointed a Chairman and Director of Pediatric Residency Program of the Department of Pediatric of Berbir Hospital in Beirut, (affiliated to Lebanese University & Saint Josef University).

Title : SCFFBXW7 Links Intestinal Stem Cells to EMT in Carcinogenesis

Abdolrahman Shams Nateri,
University of Nottingham,
UK.

Dr. Abdolrahman Shams Nateri, upon successful fulfillment of his doctorate degree on the genetic engineering of Picornavirus, human Parechovirus 1, at the Essex Univ. 2001, he joined Cancer Research UK (CR-UK) London Research Institute (previously known as ICRF), where he carried out fundamental basic-research into the links between transcription, MAPKs signaling & diseases, including the cellular/molecular biology of cancer. His novel findings advanced knowledge in the pertinent field and also rewarded with publications in top research journals. In 2007, he joined the faculty of the UoN, where he started as a lecturer, and was promoted as an Associate Professor.

Title : Evaluation of chronic constipation by colonoscopy: Does patient age make a difference

Amir Mari,
Hillel Yaffe Medical Center

Dr. Amir Mari is MD in Gastroenterology Institute, Hillel Yaffe Medical Center

SPEAKER SLOTS AVAILABLE

Biography

Title : Emerging role of novel molecular subtypes to predict colorectal cancer clinical outcome

Annette T Byrne,
Royal College of Surgeons

Prof Annette Byrne is Associate Professor (Physiology) and Head of the RCSI Laboratory for Tumour Biology and Molecular Imaging (LTBMI) at the Royal College of Surgeons in Ireland.

Title : Intestinal Tissue Kallikrein – Kinin System in Inflammatory Bowel Disease

Antoni Stadnicki,
Medical University of Silesia Katowice

Prof. Antoni Stadnicki have worked in Thrombosis Research Center, Temple University Medical School, Philadelphia, USA, having faculty position, investigated a role of plasma and intestinal tissue kallikrein – kinin system in experimental IBD, in collaboration with Prof. Dr RB Sartor, NC, and Chapel Hill, US. Currently he is working as Professor, Silesian Medical University doing research, medical practice, and teaching students. He has supervised two large research projects founded by Polish Ministry of Sciences related to pathogenesis and treatment of human IBD. He also continued IBD coagulation study to evaluate link of coagulation- inflammation in joints and gut diseases, and anti - platelets agents (Clopidogrel) interactions with proton pump inhibitors.

Title : Involvement of Coagulation and Hemostasis in Inflammatory Bowel Diseases

Antoni Stadnicki,
Medical University of Silesia Katowice

Prof. Antoni Stadnicki have worked in Thrombosis Research Center, Temple University Medical School, Philadelphia, USA, having faculty position, investigated a role of plasma and intestinal tissue kallikrein – kinin system in experimental IBD, in collaboration with Prof. Dr RB Sartor, NC, and Chapel Hill, US. Currently he is working as Professor, Silesian Medical University doing research, medical practice, and teaching students. He has supervised two large research projects founded by Polish Ministry of Sciences related to pathogenesis and treatment of human IBD. He also continued IBD coagulation study to evaluate link of coagulation- inflammation in joints and gut diseases, and anti - platelets agents (Clopidogrel) interactions with proton pump inhibitors.

Title: The education Of Digestive Endoscopy In Latin América

Carlos Baubet,
President Uruguayan Congress of Endoscopy,
Uruguay.

Dr. Carlos Baubet is Past President of the Uruguayan Society of Digestive Endoscopy, Uruguay

Title : A genomic marker guided therapeutic roadmap for the treatment of advanced hepatocellular carcinoma

Chau-Ting Yeh,
Chang Gung Memorial Hospital,
Taiwan.

Dr. Chau-Ting Yeh obtained his MD in National Taiwan University and PhD in Department of molecular microbiology and immunology, University of Southern California. He is the director of Liver Research Center, Chang Gung Memorial Hospital, Taiwan, since 2007. His research interests have focused on (i) HBV antiviral drug-related mutants and their oncogenic potential, and (ii) New strategies to apply genomic markers for precision medicine to treat hepatocellular carcinoma. He has published more than 200 papers in SCI indexed journals.

Title : Spectrum of gastroenterology and liver disease a changing trends

Farheen Lubna Hashmi,
Aga Khan University

Dr. Farheen Lubna Hashmi is a senior research assistant at Aga Khan University, Karachi.

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title : Enhanced Prophylactic and Therapeutic Potential of Curcumin and Taurine on Hepatocellular Carcinoma

Farid Kashwaa,
Cairo University

Prof. Farid Kashwaa has completed his PhD at the age of 31 years from Ain Shams University and postdoctoral studies from NCI, Cairo University. He is a full professor of medical biochemistry, NCI, Cairo University since 2011. He has published 25 papers in reputed journals and has been serving as an editorial board member of repute.

Title : Crohn's disease in patients with VW disease

Hassan Moteirek,
Nabatiye Najdi Hospital

Dr. Hassan Moteirek 38 years old, completed his MD in 2003 at the BSMU in Minsk, and there continued his education and training at the gastrointestinal and endoscopy department. At mean time he works in Lebanon, in Nabatiye.

Title : Biliary Phytobezoar development causing small bowel obstruction following laparoscopic cholecystectomy in a sickler patient: a case report

Hatim Al-Abbadi,
King Abdulaziz University,
Saudi Arabia.

Dr. Hatim Al-Abbadi is a Consultant Laparoscopic Surgeon and a member of Endoscopic and Laparoscopic Surgeons of Asia. Dr. Al-Abbadi organized many of surgical training courses on large animals for local and international conferences, through Experimental Surgery Unit at King Fahd Medical Research Center. He is a member in clinical nutrition research group at King Abdulaziz University in affiliation with Southampton University, UK. He was one of the team leaders during Canada Accreditation process of the University Hospital at King Abdulaziz University, Jeddah.

Title : The Trans Sac is a mesh related technique developed department using PHS /UHS for recurrent inguinal hernias

Heitor Consani, Brazil.

Dr. Heitor Fernando Consani, former director of the Sorocaba Hospital Complex, Brazil

Title : Urgent Surgery for Colon Cancer - Treatment Patterns and Outcomes

Heitor Consani, Brazil.

Dr. Heitor Fernando Consani, former director of the Sorocaba Hospital Complex, Brazil

Title : Impact of Deploying a Genetic Approach to Stem Cells Opens-Up New Facets in the “Blank Slates

Jyoti Bhojwani, University of Indore

Dr. Jyoti Bhojwani, is presently a Faculty of Genetics/Bioinformatics/ Principal Investigator of the M.Tech Research Programs (Bio-Informatics)at University of Indore, India. She obtained her B.Sc. (Bachelor’s degree) in Biological Sciences/Chemistry/Physics, M.Sc.(Master’s degree) in Life-Sciences, and Doctoral degree (Ph.D.) at School of Life-Sciences, University Of Indore. She pursued her post-doctoral ventures at Max-Planck Institute For Biophysical Chemistry (FRG), University Of California-Irvine and University Of Pittsburgh (USA). Currently, her projects mainly focus on translational-research and extrapolation of basic developmental mechanisms from model-systems like fruitfly (*Drosophila*) to human. Apart from this, her thrust areas of research interest include; Cancer Biology, Stem-Cell Biology and Homeotic-Gene Regulation. She is keen on studying in details the genetic factors, which presumably aid in understanding of mechanism by which “cancer stem cells” function in transforming a tissue from normal to cancerous states.

SPEAKER SLOTS AVAILABLE

EuroSciCon

Title : Which kind of endoscopic doctors should receive Endoscopic Submucosal Dissection (ESD) training—ESD training in the Nanjing Drum Tower Hospital of China

Min Chen, The affiliated Drum Tower Hospital of Nanjing University, China.

Dr. Min Chen has completed his PhD at the age of 30 years from Wuhan University, Medical School. She is the associate physician in Department of Gastroenterology, the affiliated Drum Tower Hospital of Nanjing University. He has published more than 20 papers in reputed journals.

Title : Protective Role of Magic Fruit and Honey Bee against Human Hepatocarcinogenesis

Mofeed M. Selim, Cairo University

Dr.Mofeed has completed his PhD on January 2018 from Mansoura He is a Consultant of Medical Laboratory in NCI, Cairo University. He has published 3 papers in reputed journals.

Title : A Noninvasive Panel for Diagnosis of Esophageal Varices in Patients with Compensated Cirrhosis

Mohamed Abdel-Samiee, Menoufia University

Dr. Mohamed Abdel-Samiee is a Hepatologists at National Liver Institute

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title : Caterpillar hump of right hepatic artery

Mohamed Abohashish, Tanta university school of medicine

Dr. Mohamed Abohashish has completed his study at the age of 25 years from Tanta University. School of medicine EGYPT. He is a senior consultant of gastrointestinal and laparoscopic surgery. He is senior lectures of general and laparoscopic at Egyptian Fellowship. He is the head of gastrointestinal surgery department .at Mahalla general hospital, Egypt. He is active members at E.S.S (Egyptian society of surgery) .he is active members at Egyptian society of colorectal surgery (E.S.C.R) he is active members at Mediterranean Society of Pelvic Floor Disorders (MSPFD)

Title : Percutaneous Posterior Tibial Nerve Stimulation, Periana Application of Glyceryl Trinitrate Ointment or Closed Lateral Internal Sphincterotomy in Treatment of Chronic Anal Fissur

Mohamed El-Desouky Abdelnaby Mohamed Agha, Alexandria University

Dr. Mohamed Agha has completed his Bachelor of Medicine at the age of 23 years from Alexandria University, Egypt, and is working on the MD degree in general surgery in colorectal surgery department, faculty of medicine, Alexandria University.

Title Laparoscopic Gastropancreatic Cystostomy for pseudocyst pancreas, series case report

Nezar Almahfooz, Faruk Medical City, Iraq.

Nezar Almahfooz, Is a Board degree certified general surgeon from the Council of Arab Board Surgery (CABS) 1992. He is senior consultant general, GIT, Bariatric and Metabolic surgeon in Faruk Medical City, Sulaymania, Leader & Director MIS surgery of Almowasat private hospital, Basrah-Iraq. Has pioneered the advanced laparoscopic and bariatric surgery in Iraq for the last 14 years. Having many international and regional memberships: Member Society of American Gastrointestinal and Endoscopic Surgeons (SAGES), Member of the International Federation of Obesity Surgery (IFSO), Society of Laparoscopic Surgery (SLS), Egyptian and Arab societies of laparoscopic surgery (ESLS) & (ASLS), Establishing member of Iraqi Society of Metabolic and Bariatric Surgery (ISMBS). Having more than 21 published Articles in general minimally invasive surgery, Introduce many novel minimally invasive surgical techniques in Iraq

Title : The central role of let-7 microRNA in the genetic regulation of various gastrointestinal cancers

Nikolaos G. Margetis, University of Athens, Greece.

Dr. Nikolaos G. Margetis was graduated of Patras University in 1995. He is specialized Gastroenterologist since 2005 and specialist in EUS since 2006. He has been Consultant in three Great Hospitals of Athens. He was a member of SOS DOCTORS of Athens through six years. Since July 2017 he is a Ph.D. holder of the Medical School of Athens University. Since 2013 he is a member of Athens University (belongs to the Molecular Carcinogenesis Group and teaches the undergraduate and postgraduate students of the Medical and the Nursing Schools). He has 10 publications in reputed International Medical journals, 30 publications in Greek Medical Journals and has contributed in 2 Greek Medical textbooks' writing. He is Editorial Board Member in four and Reviewer in three International Medical Journals with authority. He was awarded in two Congresses and in many hands-on Courses. He organized the 1st Greek Congress "Georgios Papanicolaou-The prevention of cancer".

Title : Trans Oral Endoscopic Thyroidectomy Vestibular Approach

Rene M. Gordillo, Ecuadorean Institute of Social Security, Ecuador.

Rene Gordillo is a General and laparoscopic surgeon graduated from the International University of Ecuador, Fellow of the American College of Surgeons, has a diploma in Advanced Laparoscopy from the Pontifical Catholic University of Chile, Certification in trauma surgery management from the Hospital del Valle de Cali - Colombia, Certification in Bariatric Surgery and Hepatic, Biliary and Pancreatic Surgery by IRCAD of Brazil, Fellow in Minimally Access Thyroidectomy in Thailand. He was head of the Emergency and Trauma Service of his current hospital and Head of the Surgery Service of the General Hospital of the Ecuadorian Institute of Social Security (IESS) of Ibarra in Ecuador.He is the main surgeon in private institutions such as Medical Specialties Institute and nova Clínica Moderna.

Title : Impact of pesticides on liver metabolism

Sabina Khanam, Yobe State University, Nigeria.

Dr. Sabina Khanam has completed her PhD in 2012 at the age of 28 years from Chhatrapati Shahu Ji Maharaj, Kanpur University, India. She is working as Senior Lecturer in Yobe State University, Nigeria. Her research areas are- biochemistry, hematology, histopathology, environmental toxicology, endocrinology. She has published more than 30 papers in various national and international reputed journals and has been serving as an editorial board member and reviewer of repute.

Title : Intestinal Parasites and Infection among Primary School Children in Port Harcourt City Local Government Area of Nigeria

Michael Emmanuel Ikpe

Nigerian Institute of Science Laboratory,

Nigeria.

Michael, Emmanuel Ikpe is a Doctoral Student of the University of Benin, Nigeria. He is 31 years old. He has experiences in Scientific research, Laboratory Services, sampling hard-to-reach populations of Orphans, Vulnerable Children, Households, Communities and States relief projects on Tropical Disease Surveillance. An alumnus of University of Port Harcourt, Rivers State, Nigeria; with a Bachelor of Technology in Microbiology Technology and obtained Masters of Science Degree in Applied Microbiology/Brewing from the prestigious Nnamdi Azikiwe University, Nigeria. He has authored several papers in reputed journals. He is an Associate member of the Nigerian Institute of Science Laboratory (NISLT), Nigeria.

Title : Dunnione ameliorates cisplatin-induced small intestinal damage by modulating NAD+ metabolism

Arpana Pandit, Wonkwang Univeristy,

South Korea.

Arpana Pandit is from Nepal and currently living on Iksan, South Korea. She has completed her Master in Medicine from Wonkwang University. Currently, she is working as a researcher in Wonkwang University, School of Pharmacy. She has published two papers as a first author in reputed journals. She had got the university best paper award.

Title : Obesity as a risk factor for colon cancer

Lucia Oliveira, Clinica de Coloproctologia Dra Lucia de Oliveira,

Lucia Oliveira Executive Director at Coloproctology Clinic Dr. Lucia de Oliveira

SPEAKER SLOTS AVAILABLE

Biography

EuroSciCon

Title: To evaluate vascular endothelial growth factor (VEGF) levels in hepatocellular carcinoma patients before and after transcatheter arterial chemoembolization (TACE) and percutaneous ethanol injection (PEI) and its relation to treatment response

Heba K Sedrak,
Cairo University

Heba K Sedrak is a professor of Internal Medicine in Cairo University

Title: Unexplained Pruritis management and recommendations

Mohamed Menisy,
Cairo University

Mohamed Menisy is a Consultant of gastroenterology and hepatology in Kasrelaini School of medicine Cairo University

- ## Title: Five Years Results After ReSleeve Gastrectomy

Marius Nedelcu
New Civil Hospital,
France

Marius Nedelcu is a native of Romania; Dr. Nedelcu received his medical degree from “Carol Davila” University in Bucharest. Since university, his uncle (Dr. Cotirlet) insufflated in him the “virus” of digestive surgery. So, in 2007, after achieving the 4th position in the national residency exam, he began the residency training.

The interest for bariatric surgery took birth during the first two years, working with Prof Iordache and Prof Copaescu. After his transfer in Francehe continued to extend his bariatric knowledge under the wings of Dr. David Lechaux, in Brittany.
