Invitation

EuroSciCon extends an enthusiastic and sincere welcome to the 9th International Conference on Edition of International Conference on Mass Spectrometry. The conference is will held on March 04- 05, 2019 in Berlin, Germany.

Theme: “New Innovations, Advancements and Instrumentation Applications of Mass Spectrometry”

Anticipating developing a close networking platform for the academic and industrial representatives from around the world, the theme of the conference is designed as such that it touches every nook and corner of the basic and advanced applications of Mass Spectrometry.

Mass Spectrometry 2019 aims to give a concrete base to your hi-tech visions by expecting participation of 150+ notable minds under one single roof. Here’s where you can get thought inciting talks and exhibitions of knowledge from people having research experience worth a fortune.

Join us @ Berlin- Mass Spectrometry 2019!!

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ analytical chemists and drug analysts accessing the website, Mass Spectrometry 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Mass spectrometry 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Conference Audience

9th Edition of International Conference on Mass Spectrometry, March 04- 05, 2019 in Berlin, Germany. Theme of the conference focuses "New Innovations, Advancements and Instrumentation Applications of Mass Spectrometry". Mass Spectrometry 2019 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field.

We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists', chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of analytical and pharmaceutical sciences. Delegates from various pharma & instrumental companies from all over the world.

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Exhibiting with Us…

We are providing the perfect business platform to promote your products and services as well, which will help in taking and generating new leads.

Why exhibit with us?

Best platform to develop new partnership & collaborations.

Best location to speed up your route into every territory in the World.

89% our conference attendees are the Key contact in their labs purchasing decisions.

Our exhibitor booths were visited 4-5 times by 80% of the attendees during the conference.

Past exhibitor's feedback reveals ample of enquiries perceived from the conference attendees.

Network development with both Academia and Business.

Exhibitor benefits

One exhibit booth (Size-3X3 sqm).

1-page publication of the exhibitor profile in the souvenir- Mass Spectrometry 2019.

Promotion through the conference website.

Getting Around Berlin...

Berlin is the capital and the largest city of Germany, as well as one of its 16 constituent states.

Berlin is a world city of culture, politics, media and science. Its economy is based on high-tech firms and the service sector, encompassing a diverse range of creative industries, research facilities, media corporations and convention venues.

Berlin serves as a continental hub for air and rail traffic and has a highly complex public transportation network. The metropolis is a popular tourist destination. Significant industries also include IT, pharmaceuticals, biomedical engineering, clean tech, biotechnology, construction and electronics.

Berlin is home to world-renowned universities, orchestras, museums, and entertainment venues, and is host to many sporting events. Its Zoological Garden is the most visited zoo in Europe. With the world's oldest large-scale movie studio complex, Berlin is an increasingly popular location for international film productions. The city is well known for its festivals, diverse architecture, nightlife, contemporary arts and a very high quality of living. Since the 2000s Berlin has seen the emergence of a cosmopolitan entrepreneurial scene.

German Cuisine

The cuisine of Germany has evolved as a national cuisine through centuries of social and political change with variations from region to region.

Some regions of Germany, like Bavaria and neighboring Swabia, share dishes with Austrian and parts of Swiss cuisine.

German fashion

Germany is a leading country in the fashion industry, along with France, Italy, the United States, the United Kingdom and Japan. German fashion is known for its elegant lines, unconventional young designs, and manufacturers of sports and outdoor clothing.

Berlin is the center of young and creative fashion in Germany, prominently displayed at Berlin Fashion Week. Düsseldorf is an important fashion trade center with Igedo. Other important centers of the scene are Munich, Hamburg and Cologne.Smaller places are also important design and production hubs of the German fashion industry, such as Herford, Metzingen, Herzogenaurach, Schorndorf, Chemnitz, Albstadt and Detmold.
