

EuroSciCon

World Congress on

Materials Science & Technology

June 04-06, 2019
Paris, France

Theme:

Bridging the excellence in Material Science & Technology

EuroSciCon

Materials Congress & Nanotechnology

2019

Invitation

Materials Congress & Technology-2019 brings together the specialists from all the aspects to meet and discuss the future of Materials Science and Importance of Material science and Technology in today's world. The conference will bring together Directors, Aerospace scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Research and Students, Research companies, Market Research and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Material Science and Technology.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

June 04-06, 2019
Paris, France

EuroSciCon

Materials Congress & Technology

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

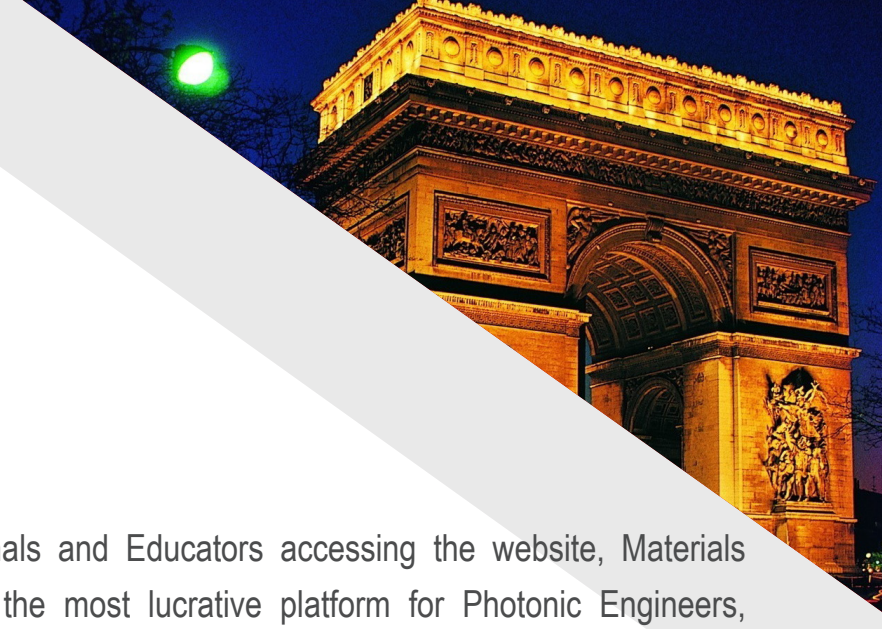

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Nurse professionals and Educators accessing the website, Materials Congress & Technology 2019 is the most lucrative platform for Photonic Engineers, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Materials Congress & Technology 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

June 04-06, 2019
Paris, France

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

The conference will bring together Directors, Aerospace scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Research and Students, Research companies, Market Research and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Material Science and Technology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Metallurgy & Material Science
- Polymer Energy Materials
- Carbon Materials in Energy
- Semiconductor Materials & Nanostructure
- Materials Physics
- Materials Chemistry
- Aerospace Materials
- Advanced Engineering Materials
- Electronic, Optical & Magnetic Materials
- Polymer Science & Technology
- Nanostructured Materials
- Technology in Material Science
- Solar Energy Materials
- Graphene & Carbon nanotubes
- Materials in Industry
- Materials for Green Technology
- Optical Materials
- Advanced Nanomaterials
- Graphene & 2D Materials
- Technology In Tissue Engineering
- Carbon Nanotechnology
- Polymer Nanotechnology
- Green Nanotechnology
- Composite Materials
- Materials Characterization
- Recent developments in Technology and Nanoscience

EuroSciCon

Materials Congress & Technology

2019

About Destination Paris

Paris, France's capital is a noteworthy European town and an international network for craftsmanship, style, gastronomy and society. Its 19th century cityscape is filled with wide lanes and the River Seine. The metropolis is famous for its cafe lifestyle and designer boutiques along the Rue du Faubourg Saint-Honoré. Paris is the town of love, suggestion, artwork and style. It has a inhabitants of more than 2million humans and is divided into 20 districts. Paris has quite a few exciting architecture and museums to provide; amongst them the famous vacationer place to visit is the Eiffel Tower. A considerable number of the acclaimed roads and town building regions structures wherein changed by using Haussmann and Napoleon III (Charles Louis Napoleon Bonaparte). The lanes are plenty wider, places and squares where fabricated and the structures definitely modified. Paris has a nickname called la Ville-Lumiere. The well-known places to go to in Paris are Notre Dame Cathedral that's Roman Catholic Cathedral situated within the eastern 1/2 of the city, Louvre Museum that is placed at the heart of Paris , Champs Elysees that's an Arc of Triumph, Montmartre that is a hill positioned at the north of Paris and its top is 130 metres, it's far first-rate acknowledged White Domed Basilica of the sacred heart at the pinnacle, Quartier Latin which is referred to as the famous personal lawn positioned on the left bank of the seine around the Sorbonne, Disneyland Paris that is positioned 32 km from important Paris , it has theme parks –Disneyland and Walt Disney studios..
