Midwifery 2019 welcomes attendees, presenters, and exhibitors from all over the world to Baltimore, USA. We are delighted to invite you all to attend and register for 6th World Congress on Midwifery and Women's Health (Midwifery 2019), with theme "Excelling Innovations in Midwifery and Nursing for Women's Health" which is going to be held during September 09-10, 2019 in Baltimore, USA. The organizing committee is gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world. We invite you to join us at Midwifery 2019, where you will be sure to have a meaningful experience with scholars from around the world. All members of the Midwifery 2019 organizing committee look forward to meeting you in Baltimore, USA.

**Importance & Scope:**

Midwifery encompasses care of women during pregnancy, labor, and the postpartum period, as well as care of the newborn. It includes measures aimed at preventing health problems in pregnancy, the detection of abnormal conditions, acquiring the medical assistance when necessary, and the execution of emergency measures in the absence of medical help. Since midwifery services are very significant to the women and their families, it is need to be enhanced globally by removing all the financial and social barriers. There is also need for enhancing quality training and implementing technologies. As there is global crisis of skilled and energetic midwives services, awareness must be created about the roles of midwives as well as to fulfill the increasing needs of more midwives all over the world. This conference would create a platform for the entire medical and health professionals to share their knowledge, insights and strategies in interactive peer-to peer round tables.

**Why Baltimore**

Baltimore is the largest city in the State of Maryland, and the 30th-most populous city in the United States. Baltimore was established by the Constitution of Maryland and is an independent city that is not part of any county. Founded in 1729, Baltimore is the second-largest seaport in the Mid-Atlantic. The city's Inner Harbor was once the second leading port of entry for immigrants to the United States and a major manufacturing center. With hundreds of identified districts, Baltimore has been dubbed a "city of neighborhoods". Baltimore has more public statues and monuments per capita than any other city in the country, and is home to some of the earliest National Register Historic Districts in the nation, including Fell's Point, Federal Hill, and Mount Vernon, which were added to the National Register. Baltimore is in north-central Maryland

on the Patapsco River close to where it empties into the Chesapeake Bay. The city is also located on the fall line between the Piedmont Plateau and the Atlantic Coastal Plain, which divides Baltimore into “lower city” and “upper city”. Baltimore is almost completely surrounded by Baltimore County, but is politically independent of it. It is bordered by Anne Arundel County to the south. Baltimore lies within the humid subtropical climate zone, with four distinct seasons.

Baltimore’s history and attractions have allowed the city to become a strong tourist destination on the East Coast. It exhibits examples from each period of architecture over more than two centuries, and work from many famous architects such as Benjamin Latrobe, George A. Frederick, John Russell Pope, Mies van der Rohe and I. M. Pei. The city is rich in architecturally significant buildings in a variety of styles.

# Market Report

## Global market for Women's Health:

The global market for women's health therapeutics will grow from nearly $33.0 billion in 2015 to nearly $40.6 billion by 2020, with a compound annual growth rate (CAGR) of 4.2% for the period of 2015-2020.

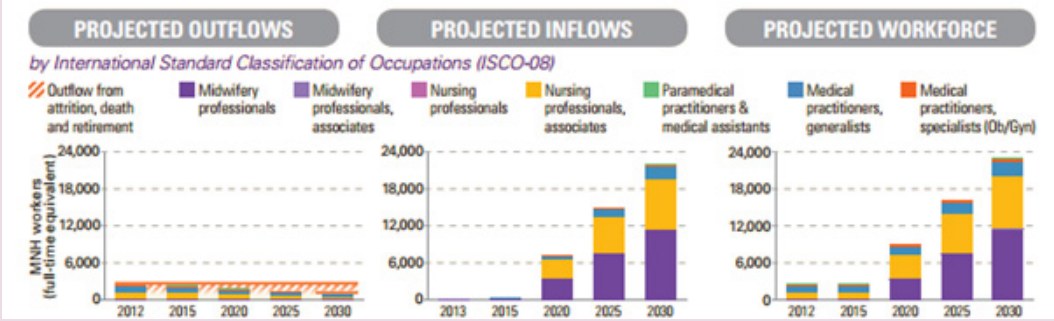

The infertility treatment devices market is expected to reach USD 3,698.92 Million by 2020 from USD 1,822.32 Million in 2015, at a CAGR of 15.21%. Infertility treatment devices are used in assisted reproductive technologies (ART) like in vitro fertilization, intracytoplasmic sperm injection, and surrogacy for the treatment of infertility.

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

**Special Issues : All accepted abstracts will be**

published inrespective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

# About Conference

Midwifery 2019 Conference website is attracting 25000+ Fisheries online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

### Midwifery 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

### How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking
- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networkin
- Highly Organized and Structured Scientific programs
