

EuroSciCon

21st european annual congress on

Nano-Technology

October 07-09, 2019
Osaka, Japan

Theme:

Extensive research and innovation in the field of Nano technology

EuroSciCon

Nano Technology

2019

Invitation

Euroscicon invites globally all the leading academic scientists, researchers and research scholars from the Nano Technologyand technology to attend **21st European Annual Congress on Nano-Technology** is scheduled from October 07-09, 2019 at Osaka, Japan. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

The 2019 meeting is going to be dynamic and informative as it provides the premier interdisciplinary forum for researchers, practitioners, and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Nano Technology. The theme of the conference is about “Future Challenges and Advanced Innovations in Nano Technology!!!”

This is a 3-days event. During the conference you can participate in General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.International symposiums, Panel Discussion and B2B meetings are organized based on the specific topics related to Nano Technology.

Topics discussed will be the forthcoming use of Nano technology in healthcare, electronics Nano materials, Nano Technology tools, Robotics, Computational Techniques and many more and other areas most recent techniques, developments, and the newest updates in Nano Technology& Nano technology.

We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to personally thank the speakers, moderators, and other volunteers who are participating in the planning of this conference. Everyone’s energy is endless and everyone’s positive attitudes have amazed us throughout the year.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

October 07-09, 2019

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Nanotechnolgists, Scientists and Young Researchers accessing the website, Nano Technology 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

October 07-09, 2019
Osaka, Japan

Nano 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

21st European Annual Congress on Nano Technology plays host for Nano Technology and Nano Technology Students, Scientists Nano Technology and Nano Technology Researchers, Nano Technologyand Nano Technology Faculty, Nano Technology and Nano Technology Colleges, Nano and Nano Technology Associations and Societies, Business Entrepreneurs , Manufacturing Medical Devices Companies

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Nano Engineering
- Nano Technology
- Electronics And IT Applications
- Impact, Influence And Benefits For The Society
- Health And Biological Applications
- Life Cycle Of Nano Materials
- Properties For Nano Materials
- Nano Devices And Nano Sensors
- Nano Technology Robotics
- Integrated Nano Technology Microsystems
- Nano Technology In Energy Systems
- Nano Materials Properties
- Nano Material Fabrication, Characterization Tools
- Nano Technology In Auto Machine
- Nano Medicine
- Nano Photonics
- Carbon Nanotechnology
- Nanotechnology In Water Treatment
- Graphene And Its Applications
- Nano Fluidics
- Nano Biomaterials
- Nano Technology In Tissue Engineering
- Pharmaceutical NanoTechnology
- Nano Weapons
- Nano Chemistry

Nano Technology

2019

About Destination Osaka

Osaka is a specified town in the Kansai place of Japan. It is the capital town of Osaka Prefecture and the biggest component of the Keihanshin Metropolitan Area, the 2d biggest metropolitan place in Japan and amongst the biggest in the world with over 19 million inhabitants. Situated at the mouth of the Yodo River on Osaka Bay, Osaka is the second biggest town in Japan by using sunlight hours populace after Tokyo's 23 wards and the 1/3 largest metropolis by means of night-time populace after Tokyo's 23 wards and Yokohama, serving as a fundamental financial hub for the country.

Osaka made not be as well-known, prosperous and flashy as Tokyo however Osaka's will inform you that it is a greater real, honest, pleasant and earthy area with a deeper history and a richer feel of humour and fun. Many say it is the coronary heart of Japan. The human beings may additionally be a little crude, thoughtless and pushy at times, yes, however they are additionally greater warm, open and generous. Many of Japan's funniest comedians are from Osaka.

Osaka isn't a very attractive place. Sometimes it appears like an limitless concrete jungle of crowded streets and sidewalks, instruct lines, factories, workplace buildings, pre-fab houses and apartments squeezed plenty too close together. There is not all that tons to see either. The most important visitor web sites include a concrete castle, an cutting-edge aquarium with a whale shark and the first Universal Studio to open up outside the United States.
