

EuroSciCon

19th EuroSciCon Conference on

Nanotechnology

October 4-6, 2018
Amsterdam
Netherlands

Theme:

Interdisciplinary Approach for Innovation and Invention in Nanotechnology

EuroSciCon

Nanotechnlogy

2018

Invitation

Welcome to Amsterdam, the city known for its artistic heritage, and experience the novel technologies of materials science and nanotechnology as never before. EuroSciCon is proud to host the 19th EuroSciCon Conference on Nanotechnology, October 4-6, 2018 in Amsterdam, Netherlands. This year's theme is Interdisciplinary Approach for Innovation and Invention in Nanotechnology.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

October 4-6, 2018
Amsterdam
Netherlands

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Materials scientists and nanotechnologists accessing the website, Nanotechnlogy 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Nanotechnlogy 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

October 4-6, 2018
Amsterdam
Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

Nanotechnlogy

2018

Who'd be attending?

19th EuroSciCon Conference on Nanotechnology plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Materials Scientists/Research Professors/ Nanotechnologists, Physicists/Chemists, Junior/Senior research fellows of Materials Science/ Nanotechnology/ Polymer Science, Materials Science Students, Directors of chemical companies, Materials Engineers, Members of different Materials science associations, Members of different nanotechnology associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Nanoscience and Technology
- Nano Medicine
- Nano Electronics
- Nano Materials Synthesis and Characterisation
- Pharmaceutical Nanotechnology
- Materials Science and Engineering Physics
- Nanotechnology in Water Treatment
- Advanced Nanomaterials
- Carbon Nanotechnology
- Nanotech for Energy and Environment
- Nano Biotechnology
- Nanobiomaterials
- Nano Toxicology
- Nanophotonics
- Molecular Nanotechnology
- Nanotechnology Safety
- Nanotechnology in Tissue Engineering
- Nanotechnology in Agriculture and Food Industry

About Destination Amsterdam

Amsterdam is the Netherlands' capital, known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city's 17th-century Golden Age is probably the most planned city of northern Europe, has long been a well-known city. In the 17th century Amsterdam was the centre of world economy, and nowadays the city is known for its tolerant character.

Amsterdam status as the capital is commanded by the Constitution of the Netherlands. As the business capital of the Netherlands and one of the best budgetary focuses in Europe, Amsterdam is viewed as an alpha world city by the Globalization and World Cities (GaWC) ponder gathering. Amsterdam is a standout amongst the most prevalent traveler goals in Europe, accepting more than 4.63 million universal guests every year, this is barring the 16 million day trippers going to the city consistently. Amsterdam has a rich structural history. The most seasoned working in Amsterdam is the Oude Kerk (Old Church), at the core of the Wallen.

Amsterdam is located in the Western Netherlands, in the province of North Holland, although it is not its capital which is Haarlem. Amsterdam is about 2 metres (6.6 feet) below sea level. Amsterdam is intensely urbanised, as is the Amsterdam metropolitan area surrounding the city. Comprising 219.4 square kilometres (84.7 square miles) of land, the city proper has 4,457 inhabitants per km2 and 2,275 houses per km2. Parks and nature reserves make up 12% of Amsterdam's land area.
