

EuroSciCon

EuroSciCon Conference on

Nanotechnology

July 08-10, 2019
Prague, Czech Republic

Theme:
Interdisciplinary Approach for Innovation and Invention in Nanotechnology

EuroSciCon

Nanotechnlogy

2019

Invitation

Welcome to Prague, the city known for its artistic heritage, and experience the novel technologies of materials science and nanotechnology as never before. EuroSciCon is proud to host the EuroSciCon Conference on Nanotechnology, July 08-10, 2019 in Prague, Czech Republic. This year's theme is Interdisciplinary Approach for Innovation and Invention in Nanotechnology.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

July 08-10, 2019
Prague, Czech Republic

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Materials scientists and nanotechnologists accessing the website, Nanotechnlogy 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Nanotechnlogy 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

July 08-10, 2019
Prague, Czech Republic

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

Who'd be attending?

EuroSciCon Conference on Nanotechnology plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Materials Scientists/Research Professors/ Nanotechnologists, Physicists/Chemists, Junior/Senior research fellows of Materials Science/ Nanotechnology/ Polymer Science, Materials Science Students, Directors of chemical companies, Materials Engineers, Members of different Materials science associations, Members of different nanotechnology associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Nanoscience and Technology
- Nano Materials Synthesis and Characterisation
- Materials Science and Engineering Physics
- Advanced Nanomaterials
- Nano Composites
- Nano Medicine
- Nanotechnology in Water Treatment
- Pharmaceutical Nanotechnology
- Nanotech for Energy and Environment
- Carbon Nanotechnology
- Nano electronics & Nano photonics
- Polymer Nanotechnology
- Nano Chemistry
- Nano Biotechnology
- Graphene & Applications of 2D Materials
- Nanostructured Materials
- Nanoengineering
- Nano GeoScience
- Nano Computational Modelling
- Nanotechnology in Agriculture and Food Industry
- Green Nanotechnology
- Nano Fluidics
- Quantum Dots and Nanomagnetism
- Nano devices and Nano sensors
- Future aspects of Nanotechnology

About Destination Prague

Prague is the capital and biggest city in the Czech Republic, the fourteenth biggest city in the European Union and furthermore the chronicled capital of Bohemia. Arranged in the north-west of the nation on the Vltava stream, the city is home to around 1.4 million individuals, while its bigger urban zone is evaluated to have a populace of 2.2 million. The city has a calm atmosphere, with warm summers and cold winters.

Prague has been a political, social and financial focus of focal Europe finish with a rich history. Established amid the Romanesque and prospering by the Gothic, Renaissance and Baroque times, Prague was the capital of the kingdom of Bohemia and the primary home of a few Holy Roman Emperors, most prominently of Charles IV . It was a vital city to the Habsburg Monarchy and its Austro-Hungarian Empire. The city assumed real parts in the Bohemian and Protestant Reformation, the Thirty Years' War and in twentieth century history as the capital of Czechoslovakia, amid both World Wars and the post-war Communist era.

Prague is home to various celebrated social attractions, a considerable lot of which survived the savagery and obliteration of twentieth century Europe. Principle attractions incorporate the Prague Castle, the Charles Bridge, Old Town Square with the Prague cosmic clock, the Jewish Quarter, Petron slope Since 1992, the broad notable focus of Prague has been incorporated into the UNESCO rundown of World Heritage Sites.
