

EuroSciCon

25th International Conference on

Neuroscience and Neurochemistry

June 13-14, 2019
Barcelona, Spain

Theme:

Dynamic Challenges and Approaches in Neuroscience and Neurochemistry

EuroSciCon

Neurochemistry

2019

Invitation

EuroSciCon welcomes you to the city of art and architecture, and experience the 25th International Conference on Neuroscience and Neurochemistry, June 13-14 in Barcelona, Spain. The theme of the conference is "Dynamic Challenges and Approaches in Neuroscience and Neurochemistry" will provide you a neurotic opportunity to researchers of all type. Neurochemistry 2019 is a significant platform for the neuroscientists, neurochemists, researcher professors from interdisciplinary streams to join together and share their work in an environment conductive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Neurochemistry 2019 conference is the perfect venue not only to dive into the neuroscience and neurochemistry involved in the neuron responses and disorders interests but also to expand the scope of your knowledge. All scientific tracks are devoted to explore the subjects such Neurotransmitters, Neurosignal Transduction, Neurological Disorders, Neuroplasticity, Neuroimmunology and Neuropathology, Neuropharmacology and many more. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant neuroscience and neurochemistry forum in person is your active participation.

-Join us.. as we foster the grandeur of neuroscience and neurochemistry

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

June 13-14, 2019
Barcelona, Spain

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Neuroscientists, neurologists and neurochemists accessing the website, Neurochemistry 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Neurochemistry 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

June 13-14, 2019
Barcelona, Spain

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

2019

Who'd be attending?

25th International Conference on Neuroscience and Neurochemistry host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Neuroscientists/Research Professors/ Neurologists, Neurochemists, Junior/Senior research fellows of Neuroscience, Neurology, Neurochemistry and Psychology Students, Directors of pharma companies, Members of different Neuroscience associations, Members of different Neurochemistry associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Neuroscience
- Neurochemistry
- Clinical Neurochemistry
- Neurotransmitters
- Neurosignal Transduction
- Neurology and Neurological Disorders
- Central Nervous System Disorders
- Psychiatric Disorders and Behavioral Therapy
- CNS and its Biochemistry
- Neural Stem Cells and Neurogenesis
- Neuroplasticity
- Neuroimmunology and Neuropathology
- Neuropharmacology
- Psychopharmacology and Addiction
- Nanotechnology in Neurochemistry
- Neuroinflammation
- Neuro-Ophthalmology
- Neuroethics in Neuroscience

EuroSciCon

See your work Published in one of our related journals

- Journal of Neurology and Neuroscience
- Journal of Neuroscience and Neuropharmacology

EuroSciCon

About Destination Barcelona

Barcelona is a city in Spain and the capital and the largest city of Catalonia. Founded as a Roman city, in the Middle Ages Barcelona became the capital of the County of Barcelona. Later merged with Kingdom of Aragon, Barcelona continued to be an important city. Barcelona is one of the world's leading tourist, economic, trade fair and cultural centre, and its influence in commerce, education, entertainment, media, fashion, science, and the arts all contribute to its status as one of the world's major global cities. The traditional importance of textiles is reflected in Barcelona's drive to become a major fashion centre. Barcelona has long been an important European automobile manufacturing centre. Barcelona is known for its award-winning industrial design. It also has several congress halls, notably Fira de Barcelona – the second largest trade fair and exhibition centre in Europe, that host a quickly growing number of national and international events each year.

Barcelona is served by Barcelona-El Prat Airport, a major hub for RENFE, the Spanish state railway network and a metro, a bus network, two separate modern tram networks. Barcelona has a well-developed higher education system of public universities. Most prominent renowned universities like Institute of Neurosciences-University of Barcelona Institute of Neurosciences -Autonomous University of Barcelona Institute of Neurosciences -Pompeu Fabra University Rovira i Virgili University University of the Basque Country And also to major hospitals Barcelona is the 20th-most-visited city in the world by international visitors and the fifth most visited city in Europe after London, Paris, Istanbul and Rome. Many of the buildings date from medieval times, some from as far back as the Roman settlement of Barcelona. The Barri Gòtic (Catalan for "Gothic Quarter") is the centre of the old city of Barcelona. The city is occupied with historic monuments and iconic buildings that came to symbolize modern architecture, parks, museums, World Heritage Sites.It hosted the highly successful 1992 Summer Olympics as well as several matches during the 1982 FIFA World Cup. FC Barcelona is a sports club best known worldwide for its football team, one of the largest and the second richest in the world. World Heritage Sites Barcelona is the home of many points of interest declared World Heritage Sites by UNESCO Park Güell, Palau Güell, Casa Milà, Casa Vicens, Sagrada Família, Casa Batlló, Palau de la Música Catalana, Hospital de Sant Pau
