

EuroSciCon

29th International Conference on

Neuroscience

February 21-22, 2019
Sydney, Australia

Theme:

Exploring the Modern Trends & Innovation in Neuroscience Research for Wellbeing

EuroSciCon

Neuroscience Conference

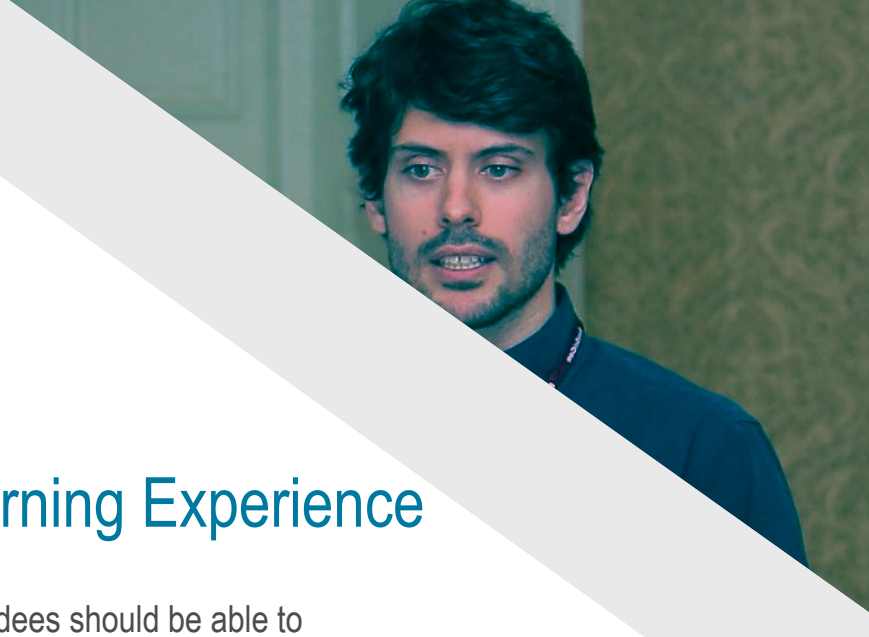

2019

Invitation

Sydney, the capital of New South Wales, Australia is known as the Harbour City. It's the largest, city with a population of around 4 million. It has an enviable reputation as one of the worlds most beautiful and lies amid a seductive intermingling of land and sea.

Sydney is a major global city and one of the most important cities for finance in the Asia-Pacific. Sydney is built around a huge harbor and hosts many tourist attractions as well as a number of beaches, bays and a couple of national parks.The EuroSciCon will be organizing the Neuroscience 2019 which is going to be held on February 21-22, 2019 in Sydney, Australia, focusing on achievements on Neuroscience. The theme of this year's meeting is Exploring the Modern Trends & Innovation in Neuroscience Research for Wellbeing", which will provide an international platform for discussion and sharing the emerging research in the field Neuroscience.Neuroscience 2019 will provide an opportunity for all stakeholders working on Neurology, Alzheimer's disease and Dementia to talk about their work. Neurocognitive disorders will congregate renowned speakers, principal investigators, experts, neurologist's and Dementia researchers from both academia and health care industry will join together to discuss their views and research. The conference will be comprised of sessions by world class experts in the field of neuroscience and neurology. In Neuroscience 2019 conference international symposiums, B2B meetings, international workshops will also be organized to discuss the specific topics in the field of and Neurology and Neuroscience.

EuroSciCon

A Transformational Learning Experience

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Neurology and Neuroscience
- Discuss and apply recent research findings related to Neurology and
- Neuroscience
- Reflect on the place of critical distance in Neurology and Neuroscience .

February 21-22, 2019
Sydney, Australia

EuroSciCon

Neuroscience Conference

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

EuroSciCon

With over 25000+ Neurologists & Neuroscience experts accessing the website, Neuroscience conference 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fueling better outreach of the work and profile.

Neuroscience Conference 2019 Salient Attributes:

Robust on-line publicity for all the speakers and organizing committee members

Career Guidance Workshops for students and early career researchers

Accepted Abstracts will be published in various indexed journals

Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref Creation

of speakers and abstracts pages in Google

Opportunity to publish full Manu Scripts in our Open Access Journals

February 21-22, 2019
Sydney, Australia

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

Neuroscience Conference

2019

Who'd be attending?

The EuroSciCon will be organizing the Neuroscience 2019 which is going to be held on February 21-22, 2019 in Sydney, Australia, focusing on achievements on Neuroscience. The theme of this year's meeting is Exploring the Modern Trends & Innovation in Neuroscience Research for Wellbeing", which will provide an international platform for discussion and sharing the emerging research in the field Neuroscience.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society, Institute of Biomedical Science (IBMS) and British Society. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Neurology
- Neurosurgery
- Cognitive Neuroscience
- Neurological And Neurodegenerative Disorders
- Neurotherapeutics
- Neurocardiology
- Neuropsychology
- Neuro-Oncology
- Neuropediatrics And Neuro-Geriatrics
- Brain Disorders
- Neuromuscular Disorders
- Dementia
- Neurophysiology

EuroSciCon

See your work PUBLISHED

in one of our related journals

- Journal of Neurology and Neuroscience
- Journal of Neurology and Neurophysiology
- Journal of Neurology and Therapeutics
- Journal of Neuropsychiatry

About Destination Sydney

Sydney, the capital of New South Wales, Australia is known as the Harbour City. It's the largest, city with a population of around 4 million. It has an enviable reputation as one of the worlds most beautiful and lies amid a seductive intermingling of land and sea.

Sydney is a major global city and one of the most important cities for finance in the Asia-Pacific. Sydney is built around a huge harbor and hosts many tourist attractions as well as a number of beaches, bays and a couple of national parks.

Brimming with history, nature, culture, art, fashion, cuisine, design, Sydney is set next to miles of ocean coastline and sandy surf beaches. Long-term immigration has led to the city's reputation as one of the most culturally and ethnically diverse cities in Australia and the world. The city is also home to the Sydney Opera House and the Sydney Harbour Bridge, two of the most iconic structures on this planet. Sydney's 4,757,083 residents sprawl over an area of more than 12,350km².
