Schedule your trip to London: Destination of Occupational Health 2018

London is the Major Capital City standing beside the river Thames located on south-eastern island of "Britannia" formerly known as United Kingdom and also the Capital of ancient history-culture and commerce along with art, education, fashions, financial hubs, health-care centers, Center of Research and Development,tourism and transportation. It is one of the oldest cities in the World. It is the leading global city and also home of a large portion of Global Associations and the most visited city in World as measured by International Arrivals. It is crowned as the largest Financial Center as it is the 6th largest Metropolitan area in The World. The city's prominence arose from its historical importance as a center of Industrial Revolution. London is basically based at the Side of River Thames and 4 international Airports are located near the City. London is considered as both business and visitor goal and gone by many individuals every year. London is viewed as a costly city on the planet and even though its home for some outside vagrants, as yet keeping its conventional legacy and encompassing

The World's Most-visited Tourist Attractions in London
