Invitation

Welcome to Philadelphia, the City of Light and Science, and experience the science of oncology illuminated as never. EuroSciCon is proud to host the 14th World Summit on Oncology and Oncologists, July 25-26, 2019, in Philadelphia, USA. This year's theme is Enlightening the future panorama of Oncology. Oncology 2019 will provide an unprecedented opportunity for oncologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite oncologists and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Oncology Conference is the perfect venue not only to dive into your oncological interests but also to expand the scope of your knowledge. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant oncological forum in person is your active participation.
