EuroSciCon

Organic Chemistry

August 26-27

London, UK

2019

Organic Chemistry

https://organicchemistry.euroscicon.com/

Day 1, Agenda

General Session

08:00 AM — INTRODUCTION

09:00 AM — PLENARY

10:00 AM — KEYNOTE

Networking & Refreshments Break @ Foyer

	HALL 01	HALL 02	HALL 03
11:00 AM	Talks On: **Spectroscopic Methods of Structure Determination**	Talks On: **Domino Reactions in Organic Synthesis**	Talks On: **Fluorous Chemistry**
	Talks On: **Natural products & Chemistry of Heterocyclic Compounds**	Talks On: **Green Chemistry in Organic Synthesis**	Talks On: **Environmental Organic Chemistry**
	SESSION DISCUSSION	**SESSION DISCUSSION**	**SESSION DISCUSSION**
02:00 PM	Panel Over: **Computational Advances in Organic Chemistry**	Panel Over: **Biotransformations in Organic Chemistry**	Panel Over: **Physical Organic Chemistry**
	Workshop On: **New Developments in Organic Chemistry**	Workshop On: **Medicinal and Bioorganic Chemistry**	Workshop On: **Organocatalysis and New Strategies**
	Lunch Break @ Restaurant	***Lunch Break @ Restaurant***	***Lunch Break @ Restaurant***
04:00 PM	Talks On: **Organic Reactions in Pharmaceutical Development**	Talks On: **Organic Synthesis and Technologies**	Talks On: **Organic Materials & Supramolecular Chemistry**
	Lectures on: **Nanoparticles in Organic Chemistry**	Lectures on: **Stereochemistry**	Lectures on: **Organic Industrial Chemistry**
06:00 PM	Session On: **Electro Organic Chemistry**	Session On: **Bio-Chemistry and Agricultural Chemistry**	Session On: **Organic Geochemistry**
	NETWORKING	**NETWORKING**	**NETWORKING**

Day 2, Agenda

General Session

08:00 AM — INTRODUCTION

09:00 AM — PLENARY

10:00 AM — KEYNOTE

Networking & Refreshments Break @ Foyer

	HALL 01	HALL 02	HALL 03
11:00 AM	Talks On: **Polymer Chemistry**	Talks On: **Special techniques in domino reactions**	Talks On: **Determination of physical and chemical properties by NMR spectroscopy**
	Talks On: **Applications of Absorption Spectroscopy of Organic Compounds**	Talks On: **General Aspects Of Heterocyclic Compounds**	Talks On: **Analytical Chemistry in Green Technologies**
	SESSION DISCUSSION	**SESSION DISCUSSION**	**SESSION DISCUSSION**
02:00 PM	Panel Over: **Organic chemicals in the Environment**	Panel Over: **Pollution Remediation**	Panel Over: **Computational Methods**
	Workshop On: **Applications of Biotransformations**	Workshop On: **Highlights of Applications in Synthesis and Catalysis**	Workshop On: **Crystallography Approaches**
	Lunch Break @ Restaurant	***Lunch Break @ Restaurant***	***Lunch Break @ Restaurant***
04:00 PM	Talks On: **Polymer and Supramolecular Chemistry**	Talks On: **Organometallics in Organic Synthesis**	Talks On: **Biophysical Tools in Drug Discovery and Chemical Biology**
	Lectures on: **Organic Materials**	Lectures on: **Organic Chemistry and Cancer**	Lectures on: **Efficient Processes in Drug Development**
06:00 PM	Session On: **Chemical Separations**	Session On: **Bio-Chemistry and Agrochemicals**	Session On: **Petroleum Geochemistry**
	NETWORKING	**NETWORKING**	**NETWORKING**

Past Affiliates

Yanli Wang
National Center for Biotechnology Information, USA

Hegedűs Péter
University of Pannonia, Hungary

Peng Ding
Shanghai University, P R China

William GWhitford
GE Healthcare , USA

Marius Zaharia
Alexandru Ioan Cuza University, Romania

Jin Seok Lee
Sookmyung Women's University, South Korea

Hermann Wollnik
New Mexico State University, USA

Adam Huczynski
Adam Mickiewicz University, Poland

Naghi Saadatjou
Semnan University, Iran

Athula Attygalle
Stevens Institute of Technology , USA

Violina T Angelova
Medical University of Sofia, Bulgaria

Mehran Mirloei
University of Isfahan, Iran

Eduard Rogatsky
Wadsworth Center, USA

Tugba Ozer
Yildiz Technical University, Turkey

Takumi Konno
Osaka UniversityJapan

Stephen Hanessian
University of California, USA

Tim Brandenburg
Helmholtz Zentrum Berlin, Germany

Sungjin Park
Inha University, South Korea

Wei Li
The University of Tennessee Health Science Center, USA

Giulia Tarantino
Cardiff University, UK

Ok-Sang Jung
Pusan National University, Korea

Jarintzi Rico
Euro-Nutec Premix SA de CV, Mexico

Jacinto Sá
Uppsala University, Sweden

Chunying Duan
Dalian University of Technology, P R China

Miguel Ángel López Zavala
Tecnologico de Monterrey, Mexico

Piotr Cysewski
Nicolaus Copernicus University in Toruń, Poland

Yahdiana Harahap
Universitas Indonesia, Indonesia

Stephen Hanessian
University of Montreal, Canada

Julien Orts
Swiss Federal Institute of Technology, Switzerland

Laila A Al-Shatti
The Public Authority for Applied Education and Training, Kuwait

Mitchell S Albert
Lakehead University, Canada

Bilgehan Guzel
University of Cukurova, Turkey

S L Chen
National Cheng-Kung University, Taiwan

Laura B Sagle
University of Cincinnati, USA

Burcu Darendeli
University of Cukurova, Turkey

Yiu-chung Wong
Hong Kong Government Laboratory, Hong Kong

John H Summerfield
Missouri Southern State University, USA

Asli Ustalar
Kocaeli University, Turkey

Hyun-Joon Ha,
Hankuk University of Foreign Studies, Korea

Godwin Basil D Cunha
Cape Breton University, Canada

Roberta Romano
University of Salento, Italy

Janis Gravitis,
Latvian State Institute of Wood Chemistry, Latvia

Past Affiliates

Abdalla H Karoyo

PLAN A TRIP TO London:
DESTINATION OF Organic Chemistry 2019

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of the island of Great Britain, London has been a major settlement for two millennia. It was founded by the Romans, who named it Londinium. London's ancient core, the City of London, largely retains its 1.12-square-mile (2.9 km2) medieval boundaries. Since at least the 19th century, "London" has also referred to the metropolis around this core, historically split between Middlesex, Essex, Surrey, Kent and Hertfordshire, which today largely makes up Greater London,a region governed by the Mayor of London and the London Assembly.London is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is the world's largest financial centre and has the fifth or sixth largest metropolitan area GDP in the world. London is often regarded as a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport systemmeasured by passenger traffic. It is the world's leading investment destination, hosting more international retailers and ultra high-net-worth individuals than any other city. London's universities form the largest concentration of higher education institutes in Europe. In 2012, London became the first city to have hosted the modern Summer Olympic Games three times. London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich (in which the Royal Observatory, Greenwichdefines the Prime Meridian, 0° longitude, and GMT). Other landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Natural History Museum, Tate Modern, British Library and West End theatres. The London Underground is the oldest underground railway network in the world.
