EuroSciCon

Pathology

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus Euroscicon comes out with a sole aim of wide access about pathology and also to explore their views based on the theme of the conference.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Pathologists ,Adjunct Professors, International professors & Scientific Health Professionals accessing the website, Pathology 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

October 21-22, 2019
Rome, Italy

Pathology 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

2019

Who'd be attending?

18th International Conference on Pathology & Cancer Epidemiology 2019 plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently business analysts, medical representatives and Pediatrics providers.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Breast Pathology
- Anatomic Pathology, Forensic Pathology & Autopsy Pathology
- Clinical Pathology & Chemical Pathology
- Oral & Maxillofacial Pathology
- Gynaecological Pathology, Reproductive Pathology & Uropathology
- Pathology Case Reports
- Veterinary Pathology
- Hematopathology
- Cancer Cytopathology
- Neuropathology
- Surgical Pathology
- Experimental Pathology
- Digital Pathology, Telepathology & Diagnostics Pathology
- Paediatric & Perinatal Pathology
- Head And Neck Pathology
- Microbial Pathology & Infectious Disease Pathology
- Dermatopathology
- Liver Pathology & Gastrointestinal Pathology
- Histopathology & Cytopathology
- Molecular Pathology
- Psychopathology
- Renal Pathology & Urinary Tract Pathology
- Other Allied Fields

EuroSciCon

See your work PUBLISHED

in one of our related journals

- Journal of Oncopathology & Clinical research
- Journal of Clinical pathology & Diagnosis
- Journal of Cellular & Molecular pathology
- Journal of Clinical & Molecular pathology

- Journal of Cancer epidemology & prevention

October 21-22, 2019
Rome, Italy

About Destination Rome

Rome is the capital city of Italy. Rome was established in 753 BC by Romulus Rome is the third most visited city in the Europe, after London and Paris, and gets a normal of 7– 10 million visitors per year, which in some cases copies on heavenly years. Rome is known as the “Everlasting city” and furthermore “Caput Mundi,” originating from Latin and significance capital of the world. Rome is situated in the focal part of the Italian promontory, on the Tiber River around 15 miles (24 km) inland from the Tyrrhenian Sea. Rome is the one of the Eternal City, a political capital & an inventive creativity of the past. It is additionally the nation’s most populated commune. Rome is the fourth crowded city in the population of European city. The population in Rome is around 2.7 million.The city’s initial populace began from a blend of Latins, Etruscans, and Sabines In 2016, Rome positioned as the fourteenth most-visited city on the planet, third most visited in the European Union, and the most prevalent vacation destination in Italy, Rome has a Mediterranean atmosphere with cool, muggy winters and warm, dry summers. Its normal yearly temperature is over 20 °C (68 °F) amid the day and 10 °C (50 °F) during the evening. In the coldest month, January, the normal temperature is 12 °C (54 °F) amid the day and 3 °C (37 °F) around evening time. In the hottest months, July and August, the normal temperature is 30 °C (86 °F) amid the day and 18 °C (64 °F) during the evening.

The city gets around 30 inches (750 mm) of precipitation yearly; spring and harvest time are the rainiest seasons. Ices and infrequent light snowfalls intersperse the generally mellow winters, when high temperatures normal simply over 50 °F (10 °C). The tramontana, a chilly, dry breeze from the north, frequents the city in the winter. The starting points of Rome, starting at all old urban communities, are enclosed by tale. The Roman tale is of Romulus and Remus, twin children of Mars, relinquished on the flooding Tiber and stored by the subsiding waters at the foot of the Palatine. Rome has a colossally rich recorded legacy and cosmopolitan climate, making it one of Europe’s and the worlds most visited, popular, powerful and lovely capitals The primary region for investigating the vestiges of antiquated Rome is in Colosseo either side of Via dei Fori Imperiali, which interfaces the Colosseum and Piazza Venezia. Rome is known for the Arts there are a few world-class historical centers in the city. The regular beginning stage is a visit to the region of Villa Borghese in Rome/North Center, where there is a group of workmanship galleries in and around the Borghese Gardens. Galleria Borghese houses a formerly private craftsmanship gathering of the Borghese family, Museo Nazionale di Villa Giulia is home of the world’s biggest Etruscan workmanship accumulation, and Galleria Nazionale d’Arte Moderna houses numerous Italian gems and in addition a couple of pieces by specialists, for example, Cézanne, Degas, Monet and Van Gogh.
