Exploring novel technologies and research in pediatric dermal health

EuroSciCon

Pediatric Dermatology

2018

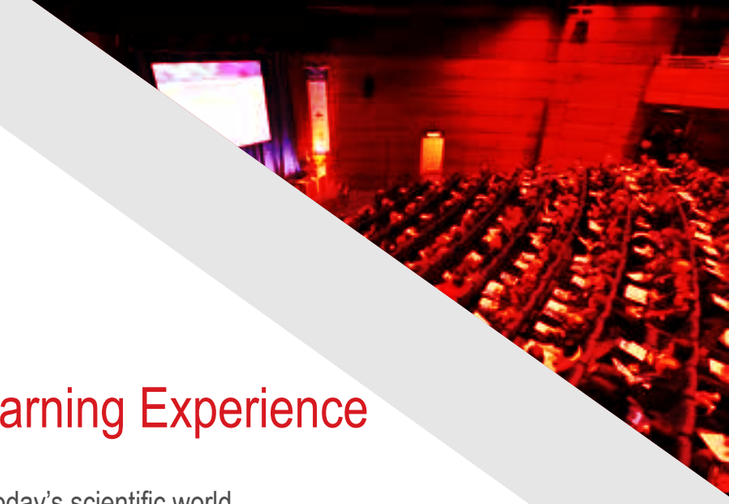

Invitation

Welcome to Warsaw, the City of Arts and Science, and Experience the science of Pediatric Dermatology illuminated as never before. Euroscicon is proud to host the International Conference on Pediatric Dermatology, October 18-19, 2018 in Zurich, Switzerland. This year's theme is "Exploring novel technologies and research in pediatric dermal health". Pediatric dermatology 2018 will provide an unprecedented opportunity for Dermatologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Pediatric Dermatologists and researchers, and scientists in related disciplines to come together and inform each other in an environment conductive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops and poster sessions, the Pediatric Dermatology conference is the perfect venue not only to dive into your particular Pediatric Dermatology conference is the perfect venue not only to dive into your particular Pediatric Dermatology interests but also to expand the scope of your knowledge. 21 tracks are devoted to subjects such as Melanoma, Scabies, Eczema, Oral cysts, Xeroderma Pigmentosum, Acne, Skin infections, Warts and Vitiligo, Skin cancer, Genodermatotis, Impetigo, Psoriasis,

Skin rashes, Measles, Mumps, Rubella, Hyper Pigmentation, Skin cancer, Allergy, Chicken pox, Fifth disease.

The Organizing Committe has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant pediatric dermatology forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Pediatric Dermatologists accessing the website, Pediatric Dermatology 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Pediatric Dermatology 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

October 18- 19, 2018
Warsaw, Poland

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Pediatric Dermatology

2018

Who'd be attending?

International Conference on Dental Treatment plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Pediatric Dermatology Consultants, Investigative Pediatric Dermatologists and pathologists, Regulatory Professionals, Pharmacogenetic Professionals, Laboratory Directors and Chemists, and Pediatric Dermatologists and others who stay plunged in learning and practice of the science of Pediatric Dermatology and its related Treatments.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been

Scientific Sessions:

- Pediatric Atopic Dermatitis
- Current Issues in Pediatric Dermatology
- Genodermatosis
- Acne and Treatment
- Warts and Vitiligo
- Bacterial Infectious Skin Diseases
- Fungal Skin Infection
- Viral Skin Infections
- Treating Dermatitis with Therapeutic Agents
- Microbial Resistance against Skin Infections
- Pediatric Melanoma
- Ringworm
- Oral cysts
- Scabies
- Skin infections
- Impetigo
- Hyper pigmentation
- Xeroderma Pigmentosum

See your work PUBLISHED

in one of our related journals

- International journal of pediatric health care and advancements
- Journal of Clinical pediatrics

About Destination Warsaw

Warsaw is the capital and largest city of Poland. Warsaw the 9th most-populous capital city in the European Union. Once described as Paris of the East, Warsaw was believed to be one of the most beautiful cities in the world. Warsaw is one of Europe's most dynamic metropolitan cities. In 2012 the Economist Intelligence Unit ranked Warsaw as the 32nd most livable city in the world. In 2017 the city came 4th in the "Business-friendly" category and 8th in "Human capital and life style". It was also ranked as one of the most livable cities in Central and Eastern Europe. Warsaw is an alpha global city, a major international tourist destination and a significant cultural, political and economic hub.

Other main architectural attractions include the Castle Square with the Royal Castle and the iconic King Sigismund's Column, St. John's Cathedral, Market Square, palaces, churches and mansions all displaying a richness of color and architectural detail. Warsaw provides many examples of architecture from the Gothic, Renaissance, Baroque, neoclassical and modern periods, and around a quarter of the city are filled with royal parks and lush gardens. Furthermore, the city is positioning itself as a cultural center with thriving art and club scenes and renowned restaurants.
