European Congress on

PHARMA

Aug 13-14, 2018
Paris, France

EuroSciCon

Agenda Day 1: August 13, 2018

Hall Name Amsterdam

09:00-09:30 Registrations

09:30-09:55 Opening Ceremony

09:55:-10:00 Introduction

Keynote Presentations

10:00-10:40 **Title: Simultaneous determination of five isosteroidal alkaloids in Siberian fritillary bulb in rat plasma and its application in pharmacokinetic study by HPLC-MS/MS.**

Liming Ye, Sichuan University, China

10:40-11:20 **Title: Metabolic engineering of microalgae cells for the production of pharmaceutical amaryllidaceae alkaloids**

Isabel Desgagne-Penix, Universite du Quebec, Canada

Group Photo@11:20-11:25

Networking And Refreshments 11:25-11:40 @ Le Foyer

11:40-12:20 **Title: Research on antidote of chemical wepons known as sodasulphanecoblamin**

Salako N. Olatunji, Federal Institute of Industrial Research, Nigeria

Seesion Introduction

Pharmacognosy and Phytochemistry | Pharmacological Sciences | Pharmaceutical Sciences | Drug Targeting and Design | Bio-Pharmaceutics | Novel Drug Delivery Systems | Industrial Pharmacy | Nanotechnology in Drug Delivery

Session Chair: Liming Ye, Sichuan University, China

Session Co-Chair: Isabel Desgagne-Penix, Universite du Quebec, Canada

12:20-12:50 **Title: Identification and characterization of in vitro and reactive metabolites of vandetanib in RLMs with method quantification using LC-MS/MS: Application to metabolic stability**

Sawsan M.Amer, Cairo University, Egypt

12:50-13:20 **Title: Targeting the insulin receptor substrate signaling for prevention of type 2 diabetes mellitus and heart failure**

Shaodong Guo, Texas A&M University, USA

Lunch Break: 13:20-14:20 @ Food & More

14:20:-14:50 **Title: Real-time potentiometric sensor; an innovative tool for monitoring hydrolysis of chemo/bio-degradable drugs in pharmaceutical sciences.**

Ahmed Ma'mun, Cairo University, Egypt.

14:50-15:20 **Title: Formulation and Characterization of antimicrobial chewing gum delivery of some herbal extracts for treatment of periodontal diseases**

Reenu Yadav, Bhabha Pharmacy Research Institute, India

15:20-15:50 **Title: Aspects development of formulation and technology of solutions for peritoneal dialysis in onechamber conteiners**

Nataliia Hudz, University of Opole, Poland

Poster Presentations 15:50:-16:20 @ Le Foyer

Poster Judge : Shaodong Guo, Texas A&M University, USA

P1 **Title: N-decyltropine (IEM-1556) as the first analgesic with combined peripheral vagus-stimulating and nicotinic central blocking effect**

V E Gmiro, Institute for Experimental Medicine, Russia

P2	**Title: Application of NIR spectroscopy for content uniformity determination of intact tablets: comparison of reflection and transmission modes of NIR spectroscopy** **Ahmed Shawky Abouzaid,** Misr International University (MIU), Egypt
P3	**Title: Applying green analytical chemistry for development of a validated spectrofluorimetric method for determination of moxifloxacin using the experimental design approach for screening and optimizing factors affecting its native fluorescence** **Noha Ibrahim Shaaban,** Misr International University (MIU), Egypt
P4	**Title: Pro-nanoliposphers (PNL) for improved oral bioavailability of insoluble drugs** **Eliyahu Shmoeli,** The Hebrew University of Jerusalem, Israel
P5	**Title: Solubilization of drugs using sodium lauryl sulfate: experimental data and modelling** **Ali Shayanfar,** Tabriz University of Medical Science, Iran
P6	**Title: Polymorphism of genes involved in methotrexate response in Saudi patients with rheumatoid arthritis** **Ahmad M Asiri,** Abha Mental Health Hospital, Saudi Arabia

Networking And Refreshments 16:20-16:40 @ Le Foyer

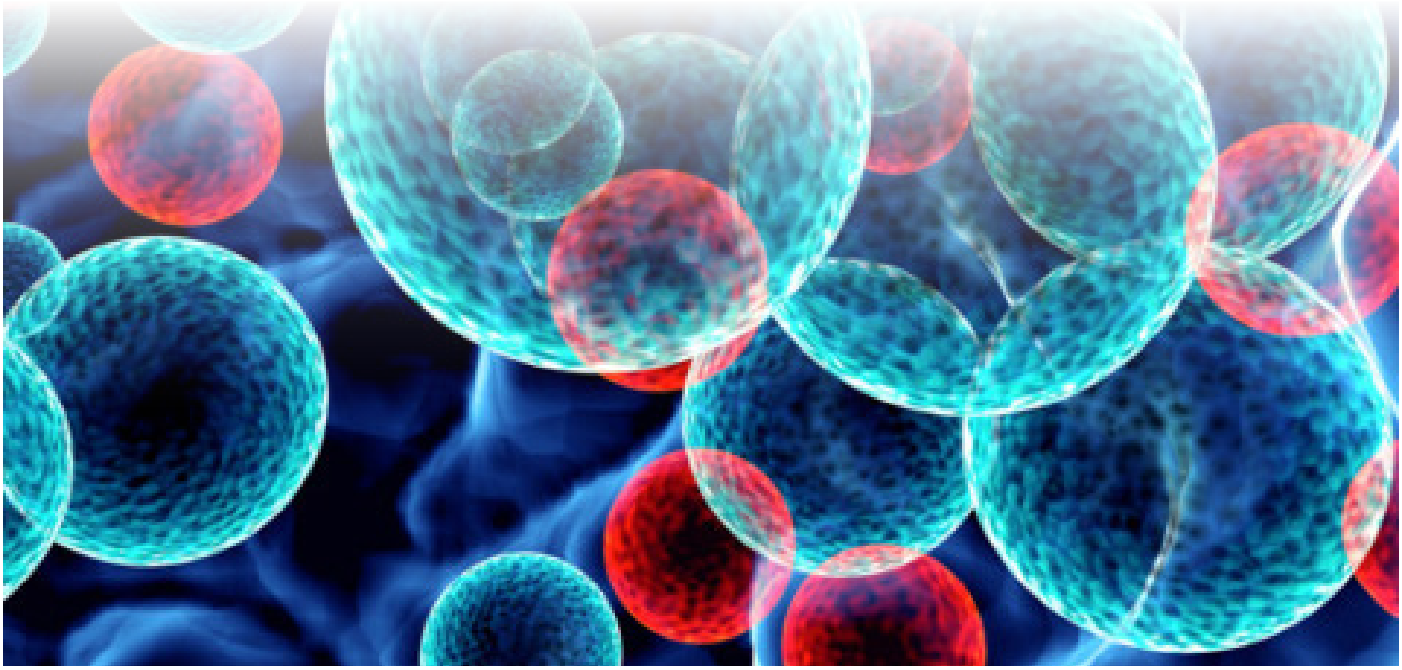

Award Functions & Closing Ceremony

Agenda Day 2: August 14, 2018

Hall Name Amsterdam

Panel Discussion & Networking

Lunch Break: 13:00-14:00 @ Food & More

Mark your calender

12th Edition of International Conference on
Nanopharmaceutics and Advanced Drug Delivery

August 16-17, 2018
Dublin, Ireland
