

EuroSciCon

17th Edition of International Conference and Exhibition on

Pharmaceutics & Novel Drug Delivery Systems

October 04-06, 2018
Moscow, Russia

Theme:
Challenges Innovations and Advances in Novel Drug Delivery Systems

EuroSciCon

Pharmaceutics & Novel Drug Delivery Systems

2018

Invitation

Welcome to Moscow, the city of arts and science, and experience the science of pharmaceutics & novel drug delivery systems illuminated as never before. EuroSciCon is proud to host the 17th Edition of International Conference and Exhibition on Pharmaceutics & Novel Drug Delivery Systems, October 04-06, 2018 in Moscow, Russia. Theme of the conference focus on Challenges Innovations and Advances in Novel Drug Delivery Systems. Pharmaceutics & Novel Drug Delivery Systems 2018 will provide an unprecedented opportunity for pharmacists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. Chemical researcher, molecular diagnostics, clinical laboratories, health care industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. Chemical instrument vendors, professors and students from academia in the field of analytical and bioanalytical sciences. Delegates from various pharma & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops and poster sessions, the Pharmaceutics & Novel Drug Delivery Systems conference is the perfect venue not only to dive into your particular chemists interests but also to expand the scope of your knowledge. 20 tracks are devoted to subjects such as the preformulation considerations, pharmaceutical formulations, routes of drug administration, pharmacokinetic and pharmacodynamic studies, drug delivery: devices and equipment, innovative drug delivery technologies, nanotechnology in drug delivery, targeted drug delivery system: advances and approaches, drug delivery vechiles, drug delivery through bbb, protein, peptide and gene drug delivery, novel vaccine delivery systems, smart materials for drug delivery, nanoparticles: innovations and trends, herbal novel drug delivery, drug discovery and development obstacles, drug delivery: facing challenges, novel drug delivery: 2d & 3d printing applications, global drug delivery market, recent advances in drug delivery system.. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant analytical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

October 04-06, 2018
Moscow, Russia

EuroSciCon

Pharmaceutics & Novel Drug Delivery Systems

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ analytical chemists and drug analysts accessing the website, Pharmaceutics & Novel Drug Delivery Systems is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Pharmaceutics & Novel Drug Delivery Systems 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

October 04-06, 2018
Moscow, Russia

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

17th Edition of International Conference and Exhibition on Pharmaceutics & Novel Drug Delivery Systems, October 04-06, 2018 in Moscow, Russia. Theme of the conference focuses on Challenges Innovations and Advances in Novel Drug Delivery Systems. Pharmaceutics & Novel Drug Delivery Systems 2018 will provide an unprecedented opportunity for pharmacists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. Chemical researcher, molecular diagnostics, clinical laboratories, health care industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of analytical and bioanalytical sciences. Delegates from various pharma & instrumental companies from all over the world. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Preformulation Considerations
- Pharmaceutical Formulations
- Routes of Drug Administration
- Pharmacokinetic and Pharmacodynamic Studies
- Drug delivery: Devices and Equipment
- Innovative Drug Delivery Technologies
- Nanotechnology in Drug Delivery
- Targeted Drug Delivery System: Advances and Approaches
- Drug Delivery Vechiles
- Drug Delivery through BBB
- Protein, Peptide and Gene Drug Delivery
- Novel Vaccine Delivery Systems
- Smart Materials for Drug Delivery
- Nanoparticles: Innovations and Trends
- Herbal Novel Drug Delivery
- Drug Discovery and Development Obstacles
- Drug Delivery: Facing Challenges
- Novel Drug Delivery: 2D & 3D Printing applications
- Global Drug Delivery Market
- Recent advances in drug delivery system

EuroSciCon

Academic Keytopics :

- Absorption Enhancers
- Advances in Biotherapeutics
- Bio analytical Methods
- Bioequivalence
- Biomedicine
- Biomarkers and Biosimilars
- Cell Penetrating and Cell Targeting
- Chemotherapy
- Drug Interactions
- Depo foam Technology
- Encapsulation
- Excipients
- Exosomes
- Freeze Drying
- Gene Therapy
- Gene Regulation
- Immunotherapy
- Insulin Delivery
- Ligand
- Lipophilic Drug Delivery System
- Nucleic Acid Based Drug Delivery
- New Chemical Entity
- Partition Coefficient
- Peptide Masking
- Pharmacokinetic Models
- Pharmacotherapy
- Pharmaceutical Engineering
- Pharmaceutical Nanosystems
- Quality Control of Printed Systems
- Receptor Binding
- Regenerative Medicine
- R & D Advancement
- Stability Studies
- Therapeutic Drug Monitoring
- Tissue Regeneration
- Toxicodynamics

October 04-06, 2018
Moscow, Russia

Business Keytopics :

- Ampoule Filling Machines
- Automated Dissolution Apparatus
- BOD Incubators
- Chromatography
- Drug Eluting Stents
- Differential Thermal Analysis
- Drug Delivery Market Asia
- Drug Delivery Market Africa
- Drug Delivery Market Canada
- Drug Delivery Market Dubai
- Drug Delivery Market Europe
- Drug Delivery Market Japan
- Drug Delivery Market Russia
- Drug Delivery Market USA
- Drug Delivery Market UK
- Extruder & Spheronizer
- High Pressure Homogenizer
- Hot Melt Extrusion
- New Drug Application
- Ocuserts
- Opthalmic Instruments
- Packaging Equipment
- Pharmaceutics Market Asia
- Pharmaceutics Market Africa
- Pharmaceutics Market Dubai
- Pharmaceutics Market Europe
- Pharmaceutics Market Japan
- Pharmaceutics Market Russia
- Pharmaceutics Market UK
- Pharmaceutics Market USA
- Positron Emission Tomographic Scanning
- Rotary Tablet Machine
- Spectroscopy
- Spray Drier
- Tube Sealing and Crimping Machine
- Vaccum Oven

2018

About Destination Moscow

Moscow is situated on the banks of the Moskva River in Russia. Moscow has the status of a Russian federal city. Moscow is one of the most renowned and fascinating cities in the world. It is a dynamic 21st century metropolis showcasing some of the world's best shopping, nightlife, restaurants and culture. Moscow welcomes over four million tourists each year. Moscow is home to the Ostankino Tower, the tallest free standing structure in Europe, the Federation Tower, the tallest skysrapper in Europe, and the Moscow International Business Center. Moscow is considered the centre of Russian culture, having served as the home of Russian artists, scientists and sports figures and because of the presence of museums, academic and political institutions and theatres. Moscow is also one of the fastest growing tourist destinations in the world. The city is well known for its architecture, particularly its historic buildings such as the colourful Saint Basil's Cathedral on Red Square is the symbol of both Moscow and Russia, and the Seven Sisters comprising seven massive skyscrapers scattered throughout the city at about an equal distance from the Kremlin. Moscow is home to 63 stadiums of which Luzhniki Stadium is the largest and the 4th biggest in Europe There are also seven horse racing tracks in Moscow, of which Central Moscow Hippodrome is the largest. The city is blessed with beautiful architecture and renowned cultural landmarks as the Bolshoi Theatre, the Pushkin Fine Arts Museum and the Tretyakov Gallery. Moscow is the seat of power of the Government of Russia. The Moscow Kremlin and Red Square are also one of several World Heritage Sites in the city. The Moscow Metro, the fourth-largest in the world and is famous for its art, murals, mosaics, and ornate chandeliers. Moscow has one of the largest municipal economies in Europe and it accounts more than one-fifth of Russia's gross domestic product. Moscow is the financial center of Russia and home to the country's largest banks and many of its largest companies. Moscow has the lowest unemployment rate of all federal subjects of Russia. Moscow serves as the reference point for the timezone used in most of European Russia.
