

EuroSciCon

World Congress on

Polymer Engineering

March 18-19, 2019

Amsterdam, Netherlands

Theme:

Exploring modern advancements in Polymer Chemistry & Engineering

EuroSciCon

Polymer Engineering

2019

Invitation

Amsterdam is the capital of Netherlands. Amsterdam is a beautiful place to visit, from the famous Amsterdam canals to world-famous Amsterdam museums and historical Amsterdam sights. It is one of the most romantic and beautiful cities in Europe. It has various out of date blessed spots and various grand show corridors and what's more the business capital of the Netherlands and outstanding amongst other cash related concentrations in Europe. The Polymer Engineering 2018 Conference was an overwhelming success, in Prague, Czech Republic. After the successful completion of World Congress Polymer Engineering, The EuroSciCon is inviting World Congress on Polymer Engineering which emphasizes on the theme "Exploring modern advancements in Polymer Chemistry & Engineering" and is going to take place in Amsterdam, Netherlands from March 18-19, 2019 which will give a universal stage to discourse of present and future marketing and exploring the advancements in Polymer Engineering. We invite Eminent Scientists/Research Professors in the field of Polymer Chemistry & Engineering, Junior/Senior research colleagues, Students, Directors of Polymer Industries, Polymer Engineer, Polymer Chemist, Members of Polymer Chemistry associations and exhibitors from various Polymer Engineering Companies. With a wide exhibit of keynote presentations, board discussions, workshops, and notice sessions, the Polymer Engineering 2019 Conference is the ideal setting not exclusively to plunge into your specific Polymer Science interests yet in addition to expand the extent of your insight. There are various tracks which are given to subjects, like, Polymer Engineering & Material Science, Polymer Science: The Next Generation, Polymer Chemistry, Polymer Physics, Polymer Nanotechnology, Biopolymers, Bioplastics, Biodegradable Polymers, Composite Polymeric Materials, Natural Polymers, Polymers As Materials, Polymer Design And Reactions, Polymer Degradation And Stabilization, Renewable Resources And Polymers, Recycling & Waste Management Of Polymers, Applications Of Polymers, Polymers In Biotechnology, Medicine And Health, Polymers For Tissue Engineering And Regenerative Medicine, Polymers In Biofibers & Microbial Cellulose, Polymers In Biomedical Applications, Brand Owners And Retailers Perspectives, Future Market of Polymers and many more.. The Organizing Committee has done its best to set up a system that we think will take into consideration an inventive interplay of thoughts. So, in case you have missed Polymer Engineering 2018, here is the another chance to join us at Amsterdam, Netherlands, with an unforgettable meeting.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

March 18-19, 2019

Amsterdam, Netherlands

EuroSciCon

Polymer Engineering

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

We have nearly 3000 Conferences happening across the globe in various streams of Medical Sciences, Life Science & Engineering as well.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Polymer Scientist accessing the website, Polymer Engineering 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Polymer Engineering 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

March 18-19, 2019

Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Polymer Engineering

2019

Who'd be attending?

World Congress on Polymer Engineering, March 18-19, 2019 in Amsterdam, Netherlands. The Theme of the conference is Exploring modern advancements in Polymer Chemistry & Engineering. Polymer Engineering gatherings gives an overall stage to overall frameworks organization and exchanging latest progressions in Polymer Engineering and Polymer Chemistry, offering opportunity to go to the presentations passed on by prominent experts from wherever all through the world. The Polymer Engineering Conferences will give a universal stage to discourse of present and future difficulties and advancements in Polymer Engineering, eventual fate of Polymer Science. World-driving wellbeing specialists, teachers, and scientists will exhibit forefront and down to earth Polymer Engineering in light of broadly acknowledged confirmation and will present new and developing exploration. With people from around the world focused on getting some answers concerning Polymer Chemistry and its advances this is your most obvious opportunity to accomplish the greatest gathering of individuals from the Polymer Engineering gathering. Coordinate presentations, spread information, meet with present and potential analysts, make a sprinkle with new Polymer Technology, and get name affirmation at this 2-day occasion. Generally acclaimed speakers, the most recent frameworks, progressions, and the most breakthrough revives in Polymer Engineering are indications of this social event.

Tracks :

- Polymer Engineering & Material Science
- Polymer Science, The Next Generation
- Polymer Chemistry
- Polymer Physics
- Polymer Nanotechnology
- Biopolymers
- Bioplastics
- Biodegradable Polymers
- Composite Polymeric Materials
- Natural Polymers
- Polymers As Materials
- Polymer Design And Reactions
- Polymer Degradation And Stabilization
- Renewable Resources And Polymers
- Recycling & Waste Management of Polymers
- Applications Of Polymers
- Polymers In Biotechnology, Medicine And Health
- Polymers For Tissue Engineering And Regenerative Medicine
- Polymers In Biofibers & Microbial Cellulose
- Polymers In Biomedical Applications
- Brand Owners And Retailers Perspectives
- Future Market Of Polymers

EuroSciCon

Academic Keytopics :

- Biodegradable Polymer
- Bioplastic
- Biopolymer
- Biotechnology
- Material Science
- Nanomaterial
- Nanopolymer
- Nanotechnology
- Natural Polymer
- Polymer Chemistry
- Polymer Design
- Polymer Engineering
- Polymer materials
- Polymer Medicine
- Polymer Physics
- Polymer Science
- Polymer Technology
- Polymeric Biomolecules
- Renewable Polymer
- Smartmaterial

March 18-19, 2019

Amsterdam, Netherlands

Business Keytopics :

- Polymer Engineering Market in UK
- Polymer Engineering Market in Europe
- Polymer Engineering Market in Asia
- Polymer Engineering Market in Dubai
- Polymer Engineering Market in USA
- Polymer Engineering Market in Japan
- Polymer Engineering Market in Australia
- Polymer Engineering Market in Canada
- Polymer Engineering Market in Africa
- Polymer Engineering Market in Germany

About Destination Amsterdam

Amsterdam is the capital of Netherlands. Amsterdam is a city that is rich in the visitor sights. It has various out of date blessed spots and various grand show corridors and what's more the business capital of the Netherlands and outstanding amongst other cash related concentrations in Europe. Amsterdam offers fundamentally more, like the world-class Van Gogh Museum, the Rijksmuseum and shopping on Nine Little Streets. Families may welcome a visit to the NEMO Science Museum and Vondelpark. So accumulate your pack, get a camera and get ready for an involvement in Amsterdam!! As the business capital of the Netherlands and a champion among other budgetary focuses in Europe, Amsterdam is viewed as an alpha world city by the Globalization and World Cities (GaWC) think about social affair. The city is in like way the social capital of the Netherlands. Different wide Dutch affiliations have their home office there, and seven of the world's 500 biggest affiliations, including Philips and ING, are orchestrated in the city. Amsterdam was arranged second best city to live in by the Economist Intelligence Unit and the twelfth on nature of living for condition and foundation by Mercer. The city was arranged third being produced by Australian progress office in their Innovation Cities Index 2009.The Amsterdam seaport straight up 'til the present time remains the second in the nation, and the fifth most prominent seaport in Europe. Clearly comprehended social requests of the Amsterdam are the diarist Anne Frank, specialists Rembrandt van Rijn and Vincent van Gogh, and driving force Baruch Spinoza.
