GLIMPSES OF PREVENTIVE MEDICINE 2019

Schedule your trip to Austria: Destination for Preventive Medicine 2019

Austria is located in the heart of Europe. Its dynamic cities feature glittering palaces, classical music concerts, a metropolitan feel, and also a young, vibrant population. Austria is one of the wealthiest countries in the world and has a very high standard of living. Its cities are clean and its people are friendly and helpful. Vienna, Austria's capital, lies in the country's east on the Danube River. Its artistic and intellectual legacy was shaped by residents including Mozart, Beethoven and Sigmund Freud. The city is also known for its Imperial palaces, including Schönbrunn, the Habsburgs' summer residence. In the Museums Quartier district, historic and contemporary buildings display works by Egon Schiele, Gustav Klimt and other artists. Vienna is the focal point of research in Austria: more than 40,000 researchers work in Vienna; more than EUR 2,8 billion are invested into research every year. Around 35 percent of all scientists in Austria are situated in Vienna. almost 40 percent of Austrian research expenditure can be attributed to the city. The research share of Vienna as of now surpasses 3.5 percent of GDP, thus meeting the Europe 2020 target of the European Union long before the 2020 deadline. 30 percent of all Austrian research institutions are situated in Vienna. Research activity is not constrained to colleges and expansive research organizations. Over the previous years, the quantity of organizations directing examination has ascended by more than 50 percent. Altogether, just about 1,500 research organizations are dynamic in Vienna,more than 50 percent of these are businesses.
