

EuroSciCon

31st Edition on

World Psychiatrists and Psychologists Conference

June 17-18, 2019
Tokyo, Japan

Theme:

Reconnoitre and Ingenious Approaches in Psychiatry and Psychology

2019

Invitation

Welcome to Tokyo City, and experience the science of Psychiatry & Psychology illuminated as never before. EuroSciCon is proud to host the 31st Edition on World Psychiatrists and Psychologists Conference, June 17-18, 2019 in Tokyo, Japan. This year's theme is Reconnoitre and Ingenious Approaches in Psychiatry and Psychology. Psychiatrists 2019 will provide an unprecedented opportunity for researchers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite researchers, academicians and industry professionals and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Conference is the perfect venue not only to dive into your particular Psychiatry & Psychology interests but also to expand the scope of your knowledge. Tracks are devoted to subjects such as the Psychiatry, Psychology, Addiction Psychiatry, Mental Health Disorders, Physical Medicine And Rehabilitation, Anxiety And Depression, Child And Adolescent Psychiatry, Geriatric Psychiatry, Schizophrenia, Clinical Psychology, Neuropsychiatry, Anti-Psychiatry, Clinical Neuropsychology, Psychological Disorders, Psychotherapy Treatment, Psychology Health, Sleep Disorders, Socioeconomic Status.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ researchers and academicians accessing the website, Psychiatry & Psychology 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Psychiatrists 2019 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

June 17-18, 2019

About Destination Tokyo

Tokyo, the capital city of Japan and the world's most populous metropolis is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city centre. The Izu and Ogasawara Islands are also part of Tokyo. Tokyo was formerly known as Edo, a small castle town in the 16th century. It officially became the capital after Emperor Meiji moved his seat to the city from the old capital of Kyoto in 1868 when it was renamed to Tokyo.

Tokyo's urban landscape consists mainly of modern and contemporary architecture evidence to its ruination after the Great Kantō earthquake in 1923 and later the extensive firebombing in World War II. It has many internationally famous forms of modern architecture including Tokyo International Forum, Asahi Beer Hall, Mode Gakuen Cocoon Tower, NTT Docomo Yoyogi Building and Rainbow Bridge. Tokyo also features two distinctive towers: Tokyo Tower and the new Tokyo Skytree, the tallest tower in Japan and the second tallest structure in the world after the Burj Khalifa in Dubai. Tokyo has many museums, which includes the Tokyo National Museum; the country's largest museum and specializing in traditional Japanese art, the National Museum of Western Art and Ueno Zoo, National Museum of Emerging Science and Innovation in Odaiba, the Edo-Tokyo Museum in Sumida, etc., As the largest population centre in Japan and the site of the country's largest broadcasters and studios, Tokyo is frequently the setting for many Japanese movies, television shows, animated series, web comics, and comic books. Akihabara is the most popular area for fans of anime, manga and games. Other city attraction includes Tokyo Disney land, Ginza, Meiji Shrine, Ryogoku Kokugikan, Sensoji temple, etc., Today, Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors. The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.
