SPAIN

Theme:
Preserving energy is preserving future

EuroSciCon

Renewable Energy

2018

Invitation

Welcome to Barcelona, the **cosmopolitan city** with a rich cultural heritage spread throughout the corners. Experience the core the renewable energy as never before. EuroScicon is proud to host the **2nd Edition of Global Summit on Renewable Energy & Emerging Technologies** with the theme of ***"Preserving energy is preserving future"***. We are there to host you on **October 5-6, 2018** in **Barcelona, Spain**. Renewable Energy 2018 will widely elucidate the various spectrum of renewable energy through its **Dignified environmentalists, Naturalist, Ecologist, Distinguished Professors, Scientists** along with students, young researchers. It will be a golden platform for the young minds to showcase their research and present and meet the experts. It will provide an environment conducive to education and interaction.

With broad array of **keynote presentations, panel discussions, workshops** and **poster sessions**, Renewable Energy 2018 is the perfect venue not only to dive into the particular renewable energy but also to expand the scope of your knowledge. **26 tracks** are designed focussing on **Sources of energy, Biomass, Geothermal, Hydropower, Solar Energy, Tidal Power, Hydrogen Economy, 100% Renewable Energy, Sustainable Energy, Green Energy, Chemical Batteries, Future Challenges and Emerging technologies.**

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant renewable energy forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over **30000+ ecologists and naturalists** accessing the website, Euro Toxicology 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Renewable Energy 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Renewable Energy

2018

Who'd be attending?

2nd Edition of Global Summit on Renewable Energy & Emerging Technologies plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominent **Ecologist, Naturalist, Environment Consultants, Regulatory Professionals, Distinguished Professors, Forensic Scientists** and others who stay plunged in learning and practice of the science of toxicology and pharmacology. This event will be providing a new platform to the students, delegates, young researchers associated to any spectra of Renewable energy and its associated scope.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, **EuroSciCon** is a corporate member of **Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology**. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Renewable Energy
- Sources of energy
- Biomass
- Hybrid renewable energy Sources
- Ocean and Marine Energy
- Energy Efficiency
- Energy Storage
- Distributed Renewable Energy Systems
- Smart Grids
- Hydrogen Economy
- 100% Renewable Energy
- Sustainable Energy
- Green Energy
- Chemical Batteries

About Destination Barcelona

Barcelona, also known as Barca is one of the oldest cities in the Spain with existence for 2000 years back. Being located on the coast, you can find plenty of beaches with a mild climate throughout the year. It is one of the most admired and visited spot of Europe. People oftenly visit this place for vacations, sightseeing, or the business travellers for the conference, meetings or all kinds of exhibitions. Barca offers you with a variety of choices with affordable price. You can roam throughout the day as there is so much to visit. The place is known for its world class architecture which can be seen throughout the city. The city is filled with many cathedral monuments such as Sgrada Familia, La Pedrera, Casa Batilo and Park Guell. There is a beauty in its surrounding. Being a cosmopolitan city, you will find the cultural exhibitions throughout the year.

The first thing that comes to the mind after hearing Barcelona is the great FC Barcelon. If you are not a fan of football, the stadium of FC Barcelona is a worth to visit. The game is throughout the year, it's a great venture to watch it. Do not forget to try the fresh Seafood if in Barca. Clubs or bars are open throughout the night.

If there is no one to accompany, no need to worry you can visit the city alone as the city won't leave you. There are so many things to wonder about be it the shopping street, restaurants, shops. Most importantly, people of Barcelona are very friendly and genuinely helpful rather it is all staff- in hotels, bars, clubs, restaurants or even transport.

Barcelona really is a brilliant city to take a holiday, and it has plenty more to offer than what is written here.
