EuroSciCon

8TH EDITION OF INTERNATIONAL CONFERENCE AND EXHIBITION ON

SEPARATION TECHNIQUES

Theme:

"Exploring new trends in Separation Techniques and its related fields"

July 29-30, 2019

Dublin, Ireland

Invitation

On behalf of Organizing Committee Members, we take the privilege and honor to welcome the participants from all over the world to attend Separation Techniques 2019 during 29 30 July 2019 at Dublin, Ireland. This International Separation Techniques 2019 Conference aims to bring together the eminent persons, professors, professionals, students, and industrialists all over the world to exchange their ideas, researches and to exhibit their novel instruments. Separation Techniques 2019 provides an opportunity to discuss and learn about the innovative ideas and technologies inherited in various fields like Analytical chemistry, Biochemistry, Instrumentation chemistry, Environmental Science, Pollution Management, Wastewater Treatment, Nanotechnology, Geochemistry, Pharmaceutical chemistry, Membrane science, Organic Chemistry, Desalination, Water Treatment as well as about the novel technologies in separation science, chromatography, spectroscopy, mass spectrometry, hyphenated techniques along with the investigations conducted with these techniques. This conference also provides a podium to exhibit the brand-new equipment relate to separation techniques for the industries and companies in which they can be benefited in the global market moreover they can upgrade their product value.

Scientific Sessions On:

- Advancements in Separation Techniques
- Emerging Sample Preparation Process
- Analytical Chemistry
- Bioanalytical Techniques
- Mass Spectrometry
- Electrophoresis
- Spectroscopic Methods in Separation Techniques
- Hyphenated Techniques
- Chromatography
- Separation Techniques in Organic & Inorganic Chemistry
- Separation Techniques in Environmental Science
- Separation Science in Green Chemistry
- Polymer & Biopolymer chemistry
- Desalination & Water Treatment
- Pollution & Wastewater Treatment
- Membrane Separation Techniques
- Separation Techniques in Clinical / Pharmaceutical Chemistry
- Separation Techniques in Chemical Engineering &
- Nanotechnology
- Industrial Separation & Chemical Separation Technologies
- Market analysis of Separation Techniques & Instrumentation
- Applications of Separation Techniques

SEPARATION TECHNIQUES 2019

Conference Benefits:

- Certificate Accreditation by the International Organizing Committee (IOCM)
- Workshops on current research and latest trends
- Keynote & Training Sessions
- Experts Symposia's
- Access to all Scientific and Technical Sessions
- One to One pre scheduled meeting
- Abstracts will be published in conference souvenirs & Inter¬national Journals
- 70% abatement on manuscript publication
- Ask the Expert Forums
- Pre-Conference and Post-Conference Networking
- Proceedings on latest and cutting edge research
- Complete Conference Kit

Organizing Committee Members

Dr. Martin Schimpf
Boise State University
USA

Dr. Yi Harvey Huang
