

EuroSciCon

3rd Annual Conference on

Steel and Structural Engineering

January 28-29, 2019
Dubai, UAE

Theme:

Exploring Latest Innovations and Advances in Steel and Structural Engineering

Invitation

Steel Engineering & Technology 2019 brings together the specialists from all the aspects to meet and discuss the future of Materials Science and Importance of Material science and Technology in today's world. The conference will bring together Directors, Aerospace scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Research and Students, Research companies, Market Research and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Steel and Structural Engineering.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

January 28-29, 2019
Dubai, UAE

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

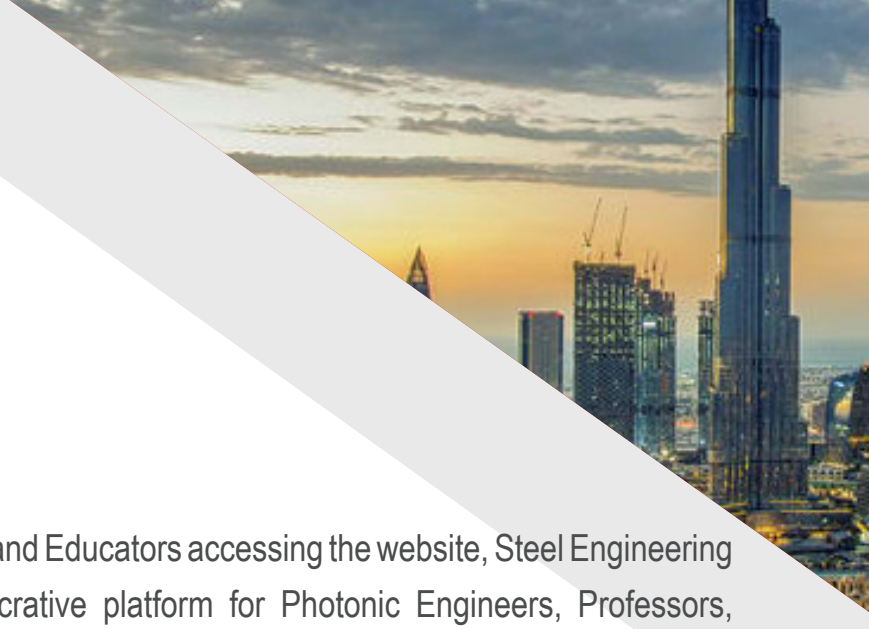

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

- Publishing of the accepted abstracts in our inordinately indexed journals
- Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.
- Career Guidance Workshops for students and early career researchers
- Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Nurse professionals and Educators accessing the website, Steel Engineering & Technology 2019 is the most lucrative platform for Photonic Engineers, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Steel and Structural Engineering 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

January 28-29, 2019
Dubai, UAE

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 350+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

The conference will bring together Directors, Aerospace scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Research and Students, Research companies, Market Research and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Material Science and Technology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Steel Concrete Composite Structures
- Steel Structural
- Earthquake-Resistant Structures
- Steel Industry
- Steel Constructions
- Concrete Technology
- Reinforced Concrete
- Prestressed Structures
- Structural Stability
- Structural Health Monitoring
- Structural Engineering
- Structural uses of stainless steel
- Stainless Steel in constructions
- Structural Design of Stainless Steel
- Tests of Concrete
- Benefits of Stainless Steel
- Modern Methods of Constructions

EuroSciCon

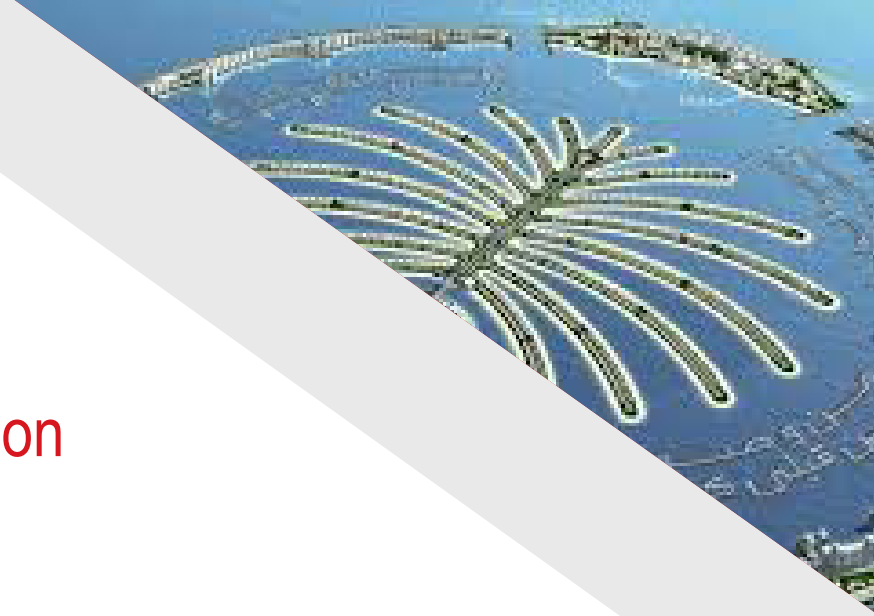

About Destination Dubai

Dubai is the largest and most populous city in the United Arab Emirates (UAE). On the southeast coast of the Persian Gulf, it is the capital of the Emirate of Dubai, one of the seven emirates that make up the country. Dubai is a global city and business hub of the middle east. It is also a major global transport hub for passengers and cargo. Oil revenue helped accelerate the early development of the city, but its reserves are limited and production levels are low: today, less than 5% of the emirate's revenue comes from oil. Dubai's economy now relies on revenues from tourism, aviation, real estate, and financial services.

Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Dubai has attracted world attention through large construction projects and sports events, the world's tallest building like Burj-Khalifa an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal park
